SECRETARY HAY SOON TO STIR UP THE CANADIANS

High Officials Are Accused of Prostituting Their Positions in Behalf of Gaynor and Greene, Charged With Fraud.

QUEBEC PRIME MINISTER IS AMONG THOSE NAMED

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Washington, D. C., July 9.—The extradition case of Messrs. Benjamin D. Greene and John F. Gaynor, for removal from Canada to the state of Georgia for trial on charges of misappropriation and embezzlement of over $2,000,000 in connection with river and harbor improvements at Savannah, Ga., will take on a diplomatic phase in a few days, when Secretary Hay communicates to the Canadian government the view of the officials of our department of justice that the Canadian authorities are pursuing an extraordinary and unwarranted course in the cases.

The delays and embarrassments in the extradition proceedings resulted in Marion Erwin, special assistant to the attorney general, who has been injactive charge of the extradition proceedings for the United States, transmitting to the attorney general under date of Montreal, July 7, a special report on the case, in which he calls attention to the fact that the legal representatives of Messrs. Greene and Gaynor are closely connected, through professional and family ties, with the Canadian officials to whom this government must look for extradition of the men whose custody it seeks.

First Action Regular.

Attention is called to the fact that Mr. Erwin made complaint on oath May 14, 1902, before the Hon. Ulric LaFontaine, one of the extradition commissioners, who is given jurisdiction over the whole province of Quebec, charging Messrs. Greene and Gaynor with having participated in the crimes of fraud, embezzlement and obtaining money under false pretenses, the complaint setting out matters in detail and that such participation was punishable by the laws of both countries. The report then directs attention to the entire regularity of the service of the writs, arrests of Messrs. Greene and Gaynor and their remand for further examination.

After this Judge Andrews at Quebec issued writs of habeas corpus, which were served at night on the gaoler at Montreal, who held the men under the extradition order for further proceedings. Continuing, the report says:

Some High Sounding Titles.

"The attorneys at that time appearing in the proceedings for the fugitives embraced among others: The firm of Fitzpatrick, Parent, Taschereau, Roy and Cannon—of which firm the Hon. Charles Fitzpatrick, minister of justice for the dominion of Canada, is a member.

"Of which firm the Hon. S. N. Parent, prime minister for the province of Quebec, is a member;

"Of which firm Mr. Cannon, son of the deputy attorney general for the province of Quebec, is a member.

"Also Mr. Honere Gervais, law partner of the Hon. Mr. Archambault, attorney general for the province of Quebec.

"Also Mr. Chauveau, son of the extradition commissioner at Quebec."

The report next reviewes the motion of counsel for the United States to quash the writs of habeas corpus and remand the prisoners in order that the extradition hearing might proceed and the fact that the evening before Justice Andrews was to render his opinion the prisonera attempted to drop that proceeding on a claim it was illegal, and through their counsel, Messrs. Fitzpatrick, Parent, Roy & Cannon, have other writs of habeas corpus issued to come before Justice Caron, a judge with concurrent jurisdiction with Justice Andrews, on the ground that their custody by the sheriff at Quebec was illegal.

Had No New Facts.

Attention is then directed to the fact that Justice Andrews, in denying the prisoners' claim the first writs of habeas corpus were illegal, said that it was not for the persons who induced him to issue the writs of habeas corpus to claim they were illegal, and avail themseives of such a means of escape. The report next says that notwithstanding this and the fact that under Canadian law a second writ of habeas corpus cannot issue except on "new facts," the prisoners' counsel on petitions alleging only the same facts caused other writs to be issued by Justice Caron. The gaoler in making his return to these writs refused "on request of counsel of the United States, to attach copies, or set out in his return, the substance of the documents under which he held the prisoners.

"If the gaoler had been acting under the advice of officers of the crown," adds the report, "free from the entangling relations of counsel for the fugitives, it is incredible that in a country which shares with us the high standards of justice and fairness, which is our common heritage, a gaoler could have wilfully withheld the documents of his authority to the prejudice of a party to the litigation."

Judges and Counsel Also.

In conclusion the report says:

"It will thus be seen, that before we can finally take the prisoners out of Canada, we will have to submit the regularity of our proceedings in some very important features to a high official of the Dominion government, whose firm was retained in advance of the extradition, and whose powerful political influence has been felt at every turn the case has taken.

"If this state of affairs is to continue without protest on the part of our government, we had just as well understand in advance that extradition of criminals from Canada under our treaty does not apply to cases where the fugitives have committed financial crimes of magnitude."

Upon the receipt of this report the acting attorney general called the matter to the attention of the state department.

It is understood that the secretary of state will bring the matter to the attention of the British embassy at once.

WILL SAIL IN AUGUST.

Attorney General Knox Going to Paris to Look Up Title of Panama Canal Company.

WASHINGTON, D. C., July 9.—It is understood at the department of justice that Attorney General Knox will sail from this country about August 1 for Paris for the purpose of investigating the title and legal fact connected with the Panama Canal Company. Mr. Knox is now at Atlantic City for a vacation and will remain there until the end of this month. By that time he will have made arrangements for his trip and decided who will accompany him.

The suggestion has been made that the attorney general take Senator Spooner of Wisconsin with him because of the interest that the Wisconsin senator has taken in the canal matter and because of his extensive legal knowledge.

Charles W. Russell, the special attorney of the department of justice, who has been delegated to go to Paris to examine the title of the company, left here this afternoon to consult with Attorney General Knox. Judge Russell expects to sail within a week for France.

Final negotiations for the conclusion of the definitive treaty between the United States and Colombia, which is to authorize the construction of the Panama canal, began at the state department today at a meeting between Secretary Hay and Mr. Cromwell, representing the Panama Canal Company, and the Colombian legation here. Mr. Cromwell also laid before the department of justice all the papers in his possession calculated to assist the attorney general in his work in settling the title.

Hard to Convince.

RAIN NOR STORM DAMPENED ARDOR OF ENDEAVORERS

Two Monster Meetings Were Held Last Night and Great Interest Was Manifested—Shot at Politics.

MODERN AMUSEMENTS PRAISED IN ADDRESS

Despite the rain and the storm the Endeavorers kept to their religious exercises last night, their ardor being kept aglow by the stirring addresses, the unusual interest in the election of officers and the fact that there was but 24 more hours of this greatest of all state conventions.

The election of officers is causing a lively discussion among the executive committee. The nominating committee turned in its report last night, but the executive committee refused to make public its recommendations, other than to say that it deeply regretted that H. W. Kellar persists in retiring from the secretaryship. It is conceded that the Rev. W. N. Yates will be re-elected, and that Allentown will secure the convention of 1904. There are two candidates for the secretaryship, and both are being supported by their districts. The nominations will be presented tonight, and election is to be made by acclamation.

Fully 2,000 persons gathered in Tent Endeavor when the rain came down in torrents. It was then decided to adjourn the meeting to the Bellefield Presbyterian church and Carnegie Music hall. Even these two spacious auditoriums proved too small for the thousands of young people who flocked to them.

In the Bellefield church Secretary H. W. Kellar presided, and H. J. Stauff, treasurer, in Carnegie Music hall. The same program was carried out in both places, each speaker hurrying to the Music hall as soon as he had done in the Bellefield church. The Rev. Dr. J. Ty McCrory, pastor of the Third United Presbyterian church, took opportunity to express his opinion of both local and state politics during his address on "The Kingdom and Politics."

Shot at Politicians.

Now hold your breath and your noses, too, for I am going to refer to Pennsylvania politics. The time will come when the politicians of this commonwealth will be unselfish, unpartisan, decent, God-fearing and self-respecting. The time will come when the people shall choose from among themselves God-fearing men to administer public affairs. The time will come when the political office will be a public trust.

Wouldn't such a change be funny in dear old Pennsylvania? Something so absolutely unique and contrary to what we have been accustomed to that it seems to me the mention of such a transition would make the heavens laugh and the other fellows, too; I mean the politicians. The idea of God-fearing men, able, unselfish men, in the political arena of Pennsylvania—shade of Father Pitt and Governor—but there, I shall mention no names, for that is the stone on which we split.

A Modern Thinker.

Dr. McCrory was followed by the Rev. Dr. J. Wilson Cochran of Philadelphia, who delivered a stirring address on "The Kingdom and the Social Circle." Dr. Cochran analyzed the various amusements of these modern times and found much of interest for young people in them. He does not like the dull, sluggish Christian, with the long, spare face, but rather the healthy lad, who loves God, and likes a lively game of baseball. "After the Reformation," he said, "prohibition of amusements was the rule. The Puritans believed that every species of amusement was sinful."

You remember the Highlander who went down to Edinburgh and on his return to his native hills reported a terrifying condition of affairs. He saw on the Sabbath day men and women walking along the streets "smiling as though they were perfectly happy. "Ah," said he, "it was an awfu' sicht!"

A Mistaken View.

Some of these good people still exist. A woman came to me lately, after an evangelistic meeting, in which I had been talking about amusements, and said: "My brother, give up your chess." "Why, my dear woman," I replied, "I never play to excess." "But it is worldly," she answered. "Well, I play tennis occasionally." "Give up tennis." "But I play golf also," I replied, "how about that?" "Give up golf, my brother, it is worldly." "But are we Christians to have no recreations?" I inquired. "Ah, the Christian needs no recreation," she answered.

The face of that woman was a commentary on her view of religion. It was sallow and sad and drawn. She evidently had dyspepsia. She would not have been at home with the Lord Jesus at the wedding feast in Cana of Galilee. She sorely needed some of that health giving grace, filtering through sunbeams and breezes and treetops and flowers.

Christianity Natural.

The kingdom is not to be helped along by prescribing a form of dress and by shutting out of our lives the world of pure laughter and innocent sport.

The idea that Christianity is restraint, that piety means asceticism, is fast vanishing into the hermit caves of the past. The church has long enough made religion an unnatural thing, and repelled men from the beautiful normal life of Jesus Christ.

Dr. Cochran was followed by President William N. Yates, who spoke on the "Kingdom and the Heart."

At the conclusion of the services a reception was held in the First United Presbyterian church. Owing to the heavy downfall of rain accompanied by the storm about this time, the reception was not so well attended. Quite a few of the young people were caught in the shower, so they hurried to their respective stopping places as soon as possible.

The Noonday Meeting.

The noonday meeting, conducted so successfully yesterday, will be held today as follows:

Court house steps, the Rev. I. A. Harned and assistants; postoffice, the Rev. A. D. Sayler and the Lebanon delegation; Monongahela wharf, Capt. J. W. Seymour and assistants; Y. M. C. A., Dr. Meninger and band; Y. M. C. A., the Fayette county delegation; Marvin's bakery, the Rev. A. J. Smith of New York; jail, D. W. Hainer of Norristown; Union station, the Rev. S. G. Yohn; Jenkenson's factory, T. J. G. Shields and the Philadelphia delegation; Garrison's foundry, South Side, Messrs. Tuttle and Hugher; City hall, Allegheny, the Rev. T. Ross Paden; McClurg's bakery, Allentown delegation; Highland park car barns, C. E. Ludwig. A message of congratulation was received from Father Francis Clark, the founder of the movement, who is now in England.

A Great Audience.

Nearly 4,000 people attended the afternoon session in Tent Endeavor. T. J. Grant Shields of Philadelphia presided and addresses were made by the Revs. D. D. Lowery, J. M. Isenbeerg, Arthur J. Smith and President A. E. Turner of Waynesburg college. The Rev. Mr. Lowery's subject was "The Kingdom and Marriage." He emphasized the divine origin of marriage and its relations to the human race.

"Character," said Mr. Lowery, "is the one essential of a wholesome marriage. But above all, young people, I would have you shun the 'matchmaker,' be it a man or a woman. No good can accrue from such marriages. Then there's the matrimonial bureau, where men and women, too, place themselves on the market. Such people are wholly incompetent for the marriage state."

"The Lord's Money" was the subject of President Turner's address. Its burden was the proper use of money and how the young people should be taught to support God's work.

Several conferences were held in the three churches used by the convention. In the First United Presbyterian church the following were held: For Presidents

LAWYER LAUGHS AT ACCUSATION OF DISHONESTY

Preacher Makes Effort to Recover Bonds and Money.

AGED MAN'S PAPERS SAID TO BE MISSING

[SPECIAL TELEGRAM TO THE GAZETTE.]

Greensburg, Pa., July 9.—The sensational rumor touching the alleged disappearance of bonds, securities and money to the amount of $200,000 owned by Jacob Byers, an aged farmer living near here, took a more definite turn this evening. The Rev. C. F. Ferner, a Reformed preacher, stationed at Scottdale, had long been the spiritual adviser of Mr. Byers. The Rev. Ferner preached a number of years at Mt. Pleasant, and Mr. Byers was a regular attendant at his church.

Recently, it appears, the Rev. Mr. Ferner called at the home of Mr. Byers, and, finding him very ill, asked him what he had done with his money and valuable papers. It is understood that the preacher was to be one of Mr. Byers' executors. Mr. Byers, it is alleged, told the Rev. Mr. Ferner that his bonds of the Mt. Pleasant Coke Company and other securities and money had been turned over to William S. Byers, a Greensburg lawyer and a grand nephew of the aged man.

William S. Byers, who is prominent in legal circles here and Democratic nominee for congress in Westmoreland county, has been attending to the legal matters of old Mr. Byers for some time. Mr. Ferner, it is understood, made objection to the disposal of the valuables and seems to have persuaded Mr. Byers that it would be better were the bonds placed elsewhere. Attorney Byers was supposed to have placed the bonds in a safe deposit box and the money in a bank.

Mr. Ferner came to Greensburg and demanded the securities and money. He was armed with power of attorney in the premises. Attorney Byers refused to give up the papers and then an expert locksmith was brought to open the box. It was done, and there was nothing there save a faded old coal lease. There was no sign of a will, alleged to have been made. The various banks were visited, but there was no trace found of the bonds and money.

It was found that Attorney Byers had some large bank accounts, but that was explained away by the fact that he is personally very wealthy. Mr. Ferner called at District Attorney Cunningham's office, intending to present a complaint against the attorney, but the district attorney was away and has not returned.

When Attorney Byers refused positively to give the preacher any information a number of attorneys were retained to fight the case.

The attorneys employed on behalf of old Mr. Byers and the preacher are Williams, Sloan & Griffith, Moorehead & Head, and Beacom & Newill.

Attorney Byers, who laughs at the intimation that he has acted dishonestly in his dealings, has retained Capt. John B. Keenan and other leading lawyers. Attorney Byers was seen tonight at his office, and he strenuously denied that any wrong had been done. Said he:

"I have been the attorney for Mr. Byers for years, and as his attorney cannot reveal anything touching our business relations. The unusual activity displayed by the Scottdale preacher in a matter that does not concern him seems strange to me. I may be able to give some sensational points touching the controversy and the preacher tomorrow. My client will be here tomorrow and we will talk it over."

Heroine of Peking Married.

DES MOINES, IA., July 9.—The wedding of Lieut. Harold Hammond, United States infantry, and Miss Mary E. Pierce, neee of the Hon. Edwin H. Conger, minister to China, took place this evening at the home of the bride's aunt, Mrs. Ida C. Conger. Lieut. and Mrs. Hammond left tonight for Rushville, Ill., for a brief visit, after which they will go to West Point, where Lieut. Hammond has been appointed instructor in the national military academy. Miss Pierce was in the American legation during the siege of Peking and Lieut. Hammond was one of the American relief force.

QUAY AND PENROSE PAY LONG-PROMISED VISIT TO GOV. STONE

Allowed to Await Two Hours at the Executive Mansion for Host's Arrival.

DOINGS ARE KEPT SECRET

[SPECIAL TELEGRAM TO THE GAZETTE.]

Harrisburg, Pa., July 9.—Senators Quay and Penrose are the guests of Gov. Stone tonight at the executive mansion. The senators arrived here during the afternoon and neither would disclose the purpose of his visit, except to say that he had come to pay his respects to the governor.

Stone was busy with a meeting of the capitol commission to examine the detail plans of the new capitol when the senators arrived and he did not go to the train to meet them. Instead, he sent his carriage to take the visitors to the mansion, where, after a wait of nearly two hours, they were joined by Stone.

Attorney General Elkin, Public Buildings Superintendent Eyre and other state officials are in the city, but none of them has called upon the senators, and it is not likely that they will. The visitors expect to complete their stay with the governor in time to go east on the Harrisburg express tomorrow morning at 9:20.

Senator Penrose reached here at 2:40 from Philadelphia and while waiting for his colleagues, who came in from Beaver at 3:10, he took luncheon at the railroad station. To The Gazette correspondent the junior senator said:

"We are not here for a conference with the governor, but merely to pay our respects. I see no opposition to my candidacy and I would not be surprised if I did not have any. It is too early, however, to tell what may develop. I am taking it easy this hot weather, and may go to the Rockies during August."

When asked the purpose of his visit Mr. Quay said: "I do not want to be impolite, but I must refuse to tell you. I have nothing to say now, neither do I expect to have anything to say while I am here."

Stone is very happy over the arrival of his distinguished guests, although he professed to be indifferent of their coming. The governor made the following statement tonight:

"Senators Quay and Penrose are here on a social visit. Of course, we are talking politics. We are all for the Republican ticket."

STICKS TO HIS POST IN FACE OF DEATH

Engineer Forces His Fireman Out of Danger, But Keeps His Train Going 40 Miles an Hour.

[SPECIAL TELEGRAM TO THE GAZETTE.]

TRENTON, N. J., July 9.—A thrilling story of a midnight railroad ride of 40 miles with both flues of his engine blown out, disclosing a rare case of devotion to duty, was told at McKinley Memorial hospital tonight by Frank Krewson, engineer of the Philadelphia-New York express, due to arrive at Jersey City at 12:20 a. m. Monday. Engineer Krewson was brought to the hospital here today in a semi-conscious condition.

Shortly before reaching Trenton Sunday night one of the flues of the engine blew out and Krewson notified the train dispatcher of the division of the accident. He received a message to try and bring the train through to Jersey City. Between this city and Elizabeth the second flue blew out, causing a tremendous back draft of gas almost sufficient in volume to burst open the doors of the firebox.

So precarious did the situation become that one mile west of Elizabeth Krewson forced his fireman to leave his post. There were 200 pounds of steam registered at the time and Krewson, bracing his feet against the doors of the firebox, kept his hand on the throttle until the amount of steam had been reduced to 40 pounds.

At Elizabeth, Krewson climbed down from his engine, his feet a mass of burns, and, staggering about for some time, keeled over in a faint, having inhaled a great quantity of gas. He was taken to a hospital in Elizabeth and remained in a state of complete unconsciousness until yesterday morning. Oxygen has been continuously administered to the stricken man, and this, according to the hospital physicians, saved his life. The accident is said to have been due to the use of soft coal.

SEVEN INJURED IN A WRECK ON THE WEST PENN

A Late Accommodation Hits a Misplaced Freight Car.

AMBULANCE WRECKED EN ROUTE TO SCENE

The Blairsville accommodation No. 5 of the West Penn division of the Pennsylvania railroad was wrecked near Willow Grove while on its way to Allegheny station at 9:35 o'clock last night. Engineer Taylor is believed to be fatally injured and a brakeman of the train and five passengers were cut by glass from shattered windows. The injured are:

S. B. POWERS of Blairsville, brakeman, left knee and ankle sprained and cut and bruised; taken to his home at Blairsville.

R. S. CALL of No. 906 Pike street, Allegheny, severely cut about the face and arms; taken home.

MRS. R. S. CALL, No. 906 Pike street, Allegheny, bruised on head by timber and cut by glass about the face and arms; taken home.

DAVID SMITH, Tarentum, cut by glass and bruised, not seriously; taken home.

S. F. MATTHEWS of Clarion county, Pennsylvania, injured about body and cut with glass; taken home.

CALVIN RAY, 1437 Beaver avenue, Allegheny, cut about the body; taken home.

The West Penn accommodation was speeding for Allegheny station at the rate of about 20 miles an hour when it brushed a freight car which stood in its path near Willow Grove station.

Stood to His Post.

Engineman Taylor stood at his post and received injuries that will probably cost his life. A West Penn hospital ambulance received him at Forty-third street and the surgeons of the hospital are doubtful of his recovery. The fireman in the engine cab, which was crushed, jumped to save himself, sustaining no injuries. The baggage car behind was crushed at both ends, the baggagemen escaping without injury.

The train is a late one on the West Penn division running into Allegheny and has few patrons. There were but few more persons aboard than those who were caught in the shower of broken glass and more or less painfully cut. None of the passengers are supposed to have been seriously injured. Dr. R. D. Ferree of the Pennsylvania railroad staff was quickly brought to the scene of the accident and dressed the wounds of the injured, who were taken away in carriages.

The cause of the accident is partly explained by Trainmaster Hicks of the West Penn division. He says that a freight train was drilling on a siding and in doing this a single car was pushed too far from the sidetracks upon the main track.

Protruding Car the Cause.

The result was a "side swipe" which derailed the freight car and wrecked the passenger train. The fore portion of the locomotive passed by the car, but the cab was caught. The train went ahead probably 20 car lengths before it was brought to a stop.

Trainmaster Hicks said that he believed the conductor of the freight train should have had a flagman out on the main line, while the freight train was being made up so near by. S. K. Riffner was the conductor in charge of the freight and Engineman Brantlinger was in the cab. None of the freight crew were injured.

The passenger train had made its last stop at Bennet station and was not due to stop till it had reached Herr Island. It was traveling at a lively rate of speed, when it was passing the switch. Conductor James McNulty, who was in charge of the passenger train, was uninjured.

Another Accident.

The rush of a West Penn ambulance on the call to receive Engineer Taylor, was the cause of another accident.

With a crash that could be heard above the thunder of the storm an eastbound Bloomfield car collided with the ambulance, at Penn avenue and Thirtieth street.

The driver of the ambulance, Henry Gracon of No. 3338 Magnolia alley, was thrown from his seat and sustained several broken ribs and a deep gash above the left eye. The front end of the ambulance was reduced to kindling wood and the team which escaped unhurt was separated and thrown by the force of the collision fully 20 feet.

VATICAN ASSENTS TO CHIEF POINTS OF TAFT'S CLAIMS

Will Not Remove Friars, but Their Lands Are to Be Sold to Government.

ARBITRATION IS PROVIDED

Rome, July 9.—The reply of the vatican to the proposals of the United States in the matter of the Philippine friars was delivered to Gov. Taft tonight.

The answer says the vatican cannot accept the proposition to recall the friars within the fixed period. Such recall not being justified by reasons of force majeure it would be contrary to the rights guaranteed by the treaty of Paris and would put the holy see in conflict with Spain. It asks:

"If the United States cannot order the withdrawal of the friars, how can the pope do so, especially when it has been proved that the accusations made against them were partly false, partly exaggertade and partly inexact?"

However, the vatican promises that it will try to introduce into the Philippines clergy of other nationalities, especially Americans, gradually as they are found ready or are adapted to the purpose.

The note agrees that the friars shall not return to the parishes they left and where their presence could provoke trouble.

School Question Left Open.

The note ends by saying that the pope is willing that the school question in the Philippines be not insisted upon now, but that his holiness hopes his representative in Manila may have an understanding with Judge Taft on this point, which is of capital importance in a country almost exclusively Catholic.

The contract which the vatican proposes shall be signed by both parties, comprises 12 articles.

The first article says the Philippine government is to buy the lands of the four religious orders concerned, the holy see acting as intermediary.

The second article describes what are the agricultural lands to be bought.

The third article says that if some of these lands are possessed by corporations, the friars will sell their share.

The fourth article establishes a tribunal of arbiters to be composed of five members, two of whom are to be chosen by the vatican, two by the Philippine government and the fifth member by the other four. In case of disagreement as to the fifth member he shall be chosen in common accord by the pope and President Roosevelt.

The fifth article provides that the work of the arbiters shall begin January 1, 1903.

Title to the Government.

The sixth article refers to title deeds; these will be transferred to the Philippine government.

Article 7 sets forth that payment is to be made in Mexican dollars in the period of time proposed by Judge Taft in his note of July 3, interest during the period of payment accruing at 4 per cent.

Article 8 deals with the transfer of the church of ancient crown lands with ecclesiastical buildings on them.

The ninth article proposes amicable accord in the matter of the existing charitable or educational trusts which are in dispute. In the event of failing to agree in these matters, recourse is to be had to the same arbitrators, to whom will also be submitted the case of the medical college of San Jose at Manila.

The tenth article provides for arbitration as the indemnity the United States shall pay for the ecclesiastical buildings used during the war in the Philippines.

According to the eleventh article the expenses of the tribunal of arbiters is to be paid by the Philippine government.

Article 12 declares that the holy see in the sphere of action which is in its competence, shall use all its influence for the pacification of the Philippine islands and in favor of their adhesion to the established government, and that it shall prevent all political opposition on the part of the clergy, both regular and secular.

Nominated for Senator.

CLARKSBURG, W. VA., July 9.—(Special.)—The Twelfth senatorial district Republican convention, composed of the counties of Harrison, Doddridge and Lewis, met this afternoon and nominated the Hon. George C. Cole of Weston for senator. Mr. Cole said he was in favor of removing the state capitol from Charleston to Clarksburg.

ANOTHER LIST OF VICTIMS OF TORRID HEAT

Yesterday's Record Was 15 Dead and 12 Prostrations.

BUT LITTLE RELIEF APPEARS IN SIGHT

Showers are promised for Pittsburgh today, and it is probable there will be some relief from the terrible heat which during the past few days has caused so many deaths and prostrations in this section. Yesterday was within one degree as hot as Tuesday, and another long list of deaths and prostrations were reported. The relief, if it comes at all, will only be temporary, as the forecast for tomorrow is for fair conditions, which will again bring hot weather.

Yesterday's record of deaths and prostrations is as follows:

Dead.

B. MALLIN, No. 914 Penn street, Sharpsburg, died at Mercy hospital at 8 o'clock last night of pneumonia and heat exhaustion.

MICHAEL PRADSHAW, 26 years of age, of No. 5206 Natrona alley, Allegheny, died at West Penn hospital of heat exhaustion.

ROBERT TERPOR, 46 years of age, of No. 1410 East street, Allegheny, died at his boarding house at 6:15 o'clock last night.

HENRY HIRSCH, 2 years of age, of No. 40 Holt street, died at noon yesterday.

JOHN CONCUSKI, 32 years of age, of Torrance row, Allegheny, mill worker, prostrated at 2:45 and dead at 3:05 yesterday afternoon.

MRS. BRIDGET REILEY, 86 years of age, of No. 7 Boundary street; old age and heat.

JOSEPH CHEGRTISCH, 35 years of age, of No. 1 Duncan street, died at St. John's hospital at 9 o'clock yesterday morning.

MRS. NANNIE A. KENT, 55 years of age, No. 225 Isabella street, Allegheny, heart failure, induced by heat.

KAZMYER SPOWUL, 20 years of age, of No. 1006 Washington avenue, Braddock, died at Mercy hospital, at noon, of heat exhaustion.

MARY SCOTT, 15 months of age, Twenty-third street and Spring alley, died at 9 o'clock yesterday morning.

JOHN CARNAHAN, 70 years of age, of No. 1412 Arch street, Allegheny, apoplexy superinduced by heat.

WILLIAM FINAKI, 15 days of age, Main and Boundary streets, Carnegie, heat exhaustion.

MICHAEL VRENSHAW, 25 years of age, of No. 5331 Keystone street, mill laborer, died at West Penn hospital.

CASIMIR SEABEASCH, 28 years of age, of Baltimore street, Rankin, died in Mercy hospital yesterday morning.

STELLA JEANNERO, 16 years of age, daughter of Frank Jeannero of 112 Twelfth avenue, Homestead, while playing with some companions, left them, went to her mother and dropped dead.

Prostrations.

MRS. RAMMART, 40 years of age, of No. 241 Jones avenue, prostrated on the steamboat Mayflower yesterday afternoon, taken to Homeopathic hospital.

D. G. EGOLE, 28 years of age, Third street, Rankin, mill worker, in convulsions when taken to his home.

MICHAEL MARESCH, Baltimore street, Rankin, fell of heat prostration in the mill. Unconscious and both knees injured when taken home.

JAMES M. DETALICH, 36 years of age, Baltimore street, Rankin, overcome while drinking ice water in the rod mill. Serious.

JOHN FERREL, 30 years of age, laborer in axle works, Homestead. Taken to his home in Munhall.

JAMES MILLER of Knoxville, dropped from the heat in Sixth street, Braddock, yesterday afternoon. Cared for and later taken home.

GEORGE NICKOLIS, 45 years of age, dropped at his work in the Homestead steel works. Taken to his home in Munhall.

SAMUEL MUNDICH, laborer, overcome in the Rankin wire mills; taken home.

G. DOBERNICH, 37 years of age, Baltimore street Rankin, overcome in the mill; taken home in a serious condition.

CHARLES GILCHRIST, 39 years of age, of No. 1130 Walnut street, McKeesport, prostrated yesterday and in a serious condition.

GEORGE BEHMAN, Baltimore street, Rankin, dropped at his work in the mill yesterday afternoon.

ALEXANDER DISHON, 28 years of age, Pottsville, dropped at his work in the Homestead steel works and it was thought he would die before he could be taken to the Emergency hospital.

State Treasurer's Report.

An interesting feature of the morning session was the report of State Treasurer J. Henry Stauff of this city. Mr. Stauff has been treasurer for five years. In his report he said that the total receipts for the year from all sources, beginning November 1, 1900, and closing July 1, 1901, were $1,784.44, and the expenditures for the same time were $1,687.14.

The total expenses for the year beginning July 1, 1901, and closing July 1, 1902, were $1,690.78, and the expenses for the same period were $1,169.34, leaving a balance in the treasury to date of $431.44.

The receipts were as follows: Offering at the convention in Philadelphia, November 22, 1900, $422.49; offerings of societies, $432.64; sale of buttons, $3.20; Mershon lectures, $44.77; balance on sale of typewriter, $10; return of secretary's mileage, $1.85; dividend Keystone bank, Erie, $5.81; sale of buttons, Cincinnati, 1901, $18.25, proceeds of note, $100; Rev. M. J. Kline, $15.13; Keystone bank, Erie, $1.43; premium of Endeavor Worlds, $12; offerings from societies, $1,355.65.

CLOSING DAY FOR THE ENDEAVORERS

Ten Thousand Members Will Join in Closing Song—A Remarkable Family.

Today the Endeavor convention will hold its final sessions. The formal closing will be held tonight in Tent Endeavor, weather permitting. It is expected that in the neighborhood of 10,000 Endeavorers will join in the closing song, "Until We Meet Again." Today will be given entirely to the intermediates and the juniors.

There will be a "quiet hour" service at 7:30 this morning in the Bellefield Presbyterian church, the Rev. Arthur J. Smith of Philadelphia presiding. Following this the morning session will open in Tent Endeavor. Intermediates will have the honor places and addresses will be delivered for their special benefit.

In the afternoon there will be a junior rally and open-air service in Schenley park, Benjamin F. Butts conducting the singing. At 2 o'clock sharp the juniors will march in a body to Tent Endeavor, escorted by the Third regiment, Boys' brigade.

The Rev. L. W. Hainer of Norristown, one of the speakers to the intermediates, is of a family of seven boys, all of whom are ministers. Mr. Hainer's father has been in the ministry 50 years and is to celebrate this event at his home in Ontario, Canada, next month. The entire seven sons will sit around the family table with their reverend father. This will also mark the second reunion of the Hainer family since the death of Mr. Hainer's mother, some 30 years ago. This remarkable family of preachers is divided between two denominations, the Christian and Baptist. Several of the younger generation are also preparing for the ministry.

TENTS OF GUARD DOT FIELD AT GETTYSBURG

Three Regiments and Sheridan Troop Have Advance Details on Encampment Grounds.

[SPECIAL TELEGRAM TO THE GAZETTE.]

GETTYSBURG, PA., July 9.—Tents quartering the advance details of the Ninth, Sixteenth and Eighth regiments and the Sheridan troop of the National Guard of Pennsylvania tonight dot the plains of Gettysburg, where on Saturday morning Camp Meade will be formally

opened. Gen. John A. Wiley, commanding the Second brigade, arrived here this afternoon and is directing the establishment of his headquarters.

Company C of the Eighth has been ordered to perform provost duty and armed guards tonight are patrolling the town. The provost guard will be augmented tomorrow by the Second City troop of Philadelphia.

The presence of a provost officer before the opening of camp is a new departure in the summer campaigns of the guard and has been effective in preserving the best of order. The members of the details have been busy under a blazing afternoon sun in erecting tents and in procuring supplies, but the provost guard kept the camp site clear of unauthorized hangers-on.

Gettysburg is preparing to entertain the largest throng in the history of the town since the days of '63, when its loyal citizens fed the hungry union soldiers who hurled Lee's shattered columns from Pennsylvania soil. Excursions will be run on all the roads and 10,000 visitors are expected on Sunday. In anticipation of this residents are throwing open their houses for the accommodation of the guests. Provisions of some varieties are none too plentiful and the commissary sergeants of the advance details tonight had troubles of their own. The boys of the Sixteenth wanted some fresh "oil country" eggs and traveled the length of the town to get the desired article.

HARRISBURG, July 9.—The Reilly medal for the oldest member of the National Guard of Pennsylvania in continuous service will be awarded to Philip German of this city, ordnance sergeant of the Third brigade, during the coming division encampment at Gettysburg. Sergeant German has been a member of the guard continuously since 1860.

Search for Tracy Stopped.

SEATTLE, WASH., July 9.—The pursuit of outlaw Harry Tracy appears to be temporarily suspended. Sheriff Cudihee has called in the guards from the southern suburbs, leaving only a sufficient number for a careful patrol. It is believed that Cudihee expects the convict, if he reappears at all to show up in another part of the country. The posse that started from Renton with the bloodhounds this morning returned this afternoon after a fruitless search.

THIRD ATTEMPT AT SUICIDE WAS SUCCESSFUL ONE

Patrick Feeney Knelt to Death in the Monongahela River.

HIS LIFE TWICE SAVED

Brakeman and Fireman of Shifting Freight Warned by Little Girl Pulled Him from Under Train and Once Dragged Him from River.

Three times last evening did Patrick Feeney attempt his own life. Twice he was saved from death by two railroad men and a little girl, but the last time, in the full view of 50 inactive spectators, he slowly waded out into the Monongahela river until the water was up to his armpits and knelt down in the turbid waters, to a death by drowning.

Feeney lived in Pawnee street, Allegheny, and was a boilermaker by trade. He had been despondent for some time. Three weeks ago his mother died and this greatly affected him. Since then he had been intoxicated most of the time. Yesterday he told his father he would go to Pittsburgh and make arrangements to start to work Friday.

He was first noticed yesterday afternoon in Water street and toward evening became greatly intoxicated. About 5 o'clock he was walking despondently along the river front. At 7 o'clock he went down to the river front and sat on the bank.

He watched the trainmen shifting the cars up and down Liberty street and after a short while, he went up to the street and taking off his hat and coat laid his head on the rail just under a freight car that was about to be shifted.

Girl Gave Warning.

A little girl was watching Feeney and she ran to the engine and told Fireman O. H. Mickey there was a man on the track and for him not to start the engine.

The fireman and Edward Carroll, a brakeman, hurried to the rear of their train and found Feeney lying there. He was awake and seemed to have knowledge of the danger he was in. The men raised him and led him away. They shirted the train and when they came back they saw Feeney struggling in the turbid water of the Monongahela. About 50 persons were standing on the river bank at the time. He was lying in about three feet of water with his face down. The crowd thought he was playing some prank. Both Mickey and Carroll saw him, and the latter waded into the river and pulled him to the shore. Feeney resisted him. The men struggled in the water for several minutes. Fireman Mickey went to Carroll's assistance and they landed Feeney on the bank.

He made some incoherent expression to them and they decided to get a policeman and have him locked up so that he could not do himself any bodily harm.

Crowd Was Skeptical.

They told the crowd that he wanted to kill himself. The crowd said that Feeney was only drunk and laughed at the trainmen.

They went for an officer and were gone perhaps 15 minutes. While they were gone Feeney waded into the river and deliberately drowned himself.

Officer Martin Reynolds sent word to the morgue and in a few minutes the ambulance was there. Patrick Connelly secured some grappling hooks and after dragging the river for 10 minutes pulled the dead body of Feeney to the shore. He was found within 10 feet of where he went under.

His body was taken to the morgue where it was identified last night by his brother, Michael Feeney. Feeney was single and had been living with his father in Allegheny for several weeks. He was 28 years old.

THE WEATHER.

Showers.

Showers are predicted for today for Pittsburgh by the Washington weather observer. For tomorrow the forecast is for fair conditions, and it will probably begin to get hot again. Yesterday's temperature reached a maximum of 89 degrees at noon. The minimum was 72 and was registered at 8 o'clock last night. At 7 o'clock and at 11 o'clock there were two showers that cooled the atmosphere and made the night one of the coolest experienced since the hot spell began.

The Gazette weather service thermometers at Kaufmann's corner at the following hours yesterday registered:

Archbishop Ireland Impresses This Upon Teachers at Minneapolis.

"YELLOW" PAPERS SCORED

Venerable Prelate Narrates an Instance of What One of Them Did and Refers to Lack of Foundation for Stories of Cruelty in Philippines

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Minneapolis, July 9.—High-water mark in the attendance at the National Educational association convention has probably been reached. A conservative estimate places the number of visitors in the city today at considerably more than 20,000.

Of the seven meetings held this afternoon the one of most general interest was that of the department of special education. Dr. Jordan, superintendent of the Minneapolis schools, made the address of welcome and Dr. Alexander Graham Bell, the inventor of the telephone and president of the department, responded, explaining the objects of the department and the wonderful work which it and the educators of defectives throughout the country are doing. Dr. Bell advocated the establishment of day schools for special instruction, and a part of the regular public school system.

Among the other speakers was W. T. Harris, United States commissioner of education, who spoke briefly on "Eye Mindedness."

Archbishop Ireland's Speech.

At the evening session of the entire convention, held in the Exposition building the attendance was about 10,000 people. Hon. Michael Sadler, LL. D., of London, England, was the first speaker. He was followed by Archbishop Ireland of St. Paul, who spoke on "The Influence and Responsibility of the Teacher." He said, in part:

I am one of those who see in the sequence of the late Spanish-American war the guiding hand of a mighty providence and the outburst of forces long gathering in the bosom of the nation, sure at one moment or another, to break out in a resistless self-assertion. Nevertheless, I shall never deny that among the immediate causes of the war there are to be numbered the exaggerated statements, the lies, too, and the calumnies, the ceaseless appeals to wild and reckless passion which disfigured and disgraced the utterances of certain newspaper writers and of certain other manipulators of public opinion. I know for a fact that the instructions going from the office of a newspaper to its European correspondent read this way: "Wire all that makes for war; nothing that tends to prevent or delay it." Grave, indeed, were the causes demanding from America a solemn act, strong were the provocations given to ruffle the national temper; yet, we can never approve the methods in which falsehood and passion play a large part, and we cannot but assert that it were immensely better for the country if results attained through war should have been attained without the carnage and havoc of war.

How unguarded and reckless, and how reprehensible many statements are published at the present time, as from the Philippine islands, purporting to tell of dreadful deeds of cruelty and injustice, for which, on close examination, no foundation in fact is found.

Names an Instance.

I shall name in this connection one instance, which I am particularly pleased to censure. A little while ago certain Catholic newspapers raised the cry that proselytism was the order of the day in the schools of Manila, the chief officials, it was said, and the teachers in the normal being regularly ordained ministers, who divided their time between the multiplication table and tract reading. The matter was investigated, and it was discovered that the chief officials and the teachers in the normal were not ministers, and the order of the day, good sense, as well as the strict rules of the government held them strictly to secular matters.

The speaker considered truth next in its use or abuse by the newspaper which he called "Pre-eminently the mentor of the people." He said its influence is paramount, its responsibility tremendous. Journalism that is honest and honorable is one of the nation's most precious inheritances. He argued for truth in religious and secular controversy, declaring that it is the basis for agreement and conciliation.

In concluding he said: Teach, I pray you, to your pupils, the love of truth. Extol before them its beauty; obtain that they make consecration of themselves before its shrine. Teach them that the lie spoken or written is more baleful yet, and more inglorious than the lie ensconced in the mind, for from the lips or pen it goes out to darken and pervert, the minds of others."

THE WANDERER RETURNS.

Recorder J. O. Brown Pays a Visit to City.

Recorder Joseph Owen Brown returned home from Atlantic City last night. Pittsburgh's chief executive then mysteriously disappeared, and kept out of sight all evening.

The recorder will probably be at his office this morning and may leave again tonight or tomorrow morning for Atlantic City, where he is scheduled for a conference with Gov. Stone and United States Senator Penrose, toward the end of the week.

LESLIE HAD BREEZY TALK WITH M'KENNA

ARREST OF SHELL WORKERS ON THE FOURTH CAUSED CLASH.

Rumors Going About Women Being Subjected to Extortion Yet Leslie Says There Are No Scandals in His Department That Are Being Covered.

Director A. H. Leslie of the department of public safety said yesterday that he was not covering up any scandal in his department. According to the director, everything in the police bureau has been going along satisfactory to him. In spite of his denials Director Leslie had a stormy interview with Police Magistrate Bernard McKenna, on July 5, that will not be forgotten by those who heard it, for sometime.

On the Fourth of July Inspector Fred Will arrested Michael Neil and three others for running a "shell game" in front of one of the market stands. They were taken to Central police station and locked up as suspicious persons. Director Leslie issued an order on the day before that all suspicious persons arrested on the Fourth should not be released.

When news of Neil's arrest reached the ears of Magistrate McKenna he immediately accepted bail for the four men and ordered their release. Inspector Will refused to accept the releases and kept the men in the station house during the entire day. When Magistrate McKenna heard this he went to Inspector Will and upbraided him for his action in detaining the prisoners after he had ordered their release.

At the hearing the next morning they were arraigned before McKenna and released. Director Leslie and the magistrate had a stormy interview over the men's discharge. In the course of this interview Magistrate McKenna told Director Leslie that he (Leslie) had had the men arrested and held, not because of any violation of city ordinances, but because he had a feeling against them, based entirely on their political attitude.

According to what a number of police officials, other than Leslie, say, one of the police captains is under a cloud. It is alleged that he has repeatedly taken money from women who run speakeasies and disorderly houses. It is said that one woman testified that she had given him $10 and that shortly after this he had raided her house and that after she had paid her fine and left the station house he followed her and told her that he was compelled to make the raid, as Superintendent John McAleese had directed it. It was learned yesterday that Inspector Will has repeatedly warned his men about taking money from these women.

From what can be learned Will has had considerable trouble with the officer referred to. It is said that in addition to suspecting him of taking money he has suspected him of working among the women in the interest of a certain bottling house.

In spite of all this Director Leslie declares there is no odium connected with his department.

TWO NEW CHURCHES WERE AUTHORIZED

Reformed Church Will Build in Allegheny and in Homestead.

Two new churches will be erected in Allegheny county by the Reformed church of the United States as the result of the meeting of the executive committee of the board of home missions. The meeting came to a close last evening, after a two days' session.

The board appropriated over $4,000 for the purchase of a lot on California avenue at Termon street, 40x136 feet in size. On this a church building to cost $10,000, will be erected, as soon as the money can be obtained. The board authorized also the erection of a new church in Homestead to cost from $4,500 to $5,000 on a lot already secured near the Carnegie Library. This church will be in charge of the Rev. M. N. Nopker.

The Rev. Ernest N. Evans, a graduate of the class of 1902 of the Franklin and Marshall theological seminary, was commissioned to Abilene, Kan. The Rev. A. H. Zeichel was transferred from Bellevue, O., to Alliance, O. Three new Hungarian missionaries were secured to work with members of that nationality in America. One will be sent to Johnstown, one to Phoenixville, Pa., and one to East Toledo, O.

The financial showing of the board was unparalleled in its history. The past quarter has added $15,000 to the permanent building fund for the home mission work, bringing that fund now close to $100,000. A debt of $25,000, which faced the board at the time of the meeting of the general synod in May, has now been practically wiped out.

For the erection of a new Grace Memorial church in Washington, of which congregation President Roosevelt is a member, $20,000 of the required $35,000 has already been obtained. The cornerstone of the church has already been laid. The Rev. J. M. Schick, formerly of Pittsburgh, is its pastor.

The executive committee voted about $12,000 for the quarterly payment of the missionaries at over 100 stations. The next meeting of the committee will be in Philadelphia October 7.

JOKE IS REALLY ON THE OTHER MORROW.

Because there are two Morrows in Allegheny who are educators, who have for over 25 years been called "Professor," and because The Gazette printed something about one of the Morrows never being in Schenley park in all the years he had lived hereabouts, when it should have been the other Morrow, the friends of Prof. John Morrow, superintendent of the Allegheny schools, are twitting him, when they should make their remarks to Prof. James E. Morrow, principal of the High school.

ANOTHER LIST OF VICTIMS OF TORRID HEAT

Continued from First Page.

the Allegheny county morgue busy, and the dead wagon and hospital ambulances, and city patrol wagons, have been kept almost constantly on the run gathering up people who fall on the streets.

During the past three days the county dead house has been called upon to take charge of the remains of 37 persons stricken down by the torrid weather. It is probable that before the present hot wave passes the total list of deaths and prostrations from the heat alone will be as high as any ever known in this section in past years.

The maximum temperature of yesterday occurred at noon, just five hours earlier than on the two days previous and the minimum, instead of occurring in the early morning hours, as it generally does, was registered last night at 8 o'clock, when the mercury was almost stationary at 72 degrees.

At noon yesterday the temperature was four degrees higher than on Tuesday, and at 4 o'clock yesterday afternoon it was nine degrees cooler than on the day previous. At 8 o'clock last night the mercury was 14 degrees lower than at the same hour on Tuesday.

The maximum temperatures for Monday and Tuesday occurred at 5 o'clock in the afternoon, and at the same hour yesterday the atmosphere was 11 degrees cooler than on either of the two preceding days.

Tuesday's Heat Carried Over.

The great heat of yesterday morning was partly carried over from Tuesday, for after midnight of Tuesday, when the mercury was at 81 degrees, the fall till daylight was small. As soon as the sun became strong his rays were felt and began driving the mercury up again. At midnight last night the temperature was just eight degrees lower than at the same hour of the day before.

Last evening was almost as hot as any evening during this week. At 7 o'clock a thunderstorm occurred and for about one hour there was a heavy shower of rain, amounting to .17 of an inch. This cooled the atmosphere some, but within a half hour the mercury began to rise again. Shortly before midnight there was another heavy downpour of rain, which was accompanied by lightning and heavy thunder.

The temperature yesterday was five degrees in excess of the normal. The mean temperature for yesterday was 80 degrees. There was considerable rain in the west and southwest yesterday. The hardest rainfall being reported from Oklahoma, where .84 of an inch of rain fell.

The reports received at the local weather office last night at 8 o'clock, from the weather observers throughout the United States, show that high temperatures also prevailed in all the cities surrounding Pittsburgh. Although the prediction for this section for today is for rain, it is not likely that there will be any fall in the temperature in Pittsburgh today, as the maximums at Parkersburg, Columbus, Washington, St. Louis, Louisville, Cincinnati, New York and Philadelphia, all had over 90 degrees, and in some of the cities named, the mercury went as high as 96 degrees.

Several hundred spell hands have been placed at work in the Braddock, Duquesne and Homestead plants of the Carnegie Steel Company in order to allow the men who work in the extreme hot places to secure short spells and avoid becoming exhausted.

WRECKED IN A FOG.

Sound Steamer Priscilla Badly Damaged by the Powhatan—One Life Was Lost.

NEWPORT, R. I., July 9.—Stern first, with head low in the water and with a great hole in her bow and a dead man in her hold, the Fall River line steamer Priscilla was dragged to her berth here today by the steamer Puritan of the same line. The dead man was John Muniz, a Portuguese deck hand, who was crushed to death while asleep in his bunk.

The Priscilla had been in collision with the Merchants and Miners Transportation Company's steamer Powhatan in Narragansett bay off Point Judith and for six hours had waited for help to come. At last the steamer Puritan of the Fall River line heard the signals of distress and went to the scene of her sister ship.

The Priscilla was bound for New York. She left here a trifle late and put out in a dense fog. After an hour's run, when the ship was between Brentons Reef lightship and Point Judith, she was struck on the port bow by the sharp bow of the Powhatan with practically no warning. The vessels separated and the Priscilla showed signs that she was badly damaged. By jettisoning part of her cargo the vessel was lightered until her pumps kept her afloat.

LATIMER IS DEAD.

Brooklyn Man Unable to Make a Statement Before Death.

NEW YORK, July 9.—Albert C. Latimer, who was shot, it is supposed by a burglar, at his residence in Brooklyn, died in a hospital tonight without being able to make a connected statement as to the visit of the burglar.

Mrs. Latimer told how her husband grappled with the intruder and was shot. After the shooting a bicycle lamp, a pair of felt-soled shoes and a cap were found in the room. Mrs. Latimer is in the same hospital in which her husband died, and is said to be very ill, as a result of the shock of seeing her husband shot down.

July Snow Causes Blindness.

TELLURIDE, COL., July 9.—E. Erickson was brought down from the Liberty Bell mine Monday night insane from acute snowblindness. This is the first case of snowblindness in July. The snow covered the ground to a depth of 18 inches. During the forenoon the sun was bright. Erickson's face was burned to a blister.

WILL DEVELOP COAL ALONG THE WABASH

COMPANY FORMING TO OPEN 1,000 ACRES ON THE NEW LINE.

The Wick Interests Will Send This Coal Over the Lakes Through Ports at Buffalo and Cleveland—Initial Investment of $250,000.

The Pittsburgh and Wabash Coal Company is a new independent interest in the Pittsburgh district which in the course of a few months will be developing a tract of 1,000 acres in Mt. Pleasant township, Washington county, the product of which will go to the lake ports at Buffalo and Cleveland. The company will start operations with a capital investment of $250,000. The H. C. Wick interests, extensive jobbers in coal at Buffalo and Cleveland, are said to control the new company.

The new property being purchased for development includes 1,000 acres of coal and 125 acres of surface property on which a modern power plant will be located. Contracts will be let in a short time for the opening of the necessary shafts. The plant will be thoroughly modern and will be operated by machinery.

The coal tract immediately adjoins the property of the Midland Coal Company, one of the most formidable competitors of the Pittsburgh Coal Company. Shipping outlets to the lakes will be provided by the new Western Washington railroad, recently constructed by interests of the Midland Coal Company, and which connects at Hustonville with the Chartiers branch of the Panhandle road, and by the new line of the Wabash railroad, now being built into Pittsburgh. The Western Washington railroad was recently sold to the Pennsylvania railroad interests.

A charter for the new company is to be secured at Harrisburg on July 21, application being through the law firm of McIlwain & Wurzel, who were instrumental in the formation of the Monongahela River Consolidated Coal and Coke Company. The Wick interests, who own their own coal cars, are being covered in the preliminaries of the organization by straw incorporators, young men connected with McIlwain & Wurzel, L. M. Hardesty, W. R. Murphy and Harry A. Jones. The abstracts of title for the property are now being delivered to McIlwain & Wurzel and the deeds will be passed soon after the day that the charter is to be secured. A third of the purchase price was paid when options on the coal property were taken up.

The coal vein, which lies in the Panhandle field, is 5 feet 8 inches thick, and the coal is classed as among the best in the Pittsburgh district.

JOHN BENNING MADE A DARING RESCUE

Climbed Pole and Pulled Lineman from Live Wire, Receiving Shock Himself.

John Benning, the sanitary officer, made a daring rescue yesterday afternoon, on a telephone pole in front of several hundred people, who stood watching Bailey Murrin of No. 1309 Coal street, Wilkinsburg, slowly burning from electricity. The accident occurred at Wabash avenue and Steuben street. Murrin had climbed the pole, to make some repairs. While shifting one of the telephone wires from an electric light wire, he received a shock that rendered him helpless.

He was thrown forward on the live wire, and his clothing caught fire. Murrin screamed for help. Several hundred people gathered there and watched the man struggling on the top of the pole. He became entangled so that he could not release himself and the live wire was eating into his flesh.

Benning came by in a carriage and seeing the suffering man went to his assistance. He mounted the pole and when he took hold of Murrin he was shocked also. He shook himself free and grabbed Murrin's leather belt. He pulled the man from the entangled wires, and lowered him to the ground with a line. Murrin was taken to a nearby drug store, and was able in a few hours to go home. He was badly burned under the arm. Benning's injuries were slight.

CHICAGO STRIKE ENDED.

Settlement Arrived At Last Night Only Awaits Ratification by the Men Today.

CHICAGO, July 9.—The strike of the freight handlers is virtually settled. Meetings of the strikers will be held tomorrow to ratify the action taken tonight by President Curran of the order, but there is little doubt that the terms will be accepted by the mass meeting of the strikers tomorrow.

By the terms of the settlement the strikers accept the schedule of wages offered them by the railroads July 1. This schedule was emphatically refused by the strikers at the time it was made. It offered an average increase of 20 per cent for all classes of labor connected with the Freight Handlers' union. The demands of the men would have made an average increase of about 50 per cent. The railroads do not recognize the union.

NEW HOSPITAL OPENED.

Youngstown Institution Which Cost $500,000 Is Ready for Use.

YOUNGSTOWN, O., July 9.—(Special.)—The new city hospital, which cost $500,000, was formerly opened today. The hospital has 150 beds and includes eight wards, besides the administration buildings, nurses home, etc. The hospital is the gift of Myron C. Wick, formerly chairman of the executive board of the Republic Iron and Steel Company, principally. Other donors are Warren Arms, Mrs. C. H. Andrews, the children of the late C. B. Arms, Mrs. John A. Logan, Jr., and Miss Sallie Tod.

Mrs. Sadie Simms is superintendent of the hospital; Miss Wilhelmina Salen of Philadelphia, directress of nurses, and Miss Cribbs, formerly of the West Penn hospital, of Pittsburgh, bookkeeper.

CLOSE MATCHES OFFERED BY THE GOLF PLAYERS

Porter Won Two 20-Hole Contests While Nevin Hustled Byers.

THOMPSON HAD LOW SCORE

His Best Ball With Porter's Was 3 Under "Bogey"—W. N. Murray Played in Sensational Form. Horstmann Retired by B. S. Horne

The second day of the Allegheny Country club's open tournament offered some very fast match competition, with five cards returned under 80 strokes, two contests requiring 20 holes; and a best ball score in the morning by Porter and Thompson, which was three under "bogey" and one under the course record of 75 established by Porter on July 4. Though O. D. Thompson returned the fastest medal score of the day, the star performer, as on Tuesday, was J. E. Porter, who won from Thompson by 1 up in 20 holes in the morning and defeated W. N. Murray by the same score in the afternoon.

Murray furnished the sensational feature of the tournament, as he has been

G. A. ORMISTON,
Of the Highland Club, Always Among the Leaders.

playing little golf of late compared to the other leaders, and yet he played perhaps the best game he has ever offered in any of the big local tournaments.

A Bunching of Cracks.

As a result of the day's play Porter will this morning meet B. S. Horne, who put F. Oden Horstmann, the strong visiting player, out of the way, while E. M. Byers, the amateur champion, will meet George Ormiston, the winner of the local championship in 1899. As Horne won in 1900 all of the participants in the semi-official matches this morning have held the honor except Porter, who has twice won the open tournament and was the leading favorite in the pool selling Tuesday night for the cup this year.

Porter has a hard man to meet in Horne today, however, and his two strenuous matches of yesterday must have told on him more than Horne's rather easy day of it. Byers was a close favorite to Porter for the honor, but Ormiston is the pick of many for this morning's match and for the final in the afternoon, which several slates have fixed between Horne and Ormiston.

Thompson played remarkable golf in the morning with his first nine holes in 36, one under the best record for the tournament and two under "bogey."

Murray Furnishes a Surprise.

The Murray and Porter match held the interest in the afternoon, though Byers and Nevin fought close all the way. The largest gallery of the tournament followed the last few holes and the extra ones which gave Porter the match. Porter won both his matches on perfect play of the second hole, his favorite. He used half brassie to lay the ball within 25 yards of the hole each time and holed easily in four. He won on his good approach game, the directness of his play and steady putting. Murray played poorly, especially in putting on the first nine, and then took Porter's breath away coming in by taking four and halving one out of the first five holes, making him 1 up. The fifteenth and sixteenth were halved. Porter took one, and the eighteenth and nineteenth were halved.

Nevin was deadly in his putting and Byers unusually weak on the green in their match. Byers was again in form on his drive, on which he was off on Tuesday. Ormiston played a strong, steady game in winning from Carnegie. Wurzell and Moore are the favorites for the second cup. The afternoon first cup matches in detail were as follows:

LIFE SACRIFICED IN SAVING FRIENDS

Miss Rena Lang Was Fatally Crushed in Stopping Runaway Team.

Miss Rena Lang, who was so dangerously hurt in the runaway accident last Tuesday morning at Avalon, died suddenly last evening at the residence of her parents in Termon avenue, Allegheny.

It was through her presence of mind and courage that the wagonette, filled with young ladies, was not cast over the high embankment at the lower side of the hill, for when the driver had lost control of the horses, she seized a line and pulled them to the upper side into a stone pile, which checked the horses, but threw her and another young woman on the front seat to the ground, the wheels passing over her and inflicting injuries that proved fatal.

Miss Lang was in her twenty-first year. Her generous and unselfish life made her immensely popular. She was a student at Maryland college, near Baltimore, and would have been gra

FUSION TICKET WAS INDORSED BY DEMOCRATS

Delegates of John A. Martin Ruled Out by Contested Seat Committee.

THE CONVENTION ORDERLY

Strenuous Objection Made to Appointment of Committee of Three to Select Congressional Candidates, but Motion Finally Prevailed.

For the first time in many years a convention of the Allegheny county Democracy was held in an orderly manner yesterday. A few delegates wanted to fuss and there were some who made it apparent that they were

Fusion Candidate for State Senate in the Forty-fourth Senatorial District.

there for trouble, but there was a decided elimination of obnoxious features which have heretofore characterized such political gatherings.

All the plans of the leaders worked out harmoniously and the Citizens county ticket received the unanimous indorsement of the convention. There was not a policeman on guard and many of the old, tried and true delegates slept in their seats while the routine was being transacted.

Chairman Alcorn Re-Elected.

Beside agreeing to fusion in the support of the Citizens county ticket the convention yesterday re-elected Thomas B. Alcorn county chairman, and George S. Fleming and W. J. Brennen were made members of the state central committee without much opposition.

The convention was called to order in common council chamber about 2:10 o'clock by Chairman Alcorn. George S. Fleming immediately named W. J. Brennen for temporary chairman and he was elected without opposition. The roll call showed that 36 of the 39 delegates were present.

Brennen on taking the chair made a strong plea for fusion. "I hope this convention," he said, "will indorse the fusion ticket. It is the best opportunity we have had for 30 years to secure good government in Allegheny county. It is the first time in all these years we have had a chance to establish a republican form of government in our county, which has been ruled, as you all know, by a machine as monarchial as that of the czar of Russia.

Want Bosses Overthrown.

"If we fuse with the independent Republicans of the county, next November will witness the overthrow of the bosses who have so long ruled the county and disposed of its officees as they saw fit. We will show them that a public office is a public trust, and not a private snap.

"A large number of the Republicans of the county have come out independently of the machine and organized to fight it, and it is the bounden duty of every good Democrat to co-operate with them in their efforts to free the county from the grip of that machine and thus help to secure a good, clean government. Many of us may differ as regards the distribution of the offices allotted to our party. That is natural, but we should all stand together for the principles we have been fighting for for so many years. We have condemned for years, in our party conventions, the acts of the Republican county machine, but what has it all amounted to? Nothing! Now we have a chance to put our principles into effect, and we should not hesitate to do so.

"Who dares to refuse? He who does is a recreant!"

Row Over Contested Seats.

Timothy O'Leary, John B. McNulty and M. L. Thompson were elected temporary secretaries, and a committee on contested seats, composed of George S. Fleming, Henry Meyer, John F. Ennis, A. A. Conrad and John Redinger, was appointed and retired to the select council chamber.

A recess was taken until the committee had finished its work. This occupied about half an hour. The report was to the effect that in the matter of the contest from the Third legislative district the requests of the contestees were granted and D. J. Boyle and Peter Herrity were declared the duly elected delegates from the district, together with John F. Ennis, who had no opposition. John F. Boland and Andrew Hopkins were thrown out.

After the committee had reported John A. Martin, candidate for county commissioner, jumped to his feet and asked for recognition. He wanted to make a protest. He was refused on the ground that he was not a delegate.

On motion the temporary organization was made permanent, and Charles B. Payne, chairman, Dr. John Purman, P. J. Barry, James E. O'Donnell and J. M. Wampler were named as a committee on resolutions and platform.

Martin Allowed to Howl.

After this, by a vote of the convention, and despite T. O'Leary's protest, John A. Martin was allowed the floor and he proceed to relieve himself of some fervid oratory. He strongly condemned the action of the committee on contested seats in unseating two of his delegates from the Third legislative district, saying they were tried and true Democrats, while those seated were not good Democrats, and he could prove it. He said the members of the convention would see the time when they would regret their action. He claimed he was for fusion were it honestly and fairly conducted. "But it seems," he declared, "you do not want Democrats of my calibre and those you have unseated here today. I can do nothing else than condemn your action."

Chairman Brennen called Mr. O'Donnell to the chair, when Mr. Martin had concluded, and stating that the several legislative conventions have indorsed the nominees for county offices, selected by the committee of 10, which represents the county Democracy for the joint Democratic and Citizens' committee, appointed to nominate a county ticket, he read the fusion ticket, as follows:

For sheriff, James H. Fanneloek; for register, George H. Stengel; for clerk of courts, F. X. Barr; for treasurer, David F. Collingwood; for controller, Robert J. Cunningham; for director of the poor, James Purcell; for judge of common pleas court No. 1, James R. Macfarlane; for judge of the orphans' court, Jacob J. Miller; for state senators, John M. Goehring and William S. Woods; for recorder, J. Denny O'Neill.

Dr. W. E. Johnston of Etna and John F. Ennis objected to the nominations and Mr. Ennis placed in nomination the names of Judge Edwin H. Stowe, for judge of common pleas court No. 1, and Dr. W. E. Johnston and John A. Martin for county commissioners.

When Ennis first jumped to his feet he was not recognized by the chair, it being claimed he was out of order. He started to make a little rough house by shouting, "Here, men, no gag rule goes here." He was later recognized and allowed to present his nominations.

A vote was taken on the judicial and county commissioner candidates, which resulted as follows: Macfarlane, 32; Stowe, 6; Evans, 33; Clarke, 32; Johnston, 4, and Martin 6. Dr. W. E. Johnston, John F. Ennis, P. J. Barry, Patrick Kearns, John Geissner and Dennis Boyle voted for Judge Stowe. Later it was made unanimous for the fusion candidates.

Substance of the Platform.

The report of the committee on resolutions was read by Chairman Charles B. Payne and unanimously adopted. The resolutions ratify and adopt the Erie platform, and attack the form of government in Allegheny county for years past. City political affairs are condemned. The manipulation of tax receipts is stated to be unfair and dishonest. A fall is taken out of the Flinn road law and the Republican organization comes in for its share of knocks. The action of the executive committee, in conference with the Citizens party, is indorsed and ratified.

A motion that the chairman appoint a committee of three members to fill all vacancies, subject to the approval of the county executive committee brought forth a heavy protest from several.

Dr. Purman took the floor and became very boisterous. He said he was highly incensed at the actions of the convention and stated further that the committee had no right to make nominations for congress.

"The people must make the nominations for congress, and I'll be d—— if you put a Republican on this ticket. No sir; I'll take the matter to court first."

J. E. Abbott of McKeesport, who made himself very conspicuous by his objections, stated that he would not support John Dalzell for congress under any circumstances. Dr. Purman then made a motion that the chairman of the county committee be instructed to call primary elections to vote on candidates for congress.

Dr. Purman Ruled Out of Order.

Charles A. Fagan read the rules which specifies that the county convention is authorized to make and certify to nominations for all offices to be elected in the county or elsewhere, as it deems expedient. Dr. Purman's motion was ruled out of order by Chairman Brennan, who stated that the rules would hold good in the convention, and that anyhow the county executive committee had to approve the work of the special committee to be appointed.

Dr. Purman then moved that a committee of five be appointed in each congressional district to select the candidates. This motion was also ruled out of order. John Ennis wanted the committee instructed not to nominate a Republican for congress, and Dr. Purman wanted the convention to proceed to nominate candidates for congress. These motions were all voted down. Dr. Johnston wanted to know of the chair if this committee of three was to be appointed from the congressional districts or from Diamond street, which question caused quite a little laughter. The motion to appoint a committee of three was carried, and afterward an attempt was made to have it made unanimous, but it failed, as there were some dissenting votes.

After the election of a county chairman for the ensuing year and two members of the state central sommittee the convention adjourned.

SPLENDID RECORDS OF TWO CANDIDATES

The Judicial Nominees Yesterday Ratified by the Democratic County Convention.

James R. Macfarlane, candidate of the Citizens and Democratic parties for judge of common pleas No. 1, was born at Towanda, Bradford county, Pa., April 20, 1858. His grandfather was a prominent member of the Pennsylvania bar, and his

father, James Macfarlane, was for many years one of the leading lawyers of Bradford county.

He received his preliminary education at the Susquehanna collegiate institute at Towanda, and graduated from Princeton college in 1878. He studied law with Davies & Carnochan, leaders of the Bradford county bar, was admitted to practice there, and immediately removed to Allegheny county, where he was admitted to the bar in March, 1881. He is a member of the firm of Smith & Macfarlane, his partner being Edwin Z. Smith. He is a member of the executive committee of the state bar association, and is identified with various social and educational organizations.

Jacob J. Miller, the nominee for orphans court judge, is a native of Somerset county, where he was born on August 22, 1857. He is of Pennsylvania German descent. His father was a farmer and also a preacher for many years in the German Baptist or Dunkard church. He lived and worked on the farm until he began, at the age of 14, to teach public school, from which time until he was 26 he continued in that occupation.

He came to Allegheny county in 1881, having been elected principal of the Fourth ward school, Allegheny, where he taught one year. Resigning there he accepted the principalship of the Bloomfield school, in the Sixteenth ward, Pittsburgh, for two years, when he began the practice of law. He attended the Indiana State Normal school, from which he graduated in 1879, and the law department of the University of Virginia.

He was admitted to the bar of Somerset in 1882, and to the bar of Allegheny county in 1884, since which time he has been continuously in active practice, and is at present the senior member of the law firm of Miller, Prestley & Nesbit.

In addition to his successful professional work he takes an active part in church, civil and political matters, being one of the most valued advisers of the Democratic party in the county.

Supposed Corpse Sits Up in Bed in Ohio; Pittsburghers to Build a Branch Railroad

UNDERTAKERS LOST A JOB

Supposed Corpse Shocked the Mourners by Sitting Up in Bed.

SICK MAN IS RECOVERING

[SPECIAL TELEGRAM TO THE GAZETTE.]

FINDLEY, O., July 9.—William Fenstemacher, residing on a farm near this city, is supposed to have died from stomach trouble, after an illness dating back more than a year.

The attending physicians pronounced him dead and the undertakers were preparing the body for consignment to its final resting place, when the supposed corpse suddenly showed signs of life, and in a few minutes threw the assembled relatives and friends into a panic by sitting up in bed and inquiring the object of the strange proceedings.

His death had been hourly expected for several weeks, but since his strange experience he is greatly improved and his complete recovery is almost assured.

MAY ARREST WILSON.

Judge Jackson May Put National Secretary of Mine Workers in Jail for Contempt.

PARKERSBURG, W. VA., July 9.—(Special.)—National Secretary Wilson of the United Mines Workers may be arrested for contempt of court. Judge Jackson of the United States court today directed his marshal, C. D. Elliott to go to Clarksburg and ascertain whether the published reports are true that Wilson advised his hearers to ignore the injunction, and asked them to sign a petition for Judge Jackson's impeachment, saying that he is unfit to sit upon the bench. If the reports are true the judge says he will order Wilson's arrest for contempt.

CHARLESTON, W. VA., July 9.—(Special.)—The strike situation in the Kanawha field assumed a new phase today in the confirmation of the news that Superintendent Carlisle of the C. & O. railroad has notified the agent at Winifrede, the shipping point of the Winifrede Coal Company, that, for the present, the product of the Winifrede company could not be billed from that point over the C. & O. It is said here that the explanation of this is that the Brotherhood of Locomotive Engineers have declared their sympathy with the West Virginia strikers. Superintendent Cassiday of the Winifrede company immediately began arrangements to load all the output of his mines on the barges owned by the company.

New Capitol Plans Accepted.

HARRISBURG, PA., July 9.—At the meeting of the capitol commission this afternoon Architect Joseph M. Huston of Philadelphia submitted the detail plans and specifications for the new capitol. The drawings were generally accepted by the commission, which will meet again on July 22 to arrange to advertise for bids for the erection of the building. Work will probably begin September 1.

Asphalt Plants Will Be Built.

The Empire Asphalt Company will build two plants in this city to avoid losing contracts for repaving Pittsburgh streets. A representative of the company yesterday morning notified Director McCandless of the company's intention. The Empire company was the lowest bidder for the work, and it was intended to throw out the bids because the company had no plant here.

MANDAMUS ANSWER IN ACHESON CASE

The Congressional Muddle in Beaver County Still Unsettled.

[SPECIAL TELEGRAM TO THE GAZETTE.]

BEAVER, PA., July 9.—The congressional muddle in the Twenty-fourth district continues. The answer made by Hartford P. Brown of Rochester, chairman of the Republican county committee, to the mandamus proceeding to compel him to appoint a return judge to act with return judges from Lawrence and Washington counties, contains these points:

First, that the court has no jurisdiction in the matter, as it is a purely political or party matter to be determined by the Republican county committees of the three counties comprising the district; second, that in the attachment he was named as chairman of the county convention and not as chairman of the county committee; that the convention had adjourned sine die and could not be reconvened; third, that the papers were served on him 15 days or more after the time he was ordered to appear in court, which was on June 10.

COUNCIL REBUKES MAYOR.

Executive's Dismissal of Chief of Police of Zanesville Is Not Approved.

ZANESVILLE, O., July 9.—(Special.)—Mayor Holden says if the Republicans in the city council do not help him get rid of Chief of Police Tracy he will resign the mayoralty. Monday night he sent the name of Patrolman Frank Brown to the council for confirmation as chief, but the only notice taken of it was to refer it to the police committee.

Accompanying the appointment was an attack on Tracy, together with a notice of his suspension, but Tracy is still on duty and unless the council will relieve him the mayor is powerless.

Teacher Returns from Havana.

GARLAND, PA., July 9.—(Special.)—Miss Mabel K. Bristow, who has charge of the Presbyterian Mission school at Havana, Cuba, arrived at her home here yesterday, and will spend her vacation at the parsonage with her parents, the Rev. and Mrs. T. G. Bristow. The mission at Havana is flourishing under the management and preaching of the Rev. G. Milton Greene, D. D., who has charge of the work in Cuba and Porto Rico. Miss Bristow had had good success in her work in Havana.

STATE AND NEIGHBORHOOD.

ASHTABULA, O.—The Ideal Hoop Company of Ohio has closed the lease with the Howard estate for five acres of land on the line of the Lake Shore railroad in this city, and they will commence at once the erection of a $10,000 hoop mill.

FRANKLIN, PA.—While crossing the Erie railroad tracks near the Eclipse oil works, Samuel Burkhardt of this city was struck by an Erie passenger train and killed. He was 79 years old.

YOUNGSTOWN, O.—The Ohio plant of the National Steel company has completed the delivery of 600 tons of 90-pound steel rails to the Pittsburgh & Lake Erie railroad.

ROCHESTER, PA.—Fire destroyed the store building and contents in New York street owned by J. H. Schlaerl and occupied by the latter with groceries and H. A. Niedergall with clothing, and the dwelling and contents of James Southwick. The total loss is estimated at from $8,000 to $10,000.

CLEARFIELD, PA.—James S. Burns, son of Michael Burns of Brisbin, who was mine boss at the Gramplan works, was killed by lightning yesterday.

ALLIANCE, O.—Bryan Tucker, aged 14, son of Prof. L. L. Tucker of Mt. Union college, is at the point of death owing to lockjaw. July 4 the lad accidentally shot himself in the left hand with a toy pistol.

NEW CASTLE, PA.—Lawrence Brown, a 19-year-old Morganza parole who was to be returned for stealing from his employer, escaped from a cell at city hall Tuesday night. He wrenched at a loose bar until a rivet broke, when he crawled out.

NEW RAILROAD IS PROJECTED

Pittsburgh Men to Build a Line in Lawrence County.

TO CONNECT A NEW TOWN

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW CASTLE, PA., July 9.—A charter has just been granted the West Pittsburgh Connecting Railroad Company and filed here. The company is composed almost wholly of Pittsburgh capitalists who are interested in the development of the new industrial town of West Pittsburgh, six miles south of this city.

The new railroad will be built this summer and will run from Chewton, on the Beaver river, to this city. It will be nine miles in length and the estimates of the surveying engineers place the cost at nearly $200,000. A bridge with a span of 900 feet will be built over the Beaver river to the West Pittsburgh land, giving access to all the railroads.

The directors of the new company are Henry C. Evans, Charles A. Glaser, Angus McD. Taylor, Berne H. Evans, S. M. Powell and S. D. Mitchell, all of Pittsburgh. The incorporators include all the members of the directorate, with W. R. Dawson, Jason R. Atwell and C. M. McKinney, all of Pittsburgh. The new railroad company has a capitalization of $90,000, divided into 900 shares with a par value of $100 each.

MITCHELL CONFIDENT.

In an Address Delivered at Nanticoke He Says Miners Will Win.

WILKESBARRE, PA., July 9.—In an address today before the 400 delegates of District No. 1, in convention at Nanticoke President Mitchell of the mine workers' union said that he had never participated in a strike in which he was so confident of success. This statement by the miners' chief was greeted by great applause.

The national president severely criticised the citizens alliance organizations, which have been formed in Scranton and Wilkesbarre for the purpose of prosecuting all persons who boycott or otherwise intimidate men who are still working in the mines or their relatives. Mr. Mitchell was enthusiastically received in Nanticoke. He went there for the sole purpose of addressing the men, and returned to headquarters here immediately after concluding his remarks. He took no part in the proceedings of the convention.

FISHER SENT TO JAIL.

Pittsburgh Man With the Anarchist Dream Strikes Beaver Falls.

BEAVER FALLS, PA., July 9.—(Special.)—This morning a well-dressed man called at the office of Burgess Raymer and asked for transportation to Pittsburgh. He gave his name as George Fisher, said he was in the secret service of the United States, and was in a hurry to reach Washington with the details of a plot he had unearthed to murder President Roosevelt. He acted so queerly that the burgess instead of giving him transportation to Pittsburgh gave him a trip to Beaver jail.

OFFICER OF ARMY ORDERED TO MANILA FOR COURT-MARTIAL

Lieut. Hickman Charged With Causing the Death of a Native.

ATTEMPT TO JUSTIFY CAPT. RYAN'S COURSE

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

MANILA, July 9.—Gen. Chaffee has ordered Lieut. Edwin A. Hickman of the First cavalry to Manila for trial by court-martial on the charge of alleged cruelty to natives of Tayabas province. The charges arise from the Gardener inquiry. It is claimed that Hickman ducked two natives in a stream in order to obtain information. He is further charged with having ducked a third native who died from maltreatment. The military officials say that proof of the latter charge is doubtful.

The court-martial which is trying Capt. James A. Ryan of the Fifteenth cavalry on the charge of unnecessary severity to natives will try Lieut. Hickman.

The defense in the Ryan court-martial closed today. The defense offered much testimony and many documents to show that Capt. Ryan was justified in using force to obtain information, protect his command, and pursue the enemy. It was shown that the two natives who were "treated" communicated with the enemy, giving information regarding the American supplies.

Second Lieut. Charles Burnett of the Fifteenth cavalry and Surgeon Major Peter R. Egan testified that they took the same treatment as administered to the natives, and that they did not suffer therefrom.

OHIO MAN RELEASED BY ENGLISH COURT

Charles Bright Acquitted of Concealing $500,000 in Bankruptcy Case.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

LONDON, July 9.—The trial of Charles Bright, the civil engineer of Sandusky, O., charged with concealing $500,000 in connection with bankrupicy proceedings, ended today and resulted in the acquittal of Mr. Bright.

J. F. Moreno, formerly attached to the United States legations at Paris and Madrid, and R. G. Fudge, the secretary of Bright's companies, who were charged with being accessories in the alleged conspiracy to defraud creditors of Bright, were also acquitted.

During Bright's cross-examination this morning the jury sent a note to the judge saying they thought the case could not justify a conviction. The judge agreed with this and the trial, which had occupied eight days at the Old Bailey, came to a summary end. The jury brought in a formal verdict of not guilty. The judge said Bright had been thrown into bankruptcy by a mistaken affidavit and characterized the proceedings as premature and as a great hardship for Bright.

SAILS FOR ANTARCTIC SEAS.

Steamer Morning Starts Out to Save the Discovery and Crew.

LONDON, July 9.—(Copyright Cable.)—The wooden-built steamship Morning sailed today for the relief of the National Antarctic exploring ship Discovery, which left England about a year ago. There were most enthusiastic scenes as the little vessel cast off on her venturesome voyage, a great many society people, headed by Sir Clements Markham, cheering the vessel.

If there is no hitch in the program the two vessels should meet in the early part of next year, and return to London together in the autumn of 1903.

Mme. Melba Will Return.

LONDON, July 9.—(Copyright.)—Another engagement of importance signed by Manager Grau for his next American season is that of Mme. Melba. Inasmuch as Mme. Melba is going on a concert tour in Australia, she cannot join Mr. Grau until the latter part of February. She will appear during March in New York, and the tour will include New York, Philadelphia, Boston, Chicago, Cincinnati and Pittsburgh.

Chamberlain Leaves Hospital.

LONDON, July 9.—Joseph Chamberlain, who was injured in a carriage accident Monday, left Charing Cross hospital this morning, accompanied by Mrs. Chamberlain, and returned to his home in Princess Gardens. A bulletin says he is progressing satisfactorily, but that perfect quiet is essential.

"The Sleeping Beauty," a cut-out booklet for children, and a beautiful picture, entitled "God Bless Papa," will be the TWO SUPPLEMENTS of next Sunday's Gazette.

PRINCESS IS REFUSED A NURSE BY VATICAN BECAUSE OF DIVORCE

American Woman's Marriage Is Not Recognized by the Church.

WAS FORMERLY WIFE OF MAINE LEGISLATOR

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

ROME, July 9.—A sensation has been caused here by the action of the vatican authorities toward the Princess Joseph Rospigliosi, an American. Her husband is head of an ancient family of clerical nobility and his brother is commandant of the papal noble guard. On August 26, 1901, Prince Rospigliosi married Mrs. Merle Jennings Reid Parkhurst of Washington, the divorced wife of Col. Frederick H. Parkhurst of Bangor, Me. The ceremony was civil and hence was not recognized by the vatican.

Princess Rospigliosi recently engaged an English Blue sister as a nurse and the latter took up her duties. Cardinal Macchi, secretary of apostolic briefs, forbade the sister to fulfill her duties on the ground that the marriage was nonexistent.

The prince exerted all his influence to overcome the scruples of the church, but without avail. Eventually he was obliged to send to England for a nurse.

More Skin Grafting Necessary.

More grafting of new skin will probably have to be made on the left leg of Francis Earl, the 8-year-old boy who was badly burned in the Sheraden explosion, and who has since been at the West Penn hospital. The 21 pieces grafted on the leg are peeling off. The cuticle was given by Michael Hennessy, the big railroad brakeman. Hennessy, who has already given 68 pieces of cuticle, has offered more to the doctors when they are ready.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

a COMPANY FILES SUIT FOR INFRINGEMENT

Pittsburgh Physicians' Supply Co., Defendant in Action on a Patent.

MANY CASES ARE DECIDED

New York Concern Claims Its Right to Sue on Assignments by German Inventor--Other Cases Are Mentioned in the Bill.

In the United States circuit court suits in equity were severally entered against the Pittsburgh Physicians' Supply Company, Joseph Fleming & Son and William A. Kulp by the Farbenfabriken of Elberfeld Company of Manhattan, New York. In each instance the infringement of a patent for improvements in pharmaceutical products is alleged, and the complainant asks for a preliminary injunction restraining the defendants in each case from further infringement.

It is asserted that Oskar Hinsberg of Hamon, Germany, is the inventor of the improvements, and that in 1888 he obtained letters patent for them and assigned the patents to Edward M. Dickerson, who in 1899 assigned them to the complainant company. It is also said that with the last assignment of the patent the right to recover for past infringements was included.

The bill states that the plaintiff has won a great many suits for such infringements in other districts of the United States circuit court. A partial list is attached to the bill showing 171 suits in which injunctions to restrain for infringements have been issued.

CO-RESPONDENTS NAMED.

Papers in Soffel Divorce Case Brough to Light Through Gazette's Exclusive Story.

The papers in the divorce case of Peter R. Soffel against Katherine Soffel, published exclusively in The Gazette, have been in the private desk of Prothonotary McQuitty since June 28, the day the libel was filed. The libel was taken into common pleas court No. 3, but no entry has been made of the case.

In the libel it is charged that on divers days and times in the summer and fall of 1899 the respondent was guilty of wrong-doing with Carl Johnston, Harry Jones, Julius Wild, Mike Roach, William Muelstein and various other men, whose names are unknown to the libellant. It is said that on January 31, 1902, the respondent was guilty of improper conduct in Butler county with Edward Biddle.

The libellant prays that the respondent be summoned at the August term of court. The woman has until August 4 to file an answer, and 20 days later the libellant can go into court and ask for the appointment of a master to take testimony, unless Mrs. Soffel demands a jury trial. The subpoena in the case was served upon Mrs. Soffel at the Western penitentiary last Tuesday.

Deny Patent Is Legal.

An affidavit of defense was filed in the equity suit of the Mississippi Wire Glass Company against James A. Swearer and Charles E. Toynbee, an action for the infringement of a patent for the manufacture of wire glass. The defendants allege that the granting of the patent to Leon Appert in 1894 was illegal, in that the specifications set forth in the application do not contain the ingredients necessary for the manufacture of wire glass. They allege that the invention of wire glass was discovered and put in practice at the works of the Brownsville Plate Glass Company at New Kensington by Edmund C. Schmertz. A bill in equity was filed against the latter company by the Mississippi Wire Glass Company, alleging a similar infringement.

WILD ORGIES IN POLICE STATION

ALLEGHENY RESIDENTS COMPLAIN ABOUT MEN AT NO. 2 HOUSE.

Say the Noise Made Is Such That They Cannot Sleep at Night--Beer Consumed by the Case Immediately Following Pay-Days.

To have a police patrol station is usually deemed an advantage to a neighborhood, but the residents of South Diamond street, Allegheny, are protesting against the presence of patrol station No. 2, and declare that it is a nuisance that ought to be suppressed. They tried to suppress it during Mayor Geyer's term, Mayor Wyman's second term, and during the term of the present recorder, John R. Murphy, but the conditions complained of still exist.

A communication was received yesterday by The Gazette, complaining that the patrol station is a regular nuisance; that the wagonmen keep the neighborhood awake these summer nights with profane and boisterous talk and shouting; that citizen loafers break the rule posted up in the station by hanging about the building; that one of the wagonmen gets drunk while on duty; that the wagonmen and their loafer friends insult persons living in the neighborhood; that bottled beer by the case is carried into the building after pay days, and that while the beer lasts the tumult is redoubled.

Neighbors Complain.

The alleged facts contained in the communication were backed by the testimony of neighbors whom a Gazette reporter saw last night. Of course they do not wish their names used, for they do not wish to incur the ill-will of the patrol station crew, more than they have already. It does not seem to be a case of "soreness" against the administration or the police force in general, for the very persons who bring the indictment against patrol station No. 2 say that friends of theirs who live near Nos. 1 and 3 are a unit in testifying that the policemen attached to those stations are an acquisition to the district, for they behave themselves, are sober men, and do not permit ward heelers to loaf in the station houses.

"One may be sleeping at night," said one of the disgruntled ones last night, "when he is awakened by a loud guffaw by one of the wagonmen or one of the loafers who sit about the station at all hours of the night. At other times the policemen keep up a continuous flow of conversation, interlarded with loud and boisterous oaths and loathsome language. They have insulted respectable women living in this neighborhood more than once.

Ordered to Yell.

"Among their friends is a negro, who, as soon as he enters South Diamond street from Union avenue, yells at the top of his voice and guffaws; the wagonmen answer in like strain, and then they talk for an hour or so. One of our neighbors told the negro one night that he would have him suppressed as a public nuisance. The negro must have reported this to his friend, for on the next night that individual was heard to say to him, as he was leaving: 'When you get to the corner, yell like h--l.'

"A few weeks ago one of the wagonmen was so drunk during the day that he had to be taken away in a carriage," said another complainant. "The thing has been going on for some years, and many persons have left the neighborhood because of this summer nuisance. Mayor Geyer said he could not do anything, because he had no power over the police; Mayor Wyman said the same thing; and every time we see Recorder Murphy he says he will investigate.

"Some time ago the patrolmen were quarreling, one of them being drunk, and two men went to Henry Allbright, the director of public safety, and told him that if he would come down he would see in full flower the conditions about which he complained. Mr. Allbright said he would send someone, but he didn't, for the thing has kept up ever since.

Much Beer Drank.

"I heard one of those men the other night, telling about an arrest he had almost made, as he was reporting for duty. You should have heard his language, uttered in a loud tone, on that still summer night. I was 20 yards away in my bed, but I heard him plainly, and his language made even a seasoned individual like myself blush.

"People whom I know speak in high terms of the officers at the patrol station in Manchester, and the one that used to be in East street. I don't wish the people of those neighborhoods any bad luck, but I do wish they would transfer one of those crews to our neighborhood. Maybe we could get some sleep, and our wives and children would not be degraded by hearing the language those fellows indulge in.

"If they would behave themselves we would not mind their drinking beer by the case, but when they have the beer their actions are worse than at other times. Lately one of the men at the station was transferred and we have had some surcease, but conditions are still aggravating. The street is very narrow, and there is no relief from the torture that is inflicted upon those who want to sleep."

M'CANDLESS WAITED ON BY COUNCILMAN

Inquiries Were Made Concerning the Continuance of Work on Sand Filtration Plant.

The work on the construction of the city's sand filtration plant at Aspinwall has not been stopped, notwithstanding the action of common council last Monday night. C. S. Crawford, president of common council; Thomas M. Brown, and W. H. Stevenson, members of that branch, called on Director J. Guy McCandless of the department of public works, in relation to the matter yesterday, and were in conference for an hour.

Afterward the councilmen refused to say what it was all about and denied that their talk had been about filtration. Controller John B. Larkin, whom they also consulted, said their call was about that subject and nothing else. He was very frank in telling what they called to see him about. They had a complaint against Director McCandless. They told him the director declared the controller would not pay bills for the work now being done, which Larkin said was not true, and that the councilmen must have misunderstood the director.

Since May 19 Director McCandless has been charging the work up to the appropriation of the bureau of construction, and the controller said he would pay the bills as long as that appropriation lasts.

Director McCandless said the committee only asked what work was being done and how it was proceeding. He told them the plans were yet being prepared and would be finished in three weeks. They will then be submitted to councils, with the estimated cost, as originally intended. After that the burden will be on councils to decide whether bids will be asked, and thus determine whether the plant can be built within the amount provided by the bonds.

C. M. Schwab to Get the Steel.

NEW YORK, July 9.—Charles M. Schwab has offered to contribute a mile of steel for a road to be constructed by the Automobile Club of America. The club could not get the material in the form desired until Mr. Schwab heard of the difficulty. The steel will be laid on a rock foundation.

LIVELY ROW OVER THE OUSTING OF DIRECTOR LESLIE

Resolution Dismissing Him Was Laid on the Table.

PARLIAMENTARY MIX-UP

Director's Friends Lost a Chance to Cinch Things by Being Confused Over a Motion to Reconsider--Leslie Makes a Defense of His Position

A short but stormy session of the public safety committee of Pittsburgh councils was held last night. It was called for the purpose of taking action on the recommendation of the sub-committee, that Recorder J. O. Brown be called on to dismiss Director A. H. Leslie for his alleged refusal to testify at the "yellow book" investigation.

At the opening of the meeting the resolution from the sub-committee, providing for the removal of the director was read. W. J. Zahniser moved to lay the resolution on the table indefinitely. John Benz called for the ayes and nays. There were 9 ayes and 7 noes, and the chair declared the motion carried.

The ayes were: Benz, Delaney, Diehl, Geary, Kearns, Schneider, Stewart, Zahniser and Lambie. The noes were: Barker, Hughes, Lamb, Lawler, Shearer, Wymard, and Crawford.

Mixed on a Motion to Reconsider.

Zahniser, in order to settle the matter permanently, moved that the vote be reconsidered. Three or four of the members voted aye and none voted no. The chair decided the motion carried and asked what would now be done with the resolution. There was a protest raised at once, on the ground that the resolution had been indefinitely postponed. The chair answered that they had reconsidered that action.

Lambie then asked for the ayes and noes. C. S. Crawford raised the point of order that the chair having announced the result of the vote, it was too late to call for the ayes and noes, and in this he was sustained.

Benz then renewed the motion to lay the resolution on the table indefinitely. Crawford got the floor and declared that such action would result in retarding justice and would interfere with the progress of the investigation. He said the action about to be taken was an outrage, and that the investigation committee should know exactly where it stands.

Benz as a Parliamentarian

"The resolution has no business here," exclaimed Benz. "This committee is a branch of councils and is existing only to do certain things that councils orders it to do. The idea of a delegation of men going to work and giving a committee power to investigate officials is wrong and should not be allowed in parliamentary bodies."

Chairman Lamb wanted to know what the committee was appointed for, and Benz almost shouted: "You were appointed only to do what councils told you to do. The safety sub-committee has no right to bring up such a resolution."

Chairman Lamb began to speak upon the resolution, from the chair, when he was interrupted by Charles Stewart. Then there was considerable confusion, Stewart above the rest exclaiming, "You ought to vacate the chair and allow some one else to sit there while you talk."

Crawford Clearly Defines Matters.

Chairman Lamb was about to make a reply when C. S. Crawford said: "You appointed this committee and now you come in here and raise a kick because the committee is now doing something that don't suit you."

"Of course I am kicking," interrupted Benz.

"The resolution is properly before the committee," continued Crawford without heeding Benz's remark. "Let us get at this matter right and meet the issue fair and square. Let us know if the director of the department of public safety has done his duty and is fair in the matter. It is not child's play."

The vote was then taken on Benz's motion to lay on the table indefinitely. The result was 9 to 7, the same as on the first attempt. Nothing further was done, which leaves the vote subject to reconsideration should any one of the nine men who voted in the affirmative be willing to make a motion to reconsider at the next meeting of the committee.

Leslie Defends Himself.

Prior to the meeting Director Leslie sent a letter to each member of the committee. In it he denied that he had refused to testify, or that he held that councils had no right to inquire into the management of his department, or the conduct of any of its employes. He had simply protested against testifying at that particular time on the ground that he had the right, like every person charged with an offense, of hearing the testimony against him before being called upon to answer.

NEW ROUTE PLANNED.

Some Changes in Pennsylvania Railroad Are Made Necessary by Hudson River Tunnel.

TRENTON, N. J., July 9.—The Pennsylvania, New Jersey & New York Railway company, which was incorporated to construct the New Jersey end of the Pennsylvania railroad tunnel under North river, today filed with the secretary of state a map of its proposed route together with a copy of the minutes adopted at a meeting of the company in the office of the Pennsylvania railroad company in Philadelphia on Monday.

The route leads the main line of the New York division of the Pennsylvania railroad just east of Harrison and curves slightly to the northward, proceeding a distance of six and three-quarters miles to the middle of the Hudson river. The route crosses the Hackensack river, goes to the south at Snake Hill, where the Hudson county almshouse is located, and continues by tunnel under West Hoboken and Weehawken to the Jersey shore of the North river.

Brainy Hair

Under your loose, thin, falling hair is a brain. Use it. The result? You will use Ayer's Hair Vigor. It checks falling hair, restores color to gray hair, and makes the hair grow. No need of having rough and unruly hair.

"At the age of 20 my hair turned gray and soon grew almost white. After I had been in this embarrassing condition for fifteen years, I used Ayer's Hair Vigor, and three bottles of it brought back the old color."—M. A. Knight, Baldwin, Mont.

Record Year in the Excursion Traffic Line

FISHING CLUBS ARE NOW DEPARTING DAILY

Large Parties Over All Lines to Lake Resorts--Niagara Falls Business Heavy.

The season for hunting and fishing club excursions has again arrived, and almost every day now, and for two months to come, dozens of the 700 organizations of this kind in this city will be leaving for their resorts. More are going this year than ever before. For these clubs the railroads make special rates to resorts such as Conneaut, Erie, the Muskoka lakes and Michigan points.

For the larger and swellier organizations, such as the Iron City Hunting and Fishing club, Muskoka lake is the mecca. A lodge is maintained by the club named at that resort, and its annual trips are famous. All along the St. Lawrence river, in the Thousand islands region, there are likewise lodges of these Pittsburgh fishing clubs, while the shores of Lake Erie, between Erie and Conneaut, have other noted Pittsburgh settlements.

The travel occasioned by these outings is very large. This year the railroads are counting on about 15,000 passengers on this account alone. The business is eagerly competed for, and has been the cause of many disputes among the various lines that take part in it. The rates are settled in the spring and have been announced in The Gazette.

Saturday is to initiate the special excursions from this city to Niagara Falls at the $5 rate. The tickets are good for five days returning, and if the record of past years is repeated the crowds will be very large. Each of the Pittsburgh-Buffalo lines has two excursions of this kind. The Pennsylvania's dates over the Buffalo & Allegheny Valley division, are next Saturday and August 23. The Pittsburgh & Lake Erie will have similar excursions on July 26 and September 6. In addition, the regular Tuesday excursions at the $7.45 rate, with a longer return limit, are attracting an unusually large patronage.

Conneaut lake has been selected for the East End Merchants' outing on July 23. It has been customary for some years past for this excursion, which is under the auspices of the East End board of trade, to go to Idlewild. The official route this year is the Pennsylvania, and the Bessemer, and fully 2,000 are expected to go.

Front of New Wheeling Offices.

H. J. Lawrence, general agent of the Wheeling & Lake Erie, at Wheeling, was in Pittsburgh yesterday on a business trip. The company has just occupied its new offices in the McLure house block and Mr. Lawrence says "only the Wabash offices in Pittsburgh are finer than our new ones at Wheeling."

Bringing N. & W. Closer.

Some move of importance as regards the relations of the Panhandle and the Norfolk & Western, is believed to be under way. The Pennsylvania holds a large block of Norfolk & Western stock and virtually controls the road through having a majority of friendly directors on its board. The Norfolk & Western connects with the Pennsylvania railroad at Hagerstown, Md., by means of the Cumberland Valley, and with the Panhandle at Columbus. At Columbus a large interchange of lumber and coal from West Virginia and the south is made. The exact nature of the new arrangement has not yet been announced.

MINNEAPOLIS, July 9.—The grand jury has returned indictments charging A. A. Ames, mayor of the city; Fred W. Ames, superintendent of police, and Joseph Cohen, with accepting bribes. The charges are based on the alleged collection of tribute from disorderly houses.

General Grant's Stallion Dead.

BEATRICE, NEB., July 9.—Linden Tree, the celebrated Arabian stallion given by the sultan of Turkey to Gen. Grant, and by him given to Gen. L. W. Colby, now adjutant general of the state militia, died last night of old age. He was 30 years old.

FRENCH'S PLANS ARE NOW WORKING OUT

Cleveland Capital Is Taking Active Interest in His Youngstown-Akron Route.

Success seems about to crown the long-continued efforts of C. W. French, the railroad promoter of Mansfield, O., in his plans for a new line across Eastern Ohio to parallel the Baltimore & Ohio and the Pennsylvania. Some actual construction and a great deal of surveying have been done on this route.

Two Cleveland trust companies have within the past few weeks taken action on the matter, with a view to underwriting the bonds needed to build the line. The plan they favor is the Youngstown-Akron route, and the main reason for favoring it is the open confession by Vanderbilt railroad men that a link between those two towns to connect the Pittsburgh & Lake Erie with the Northern Ohio is desired. It is believed that the Vanderbilts will buy a good line of this kind if it is put into good shape.

Surveyors representing the Cleveland interests are now on the route investigating it carefully. If their report agrees that the line is the best that can be built it seems altogether probable that it will be constructed.

RAILROAD NOTES.

C. C. Bliss of Chicago, chief rate clerk of the Baltimore & Ohio railroad, is in the city on business.

S. B. Griffiths has been appointed agent of the Baltimore & Ohio at Demmler, vice G. Nolan, transferred.

The Baltimore & Ohio passenger department has issued a "Battle-Map," showing the historic battlefields along that system and which are easily reached by tourists.

The Erie is to double-track its line from New Portage to Barberton, O. It is said also that the line from Barberton to Akron will also be double-tracked.

General officials of the Pennsylvania deny that there is any danger of the Chicago freight-handlers' strike spreading to Pittsburgh. A. M. Schoyer, general superintendent of the Pennsylvania Company, has taken personal charge of the company's interests at Chicago during the strike.

NOTE THE CHANGE.

Sleeping Car from Pittsburgh Goes Through to Mackinaw City.

The sleeping car running from Pittsburgh over the Pennsylvania-C. P. & I. route—"The Fishing Line"—via Fort Wayne and Grand Rapids, goes through each week day to Mackinaw City. Mackinac island is reached at 8:15 a. m., where tourists will find excellent accommodations at the Grand hotel, a famous resort accommodating 1,000 guests. No change of cars from Pittsburgh to northern Michigan resorts. Full information furnished in reply to inquiries addressed to District Passenger Agent J. K. Dillon, room 396 Park building, Pittsburgh.

AN ITALIAN CAPTAIN

Cured by Pe-ru-na of Catarrh of the Stomach After Doctors Failed.

Hon. J. D. Botkin, Congressman From Kansas, Writes An Interesting Letter.

CAPTAIN O. BERTOLETTO.

Captain O. Bertoletto of the Italian Barque "Lincelles," in a recent letter from the chief office of the Italian Barque Lincelles, Pensacola, Fla., writes:

"I have suffered for several years with chronic catarrh of the stomach. The doctors prescribed for me without my receiving the least benefit. Through one of your pamphlets I began the use of Peruna, and two bottles have entirely cured me. I recommend Peruna to all my friends."—O. Bertoletto.

In catarrh of the stomach, as well as catarrh of any part of the body, Peruna is the remedy. As has been often said in Peruna will cure catarrh of one part, it will cure catarrh of any other part of the body.

Catarrh is catarrh wherever located, and the remedy that will cure it anywhere will cure it everywhere.

The following letter from Congressman Botkin speaks for itself:

HOUSE OF REPRESENTATIVES,
WASHINGTON, D. C.

Dr. S. B. Hartman, Columbus, O.:

My Dear Doctor—It gives me pleasure to certify to the excellent curative qualities of your medicines — Peruna and Manalin. I have been afflicted more or less for a quarter of a century with catarrh of the stomach and constipation. A residence in Washington has increased these troubles. A few bottles of your medicine have given me almost complete relief, and I am sure that a continuation of them will effect a permanent cure. Peruna is surely a wonderful remedy for catarrhal affections.—J. D. Botkin.

This is a case of catarrh of the stomach which had run for twenty-five years, according to his statement, and Peruna has at once come to his relief, promptly accomplishing for him more benefit than he had been able to find in all other remedies during a quarter of a century.

It stands to reason that a man of wealth and influence, like a Congressman of the great United States, has left no ordinary means untried and no stone unturned to find a cure.

If such cures as these do not verify the claim not only that dyspepsia is due to catarrh of the stomach, but also that Peruna will cure catarrh of the stomach, it is impossible to imagine how any evidence could do so.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Dinkey, superintendent of the Homestead steel works, headed the list with a large donation.

Wants Bigger Membership—At a meeting of the organization committee of the central branch of the United Irish league last night, in Alderman John Downey's office in Grant street, it was decided to appoint a paid delegate to solicit members among the Irish residents of Pittsburgh and the surrounding towns. Another meeting of the committee will be held on September 11.

Gaskins Was "a Bad Coon"—In arresting William Gaskins, a drunken negro on Washington avenue, Allegheny, last evening, Officer Robert A. Montgomery was struck in the head with a brick and knocked down. Passersby and two other patrolmen finally overpowered the negro, who was locked up on the charge of disorderly conduct and assaulting an officer. Montgomery has a severe scalp wound.

Tell Different Stories—John Topley of No. 2 Wilson street is locked up in Center avenue police station charged with being a suspicious person. He was arrested last night by Detective Edward Barry on complaint of Alice Smith of No. 1114 Forbes street, who claims he stole her watch. Topley says Miss Smith gave him the watch to carry for awhile, but becoming angry at him for a slight offense, charged him with stealing the watch.

Boys Charged With Theft—James Campbell, aged 9 years, of No. 11 South Thirteenth street, and Crig McConn, aged 12 years, of No. 2015 South Thirteenth street, were arrested last evening by Captain Charles Gallant and locked up at No. 7 police station charged with being suspicious persons. It is alleged that they entered the butcher shop of William C. Pfeil, No. 1220 Carson street, yesterday morning when no one was in and stole a watch.

Gasoline Stove Upset—A gasoline stove in the house of C. E. Reesmiller, No. 167 Carver street, was upset yesterday morning at 8 o'clock and the house was set on fire. Charles Reesmiller, 5 years of age, was carried out by two street laborers. The fire spread to the adjoining house, occupied by Mrs. E. Beleas, before the firemen arrived. The loss on the buildings, owned by J. D. Spangler, is $1,500, covered by insurance. Reesmiller's loss is $800 and Mrs. Beleas lost goods valued at $500.

Italians to Have Church—The Italian Catholics of Braddock and vicinity are to have a church. Bishop Phelan has granted their request for an Italian priest, and mass will be said by an Italian priest every Sunday hereafter in St. Joseph's German Catholic church, Braddock, until the congregation, which will be organized next Sunday, can secure sufficient money to commence work on their church building. It will be built in Rankin. The congregation will have a membership of 500 from Braddock, Turtle Creek, Wilmerding, Homestead and Duquesne.

DETAILS EN ROUTE TO PREPARE THE CAMP

Advance Guard of Local Organizations Left for Gettysburg Last Night.

The first of the local soldiers of the state guard to leave for the encampment at Gettysburg departed last evening in special trains over the Pennsylvania and the Baltimore & Ohio. These were the details from the companies of the Tenth, Fourteenth and Eighteenth regiments and Battery B, who go a day ahead of the rest of their commands to prepare for the others' coming. The Second brigade staff also left last evening.

Considerable enthusiasm attended the gathering and at the Union station there was some military display when the details were marched into the big space between the station and the gates, and again when they were marched to the train. Everything was accomplished in good order and the trains departed with their heavy loads at the scheduled time.

The members of the Second brigade staff left over the Pennsylvania. In the party were Maj. S. W. Jefferis, inspector; Maj. W. L. McLean, commissary; Maj. S. C. Milligan, surgeon; Maj. J. R. Robertson, assistant adjutant general; Capt. W. L. McNary, aid, and Sergts. F. J. McLean, J. W. Fulton, E. E. Grim and Marshal Phipps.

The detail of the Tenth regiment was in command of Capt. Blaine Aiken, quartermaster. In the detail at the Water street station of the Baltimore & Ohio were nine men from Company A, 12 men, including First Lieut. C. H. Powell, from B company, 9 from H, and 9 from K. At Connellsville these details were joined by Capt. Richard Coulter of Greensburg and Lieut.-Col. Everhart Bierer, with details of 9 from each of companies I, D, E, and C.

The detail from Battery B also went over the Baltimore & Ohio. There were 12 men in charge of Lieut. J. T. Purucker. The detail took the field equipment with it.

The detail of the Fourteenth regiment comprised 76 men and traveled over the Baltimore & Ohio. The officers in charge were Capt. Murray G. Livingston, quartermaster, and Capt. A. L. Crookston of Company A. The hospital wagon and canvas of the regiment were taken along.

The detail of the Eighteenth went over the Pennsylvania. It was in charge of Capt. W. K. Reifsnyder of Company E and comprised 82 men. The commissioned officers with the detail were First Lieut. R. J. Morgan, Company F; Second Lieut. E. J. Hatch, Company G; Capt. Robert W. Bissell, quartermaster, and First Lieut. Edward Stieren, assistant surgeon. They will be joined along the route by details from companies of the Fifth, in charge of Quartermaster D. M. Caldwell.

On a later train went the detail of 10 from the Second Brigade band, in charge of Sergt. August Hauser.

Much enthusiasm is expected this evening when the full regiments march to the stations to start for the encampment. It is a yearly scene, which attracts large crowds on the streets.

Verona Bond Issue Money Paid.

Verona council has received the money from the issue of improvement bonds authorized at the last election. The total of $45,000 will be used for grading and paving streets, and the building of a new sewerage system. The bonds were all bought by the First National bank of Verona.

DIP IN SALT SEA THE CHIEF EVENT AT OYSTER BAY

President Takes the Whole Family for a Swim Just Before Luncheon.

SECRETARIES KEPT BUSY

Two Heavy Sacks of Mail Add to the Labors of Cortelyou and His Assistants—Cabinet Members Are Expected.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Oyster Bay, L. I., July 9.—It was just before luncheon that the president, Mrs. Roosevelt and their children walked down the winding walk from Sagamore Hill to their bath house on the little beach beside the bay at the foot of the wooded hill. The entire family went in bathing. The heat was oppressive and the family seemed refreshed by their dip so they returned home.

Mail addressed to the president's summer home is increasing day by day. Its volume was enormous today and the messengers carried two bags with sides nearly bursting.

Mr. Cortelyou, the president's secretary, and his assistant, William Loeb, Jr., spent the entire morning going over the mail, making the president acquainted with all important matters and receiving his instructions. They were kept so busy that they did not drive to the offices in the bank building until 4 o'clock p. m. On their arrival they noticed that for the first time a big new American flag had been run up on a flagstaff on the building. A fourth room has been added for the use of stenographers.

There were no visitors at the president's home during the day. President Roosevelt has informally invited the members of his cabinet to visit him at his Sagamore Hill home. It is understood that they will avail themselves of the opportunity to come to Oyster Bay at their own and the president's convenience. It is expected that Secretary Root will arrive in a few days. The president is kept in close touch with departmental affairs in Washington and almost hourly during the day is in communication with members of the cabinet.

PITTSBURGHERS IN $8,000,000 GAS DEAL

Union Natural Gas Company Takes Over Six Pennsylvania and Ohio Concerns.

The Union Natural Gas Company, recently incorporated under the laws of Delaware, by Pittsburghers, is taking over six of the most important independent natural gas concerns in Western Pennsylvania and Eastern Ohio. The new company will have a stock issue of $6,000,000 and bonds of $2,000,000. A new pipe line system is being extended to carry the gas from the greatest source of supply in Lewis county, W. Va., through eastern and north central Ohio and this will feed Mansfield, Marion, Galion, Crestline, Bucyrus and Upper Sandusky, O., and other towns of that section.

The concerns absorbed by the new company are the Manufacturing Gas company of Bradford, Pa., the Warren & Chautauqua Natural Gas company of Warren, Pa., the Logan Natural Gas company of Lancaster, O., the Newark Natural Gas company of Newark, O., Buckeye Natural Gas company of Circleville, O., and the Athens Natural Gas company of Athens, O.

The combined interest, the Union Natural Gas company, has organized by electing the following directors: Charles Donnelly, T. N. Barnsdall and Charles B. Speer of Pittsburgh, P. W. Lupher and S. A. Wheeler of Lancaster, O., Henry McSweeney of Oil City and Gardner W. Kimbell of Wilmington, Del.

TWELVE PAGES.

Pushing Along the Panama.

First steps toward securing a proper treaty with Colombia and to perfect the title of the Panama canal have been taken. Every indication promises satisfactory progress and complete success in the end. Colombia's representative at Washington is not merely willing but eager to have the business go through just as the United States wants it, and there is every reason to believe he represents official as well as popular opinion in Colombia. Doubtless the Panama Canal Company is as earnest, because a sale to the United States is the only possible way for it to get a fair share of its money back. With the American government at work on the Nicaragua route there would be no future for the Panama canal except to remain an unfinished ditch.

Outings for Poor Children.

With the incoming of the excessively hot weather the beneficent work of transplanting child life from its unhealthy surroundings in the city to the cool, fresh country farms has been successfully inaugurated. This charity, only recently made a feature of modern efforts to relieve the poor, is one of the most useful and helpful of all the good deeds undertaken by the benevolently disposed. It is almost impossible to alleviate by the ordinary means the suffering of children who are confined throughout the long, hot days and nights in the narrow courts and alleys of the city. By removing them temporarily into fresh, clean atmosphere the work is half accomplished already. Physical vitality is renewed by even a temporary sojourn in the country, and this added to the wholesome food and the healthier association goes farther toward rehabilitating the wornout little bodies and minds than all the medicines and even delicacies that might be provided for them in their city homes.

The various organizations engaged in this splendid "country outing work for children" should be generously supported.

Pennypacker or Pattison?

It is at least interesting to note that a local newspaper long devoted to opposition to Senator Quay complains that "it is known that Mr. Quay gave no assurance to the regular Republicans that he would decline to permit the name of Judge Pennypacker to go on the proposed independent ticket, whereas it is claimed by the Citizens' leaders that, as a matter of fact, Chairman Quay has given them assurances that Pennypacker's name may go on the ticket."

It may be worth while in this connection to inquire how Senator Quay is to prevent the appearance of Judge Pennypacker's name on the Citizens' party ticket. The Citizens' leaders are making up their own ticket to suit themselves, and haven't been receiving or accepting suggestions from the Republican local or state organizations. Senator Quay has demonstrated that he has a fairly strong hold on the Republican party, but doesn't seem to have reached the stage when he can order other parties to do things.

Also it may occur to some people that it might not look well for the chairman of the Republican state committee ,pledged in every way to labor for the success of the Republican state ticket, to use his influence to have the Democratic state ticket strengthened by a Citizens' party indorsement.

It is well remembered that when Pattison was last a candidate for governor the journal that complains of the devoted champion of the nominee. It is not surprising, to find it advocating a policy that would tend to help its old-time favorite, again a candidate, at the expense of the nominee of the Republican state convention. There may be a way to keep Pennypacker off the Citizens' ticket, but if the Republican state chairman, whose business it is to get votes for Pennypacker, is the one to find the way, it has not yet been demonstrated.

It will not be out of place to note in conclusion that the same journal that criticises the Republican state chairman for not trying to keep votes from Pennypacker, and that supported Pattison for governor, and often opposed Republican nominees, has in its time heartily welcomed Democratic support of candidates it favored. If this record in any sense justifies its present course in advocating a refusal of independent votes for Pennypacker it must be because continued inconsistency is necessary to make its present consistent with its past.

Superintendent Schaeffer's Idea.

The Hon. Nathan C. Schaeffer, superintendent of public instruction of Pennsylvania, presents an idea for the raising of money for the support of the public schools that may be offered for the consideration of the legislature at its next session in the concrete form of a bill for enactment into law. Prof. Schaeffer's views appear in a paper read by him at the meeting of the National Educational association at Minneapolis, in which he advocates a specific tax on corporations to provide funds for public instruction. This is in a sense a modification and refinement of the Pennsylvania revenue system. The revenues of the commonwealth are derived very largely from a tax on corporations and from the funds so derived the legislature appropriates for the partial support of the schools. It is extremely doubtful whether Prof. Schaeffer's plan would be an improvement on this. If it would be a good thing to levy a fixed millage on the corporations for the schools, why not a fixed millage for the maintenance of each separate governmental function? By such a process the functions of the committees on appropriations would be largely absorbed by those of ways and means, which would be the least objection, and the legislative control over expenditures would be much lessened, which is a greater objection. Control of expenditures of public moneys would be less in the hands of representatives of the people and more in the hands of bureaus and departments and comparatively irresponsible boards. Prof. Schaeffer views the matter from the standpoint of the enthusiastic specialist rather than from that of a broad statesmanship that surveys the whole field. There are many and diverse interests to be considered and it is better on the whole to consider their needs in relation to each other and the entire sum available for all purposes, rather than to levy a separate tax for each or for any one of them.

The Democratic Convention.

There is little to be said about the Democratic county convention except that it was an unusually orderly meeting and that it carried out the program of the local party leaders. The Citizens party ticket was indorsed with hardly an objection from any quarter, despite the many threats to the contrary heard before the meeting. This was, no doubt, an exhibition of political wisdom, for the Democracy in this county is in such a hopeless minority it has everything to gain and nothing to lose from a fusion movement, whether any candidates on the ticket are elected or not. It is only by such combinations that it can become even a formidable party of opposition.

The French Army and Ours.

The government of France intends to reduce the strength of the army. Under the present arrangement that country maintains a force of 539,000 men. It is proposed to cut it down to 489,000 men. The reduction of 50,000 soldiers in an army so large as France's is not very much, but no doubt the Frenchmen who are compelled to go into the army, whether their tastes incline to a soldier's life or not, will be glad of this much relief, especially as the plans include the substitution of a two year's service instead of the present term of three years. Under the new plan, however, there will be no exemptions. Even the bread-winners who were not compelled to serve before will now be required to do their two years' term in the army.

Persons in America who are inclined to fear "militarism" from the authorization to increase the United States army to a maximum of 100,000 men in time of need are invited to compare the French system with ours. At the present time, with a population of 88,000,000 persons at home and in the colonies, we have a standing army of 66,000 men. France, with a population in Europe and elsewhere of 65,000,000, deems it advisable to maintain a force of close to half a million soldiers. What would the shouters about "militarism" think if they had to live under the French system?

Sunday Closing of St. Louis Fair.

A telegram from David R. Francis, president of the Louisiana Purchase Exposition, to the treasury department at Washington yesterday gives assurance that the board of directors of the big show will comply with the Sunday closing stipulations of congress. It will be remembered that at the time the question of a government appropriation in aid of the exposition was under discussion there was such protest made against keeping the fair open on Sunday that a condition was inserted in the appropriation bill that the gates should not be open on that day. Acceptance of the terms means that the fair will get the appropriation and visitors to St. Louis during the fair season must bear in mind that Sunday is to be their quiet day. It is not to be presumed that the management of the fair agrees willingly to accept the conditions imposed by congress, but $5,000,000 is $5,000,000, and the managers need the money to make their commemorative enterprise a success. If they could see enough in Sunday opening to reimburse them for refusal to comply with the congressional condition, doubtless they would refuse. But there is more for them in the appropriation than in the Sunday gate receipts, in addition to which the enterprise is given by compliance a certain respectable standing, the lack of which might keep many away and thus materially lessen the regular week-day revenues. A reputation for wide openness repels many even of it attracts some.

Trying to Smother Facts.

Amid the hue and cry raised by machine organs the facts about filtration are concealed as much as possible. It is in no wise the fault of common council that Pittsburgh is not to have purified—or, at least, clarified—water in the shortest possible time. The fact is that Judge Buffington ruled against the city entering into contracts in excess of the funds available for the purpose, and common council followed the lines of that decision.

It has been intimated the estimates were excessive. Very likely. If so, the fault for that lies with executive officials who have always trained with the machine. Representatives of the citizens in common council could not change the estimates. They could protect the taxpayers by disapproving the ordinances, and that they have done. Again, there is an attempt to make it appear that the action of the Allegheny County Medical society was a condemnation of the reform majority in common council. If anything of the sort was intended it did not appear in the proceedings. The doctors simply repeated their urgent demand for better water. That was eminently proper. Common council wants better water, but not at the expense of a tremendous job or endless litigation.

King Edward's Determination.

It is said that King Edward is determined to be crowned in about five weeks, although his physicians do not regard his determination with composure. But he knows how he feels, and he feels that he is gaining strength daily, and what is the use of being a king if he can't have his own way this time about his coronation, since the first attempt met with so abrupt an end? The doctors' bulletins are uniformly favorable. The royal patient has made steady and remarkable progress. No doubt, his sturdy will which stood him in good stead at the time of the surgical operation and in the anxious days which followed, is now aiding in his recovery.

The desire to be crowned is not necessarily a selfish one on Edward's part. He is just as much a king now as he will be after the crown shall have been placed on his head, and he has been every inch a king since his lamented mother, Queen Victoria, died; but England has been looking forward to the coronation with an interest scarcely to be understood in a republic, and Edward is resolved that his faithful subjects shall not be wholly disappointed if he can help it, and that the money spent in preparation for the spectacle shall not be a total loss. He is willing to run some personal risk to gratify England. He did run a great risk by not yielding sooner, for his case demanded earlier attention than it received. His thought for others was constant. For this consideration of the people he is respected, and it is earnestly to be hoped that the coronation will take place as now planned, although shorn of much of its glory, and that the doctors' fears that the second period of his convalescence will be prolonged will prove to be groundless.

At the encampment of the National Guard at Gettysburg the State Young Men's Christian association will have its tent, as usual, where leading newspapers will be kept on file, and where guardsmen may spend pleasant moments off duty. This work of the Y. M. C. A. has been highly appreciated at past encampments and is thoroughly commendable.

That is a queer ordinance in Bellevue borough that prohibits more than two persons riding in a one-seat buggy. Even more singular is the idea of an officer to arrest the third man and permit the other two to escape. The burgess who discharged the one defendant has all the best of the controversy now raging.

Senator Gallinger's great speech, "Prosperity is the Issue," was one of the best delivered during the recent session of congress. It is gratifying to note it can be had in pamphlet form by postal card request to W. F. Wakeman, Washington, D. C.

Uncle Sam has again done China a good turn. Secretary Hay's representations to the European governments have brought prompt promises for the early evacuation of Tien-Tsin by the foreign troops.

The Philadelphia organ that has been engaged so long in a fruitless effort to unhorse Quay might find it beneficial to join one of its own outing parties to the country.

If Tracy, the fleeing Seattle convict, is trying to follow all the routes guessed by his pursuers he is running an awful risk of overexerting himself this warm weather.

GOTHAM SUFFERS FROM HEAT WAVE

Nearly a Dozen Deaths the Ghastly Toll for One Day in the Metropolis.

THE PITTSBURGH GAZETTE BUREAU,
Herald Building, Herald Square,
NEW YORK, July 9.

Hottest day of the year in New York. What Pittsburgh had on Monday we have had today, and it was a sizzling, seething, gasping experience for everybody on Manhattan island. What the list of prostrations will be by the morning is dreadful to think of. Nearly a dozen deaths had taken place before sundown, and the number of persons disabled by the heat was very large—so large as to be virtually uncountable. Business went on about as usual in spite of heat. This metropolis has not yet arrived at the point of civilization which makes a siesta possible, or a cessation of business when the mercury gets to 90 odd, the recognized proper thing. So truck horses, with their grotesque straw hats perched on their ears, dragged their heavy loads up the steep streets near the rivers, and business men hustled along Broadway and off the streets of the financial and wholesale mercantile districts with their customary recklessness, and even policemen, standing in the breeziest spots at street corners, perspired in dignified humidity. New Yorkers are not different from Pittsburghers in the misery of an abnormally hot day. They say about the same things, ask the same questions, show peevishness in street cars and public buildings, and wonder how long it will last, just as do the citizens of Western Pennsylvania. The irritating quality of the question, "Is it hot enough for you?" is as marked in Broadway as in Smithfield street, and the good people of Gotham are as tolerant of a strong expletive wrung from an otherwise blameless pedestrian as he finds his recently clean collar gone to pulp, as are the pious denizens of the market places of Pittsburgh. It has been a hard day on everyone here. Bartenders have worked double tides and soda fountains have fizzed incessantly since long before breakfast time. It was good for the roof gardens tonight, and the new spectacle, "Japan by Night," on Madison Square Garden roof, especially did a land office business. Cooler weather is promised for tomorrow and then we shall be comfortable again, perhaps.

Written by a Sporting Editor.

When William Cullen Bryant was editor of the Evening Post in this city he posted in the editorial rooms a long list of expressions, words and ungrammatical phrases the use of which in the paper would mean severe punishment for the offender. The Post's index expurgatorius became famous, not only in this country, but in Europe as well. In the Post this evening there is an account of a drowning accident, in the course of which we are told that one of the witnesses "landed in the water." What would William Cullen Bryant think of that, if he were here?

Devery Again at "The Pump."

Devery does not say much about his ambition to be leader of Tammany Hall, but it is understood that he is in the fight to win, if aggressiveness and hard knocks for the other side can accomplish the object. He has come to town from Rockaway to look after his fences and has established headquarters again at his old post, "The Pump," at Eighth avenue and Twenty-eighth street. It looks natural to see the "Big Chief" sitting in a bootblack's chair close by the hydrant known as "The Pump," nodding with ponderous dignity to his acquaintances and receiving reports from his willing henchmen with grunts of approval or otherwise, as it may happen. Devery is a great character, and for that reason if no other would make as good a Tammany leader as the Braves have ever had.

Kitchen Gardens Afloat.

Among the many strange craft that ply up and down the rivers around New York one may frequently see one that looks like a back yard afloat. It is a large platform, inclosed all the way around with a picket fence, such as Pittsburghers may see in Knoxville or the suburbs of Allegheny City. There are gates in the fence, and, to keep up its resemblance to an ordinary inclosure of a suburban garden, there are green leaves to be seen within. These floating yards are used by wholesale fruit dealers. It is found that bananas, pineapples and other tropical fruits spoil so easily in this hot weather that they must not be packed closely, even for an hour. So they are put on these floats in such a way that the air can reach them from all sides, and the trips on the rivers are made as long as possible.

Old Tax in New Coffers.

When it was announced that the personal property valuations in this city are $23,000,000 less this year than 1901, there was general surprise, and old New Yorkers asked each other whether the city was "going back." James L. Wells, president of the tax department, today explained it by saying that it does not mean that the amount of personal property in this city has grown less. "One the contrary," he said, "It has increased as much as real estate. Recent laws are responsible for the apparent decrease. A large amount of personal property which was formerly assessed by the city is now assembled by the state. As a consequence, the tax on this property goes into the state and not into the city treasury. It is not a dead loss to the city however. Under these new laws the state tax will be greatly reduced, and the tax which the city pays the state will also be reduced; so, we make up indirectly for the loss, although this fact does not appear in the formal tax statement."

Furnish a Scotch Mixture.

One of the praiseworthy customs of many firms in the business districts of this city was brought to notice again by the hot wave today. It is of not only using distilled water in the water coolers for the clerks and others, but the putting of a large quantity of oatmeal into the tank. The fact that oatmeal in ice water is a sanitary measure which should be generally followed has been understood for many decades, but it is only lately in New York that it has been a common thing to find oatmeal thus used. It was realized early this morning that this would be a sweltering day, and the oatmeal and distilled water was placed on tap as soon as business began. Perhaps this is one reason there have been comparatively few prostrations in the downtown parts of Manhattan borough.

Priscilla Is Truly Beloved.

The great Fall River line steamer Priscilla is familiar to most New Yorkers. Going to and from Fall River and Boston she steams around the Battery and up the East river, and a splendid view of her is obtained from the Brooklyn bridge, as well as from many parts of the river front. So, when the news came that she had been nearly sunk by a collision with another steamer, the general expression was one of horror that such a magnificent vessel could be so near destruction. On the Fourth of July, as she lay in her slip in the North river, there was not a vessel in the harbor that was more gorgeous in the bravery of flags of many nations than the palatial Priscilla. Her being taken out of commission for the weeks that will be required to repair the damage to her is taken as a personal loss by thousands of people here.

Coming Closer to Godliness.

Public baths are a splendid feature of New York life. Although the fare to Coney Island is only 10 cents, there are many persons in this city who cannot afford the money and time to go to Coney for a bath, and who have to depend on the municipal government for ordinary ablutions. There are half a dozen baths where one can splash about in the swimming pools without paying, and where, on certain days, girls and women have the baths to themselves. The water is pure because the baths are built around portions of the rivers, with the water flowing through as it will. Attendants must be paid, and the city supplies soap, towels and other adjuncts. What it means to dwellers in the tenement to find means for a free bath at hand whenever the spirit moves them to take it can easily be understood if one takes a walk through some of the densely-packed East Side neighborhoods on these hot night. Health Commissioner Lederle has just issued permission to the superintendent of public buildings and offices to build three more baths. Less than 10 years ago New York had no free baths; now it will soon have a dozen, perhaps a score.

Whole Day for Doll Rags.

Members of the Professional Women's league are busy with preparations for the exhibition to be given at Madison Square garden toward the close of the heated term. As in former years, when the league modestly gave its annual bazaar at the Waldorf, dolls will be a feature, and two dozen were launched new-born upon the world yesterday, mutely begging for garments in the chill July air. They were promptly supplied by members with the maternal instinct, and will appear at the exhibition in creations warranted to bring tears of envy to others. July 17 is to be doll day, for then, whizzing by trolley, some members will go to spend the day with Mrs. John Herne at Larchmont and have a piazza party, incidentally doing as much sewing as the demands of the day will permit.

Mothers to Discuss the Babies.

The State Assembly of Mothers, an organization devoted to the interest of children in the home and school, is to hold its annual convention in New York city this fall. The meetings are to be held in the assembly hall of the board of education.

Gold Heels Blamed With New Fad.

The winning of two big races by one horse is responsible for a new fad in upper Broadway. Gold Heels is the name of the gifted animal. A young woman in the chorus at one of the theatres on Broadway which remain open had a tip to bet on Gold Heels for each of the big handicaps. She won so much money that, in token of her appreciation, she had gold heels made to her new shoes. At last a dozen other actresses are sporting gold heels now, and it is feared the fashion may spread before a new freak displaces it.

Ninety Per Cent Off for Cash.

Said William Parry, formerly stage manager of the Metropolitan opera-house, yesterday: "Kind friends of mine told the newspaper men that the performance given for my benefit at the Herald Square theater last Sunday night netted me $1,000. This statement has got me into difficulties for, as a matter of fact the receipts were about one-third of this, and by the time I had paid for the theater and other expenses, why, I had not more than $100 left. Benefit performances are not always what they are cracked up to be," was his gloomy conclusion.

All Become Middle-of-the-Roaders.

Few New Yorkers—uptown particularly—now take the trouble to go to corners to cross the street. Formerly when the crossings were paved with flagstones they offered a smoother and, in wet weather, a dryer passageway than the granite blocks, which were frequently displaced by traffic, forming hollows in which puddles of water gathered. The asphalt pavement, however, has done away with this advantage of the street corners, and now not one person in 10 hesitates about going from one side to the other at any point that may suit his fancy.

Notable Army Wedding.

A wedding occurred at Salvation Army headquarters in West Fourteenth street tonight at 8 o'clock, which was of special interest to the army. Maj. Ferris, Salvation Army lawyer, and Miss Welsh, who is known in the army as the probationary policeman with the rank of staff captain, were married. Both hold responsible positions, and both are popular. The wedding was one of the most notable that has ever occurred in the history of the Salvation Army. The crowd was enormous, as is usual at Salvation Army weddings.

Prepare for Bastile Day.

The Societe Francaise de Bienfaisance is making elaborate preparations for the celebration of the French national fete on July 14. The anniversary of the taking of the Bastile will be celebrated this year with great brilliancy. The society has engaged the Harlem River park for that day and a large kirmess and garden party will precede the evening rejoicing, which will include a vaudeville show, fireworks and dancing. The French consul general will attend, as well as delegations from the various French societies of this city.

COURT GOSSIP OF ALL EUROPE

Marquise de Fontenoy Writes of Cabinets and Nobles.

Princess Louise of Saxe-Coburg-Gotha, eldest daughter of the king of the Belgians, who has been under restraint as mentally afflicted ever since she was seized along with her husband's chamberlain, Capt. Count Keglevitch, at Agram, has at length been released from the sanitarium in which she has been confined for several years past at Dresden, and, accompanied by a coupe of ladies-in-waiting, a physician and some servants, is established for several weeks at the Hotel Wettin, at the quiet little Saxon Spa of Elster. It is probable that at the close of her sojourn there she will take up her residence in Belgium in one of the chateaux belonging to her father instead of remaining any longer interned at the sanitarium at Dresden.

Meanwhile ex-Capt. Keglevitch's appeal against the sentence of the court-martial, which condemned him to dismissal from the army and to a long period of penal servitude, has been rejected. It is generally believed, however, that he has been quietly set at liberty on the understanding that he would leave Europe never to return, and that he is either in the United States or in Australia under an assumed name.

Kaiser's Military Cabinet.

The new Prussian minister of public works, Budde by name, is a major-general of the army, and his appointment serves to emphasize the essentially military character of the kaiser's cabinet. As I mentioned last week, the chancellor, Count von Buelow, who is likewise Prussian premier, has just been promoted to the rank of colonel of cavalry preparatory to being advanced to the grade of general. The minister of war is Gen. von Gossler, the minister of agriculture is Lieut.-Gen. von Podbielski. Another member of the cabinet in Vice Admiral von Tirpitz, who formed part of Prince Henry's suite during the latter's stay in this country. These are the most notable representatives of armed forces in the Prussian cabinet, and that the civilian element should be in the majority is, after all, only natural when one bears to mind the extent to which Germany is essentially a military and also a naval power.

Last Knight Grand Cross.

With the death of King Albert of Saxony there disappears the last of the Knights Grand Cross of the Order of the Iron Cross, first founded by King Frederick William III. in 1813 at the time of the Napoleonic war and revived in 1870 by his son, Emperor William. The order of the Iron Cross consisted of three classes, namely, the Knights Grand Cross and the Knights of the First and Second Class. As everyone knows, the cross is of iron with a silver rim. For the great Field Marshal Blucher, the most heroic figure of Germany's war of liberation from the thraldom of the first Napoleon, a special iron cross with gold rim was constructed. Three years ago the last surviving possessor of the cross conferred in the war of 1813 expired.

In the war of 1870 Emperor William created eight Knights Grand Cross of the order, comprising himself, Field Marshal Moltke, the late Emperor Frederick, the late Prince Frederick Charles of Prussia, the late Field Marshal Count Blumenthal, the late Gen. von Werder, who drove Bourbaki and his army of nearly 100,000 men to seek refuge in Switzerland; Prince Bismarck and the late King George of Saxony. King George was, therefore, the last survivor, and there are no longer any members of the highest grade of the famous Germon order of the Iron Cross in existence.

A Barbarous Custom.

Talking of the late King George I notice that the kindly old monarch was subjected to the usual cutting-up process which is to many people one of the most displeasing practices that have survived from mediæval times. In the funeral procession from the railroad station at Dresden to the church where the entombment took place, the hearse containing the coffin was preceded by three of the late king's chamberlain's in full uniform, each bearing a silver urn. In one was contained the heart of the king, in another his entrails, and in the third his brain, each preserved in spirits of wine, and carefully, as well as hermetically, sealed.

These urns are preserved in niches in the chancel of the court church, and constitute the complement of many scores of similar urns in which are preserved royal hearts, royal entrails and royal brains. That they should be removed from the body, separated therefrom and preserved apart is bad enough in all conscience. But it is simply barbarous to draw public attention to this species of dismemberment of the remains of illustrious dead by solemnly parading these urns through the city.

At Vienna both the late Empress Elizabeth and the brother of the emperor, the late Archduke Charles Louis, left explicit directions forbidding any such cutting up of their bodies. But the custom is still adhered to in many other continental countries, and I remember witnessing the solemn transfer with much state of the urn containing the heart of the mother of the present king of Bavaria from Munich to the monastry at Neu Otting some months after her death and after the entombment of her body. She was a woman who had suffered cruelly, a "mater dolorosa" if ever there was one, having lived to witness the tragic death of one son and the affliction of the other by incurable insanity. And when we gazed upon that urn which was being borne with so much ecclesiastical, military and courtly pomp to Neu Otting, we could not help thinking of the cruel sufferings undergone during many years by that royal heart which we knew to be floating about in that silver vase full of spirits of wine.

Old Memory Revived.

The new German Army List has just been published and among its features is the appearance of the young 16-year-old king of Spain as colonel-in-chief of infantry regiment No. 66. It seems that he was invested with this honor by the kaiser on the occasion of his coming of age last March, and it serves to call to mind the extraordinary treatment to which the father of this young king was subjected by the Parisian populace for having accepted from the late Emperor William the colonelcy of a Lancer or Uhlan regiment.

The corps in question happened to be stationed in Alsace and the late King Alfonso had been a guest of the late Emperor William during the grand maneuvers of the German army in the Reichsland. The French were indignant enough that the king should have attended any such maneuvers in the provinces that had been wrested from them by Germany in the war of 1870. But that he should have accepted the colonelcy of a regiment of that particular branch of German cavalry which had won for itself the special execration of the French during the conflict was more than they could bear, and the consequence was that when on arriving from Strasburg he drove through the streets of Paris to the Spanish embassy on the left bank of the Seine, he was not welcomed with cheers, but hooted in the most disgraceful manner, and even pelted with stones, with mud and with offal.

Indeed, it was owing to the treatment to which he was subjected, and which caused him to leave Paris on the following day that the French capital was boycotted for so many years afterward by crowned heads and royal personages who did not relish the idea of being possibly made to pay in such a fashion for courtesies received at the hands of the German kaiser.

MARQUISE DE FONTENOY.

THE DEATH ROLL.

Judge William Marvin.

SYRACUSE, N. Y., July 9.—Judge William Marvin died at his home in Skaneatles this morning, aged 94. He was appointed United States district attorney for Florida in 1825 by President Jackson and was appointed United States district judge at Key West by President Van Buren. He held court at Key West until 1863, and it was a union court, with the American flag floating over it, though every attendant of the court from district attorney to crier joined in secession. After the war President Johnson appointed Judge Marvin provisional governor of Florida. After the government was established he was elected to the United States senate, but was not allowed to take his seat because negroes had not been allowed to vote. Judge Marvin returned to his home in Skaneatles in 1867, where he had since lived. He had written several works upon maritime law and theological subjects. He voted for every Democratic president from Jackson to Cleveland, but bolted Bryan in 1896. Judge Marvin was the father-in-law of Gen. Ludington, quartermaster general, U. S. A.

The Hon. Samuel D. Murphy.

LATROBE, PA., July 9.—The Hon. Samuel D. Murphy is dead at the family residence in Latrobe, after a lingering illness from locomotor ataxia. He was born in Ligonier valley 57 years ago. When he was 19 years old he enlisted in Company D, Fourth cavalry, Pennsylvania volunteers. He served with distinction in the battle of the Wilderness, and all other important engagements along the line of the Army of the Potomac. He served two terms in the legislature. He was postmaster at Millwood and held numerous other offices. Mr. Murphy was a member of the First Presbyterian church of Latrobe. He belonged to the Masonic fraternity and other organizations. He is survived by his widow, three daughters, Mabel, Cora and Inez, and a son, Francis.

James Rafferty.

James Rafferty, 75 years old, one of the best-known drygoods merchants in this section, a former member of the firm of D. Gregg & Co., died yesterday morning at his home, No. 1000 Cedar avenue, Allegheny, of old age. He was a native of Ireland and came to the United States in 1845, settling in Allegheny, where he had resided since. He was an active worker for many years in the Fourth United Presbyterian church, Allegheny. He is survived by his widow and one sister, Mrs. David Gregg of No. 2025 Lincoln avenue, Allegheny.

John M. Carnahan.

John M. Carnahan, whose mother was the first white child born in Butler county, died suddenly yesterday morning at his home, No. 1412 Arch street, Allegheny, in his 71st year. Mr. Carnahan was a resident of the North Side for 50 years, and for many years was an employe of the Allegheny Heating Company. He was a member of the North Avenue Methodist Episcopal church, and of its choir. He is survived by two daughters, Mrs. J. R. Henricks and Mrs. A. P. Robinson, and also by four sisters and one brother.

Harry McK. Beeson.

Harry McK. Beeson, a brother of Robert C. and William H. Beeson, of the Beeson Paper Company in Liberty street, and a former resident of Pittsburgh, died suddenly yesterday morning in New York, aged 28. He was a son of the late Gen. H. W. Beeson of Mulberry Hill, Fayette county, Pa., and a graduate of the Kenyon Military college in Gambier, O.

Mrs. Nannie A. Kent.

Mrs. Nannie A. Kent, 55 years old, died yesterday at her home, No. 225 Isabella street, Allegheny, from heart failure, owing to the great heat. PERSONALS.

C. W. Albright, hospital steward at the army barracks at Washington, D. C., was a passenger over the Baltimore & Ohio railroad last evening en route to the Philippines. He is one of seven experienced hospital stewards detailed by the government to work in the Philippines to prevent the farther spread of cholera among the soldiers in the army there. The ravages of the cholera already are said to be but little understood in this country. The seven regular army hospital stewards detailed to this work were the picked men of the service, a special examination having been ordered to select the most fitted for this dangerous service.

"Here is the identical $5 bill which you gave me 14 months ago in over-change," said a traveling man to Norton W. Brocker, clerk at the Lincoln, last evening. "I have carried it all that time in order to return it to you, but this is the first time I have been in Pittsburgh since that visit." Mr. Brooker accepted the bill and, after stamping the date on it with the hotel stamp, added that he remembered very well being found short in his cash account at that time, and would keep this bill as a souvenir of unusual honesty.

George A. Lashell, president of the Argonaut club, will leave this morning for the club's headquarters on Burt lake, Michigan. With him will go 20 members of the club who will remain at the resort from two to six weeks. This resort, which has been greatly improved recently, is one of the most beautiful spots in the upper peninsula. The club has arranged to send excursions from Pittsburgh every Tuesday and Thursday until September 1.

Oliver Shidle, whose basso profundo announces in the afternoon and evening the departure of trains at the Union station, departed with his family last evening on his vacation. He goes first to Jersey City, his old home, and then to Atlantic City. In the meantime Charles O'Neill, one of the outside men at the station, will call the trains.

Joseph U. Crawford, engineer of the branch lines of the Pennsylvania railroad, is at the Duquesne. His headquarters are at Philadelphia and his present trip here is on railroad business.

Paul H. Negley of this city was a passenger on the Pennsylvania limited last evening for Chicago.

DETAILS EN ROUTE TO PREPARE THE CAMP

Advance Guard of Local Organizations Left for Gettysburg Last Night.

The first of the local soldiers of the state guard to leave for the encampment at Gettysburg departed last evening in special trains over the Pennsylvania and the Baltimore & Ohio. These were the details from the companies of the Tenth, Fourteenth and Eighteenth regiments and Battery B, who go a day ahead of the rest of their commands to prepare for the others' coming. The Second brigade staff also left last evening.

Considerable enthusiasm attended the gathering and at the Union station there was some military display when the details were marched into the big space between the station and the gates, and again when they were marched to the train. Everything was accomplished in good order and the trains departed with their heavy loads at the scheduled time.

The members of the Second brigade staff left over the Pennsylvania. In the party were Maj. S. W. Jefferis, inspector; Maj. W. L. McLean, commissary; Maj. S. C. Milligan, surgeon; Maj. J. R. Robertson, assistant adjutant general; Capt. W. L. McNary, aid, and Sergts. F. J. McLean, J. W. Fulton, E. E. Grim and Marshal Phipps.

The detail of the Tenth regiment was in command of Capt. Blaine Aiken, quartermaster. In the detail at the Water street station of the Baltimore & Ohio were nine men from Company A, 12 men, including First Lieut. C. H. Powell, from B company, 9 from H, and 9 from K. At Connellsville these details were joined by Capt. Richard Coulter of Greensburg and Lieut.-Col. Everhart Bierer, with details of 9 from each of companies I, D, E and C.

The detail from Battery B also went over the Baltimore & Ohio. There were 12 men in charge of Lieut. J. T. Purucker. The detail took the field equipment with it.

The detail of the Fourteenth regiment comprised 76 men and traveled over the Baltimore & Ohio. The officers in charge were Capt. Murray G. Livingston, quartermaster, and Capt. A. L. Crookston of Company A. The hospital wagon and canvas of the regiment were taken along.

The detail of the Eighteenth went over the Pennsylvania. It was in charge of Capt. W. K. Reifsnyder of Company E and comprised 82 men. The commissioned officers with the detail were First Lieut. R. J. Morgan, Company F; Second Lieut. F. J. Hatch, Company G; Capt. Robert W. Bissell, quartermaster, and First Lieut. Edward Stieren, assistant surgeon. They will be joined along the route by details from companies of the Fifth, in charge of Quartermaster D. M. Caldwell.

On a later train went the detail of 10 from the Second Brigade band, in charge of Sergt. August Hauser.

Much enthusiasm is expected this evening when the full regiments march to the stations to start for the encampment. It is a yearly scene, which attracts large crowds on the streets.

Verona Bond Issue Money Paid.

Verona council has received the money from the issue of improvement bonds authorized at the last election. The total of $45,000 will be used for grading and paving streets, and the building of a new sewerage system. The bonds were all bought by the First National bank of Verona.

DIP IN SALT SEA THE CHIEF EVENT AT OYSTER BAY

President Takes the Whole Family for a Swim Just Before Luncheon.

SECRETARIES KEPT BUSY

Two Heavy Sacks of Mail Add to the Labors of Cortelyou and His Assistants—Cabinet Members Are Expected.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Oyster Bay, L. I., July 9.—It was just before luncheon that the president, Mrs. Roosevelt and their children walked down the winding walk from Sagamore Hill to their bath house on the little beach beside the bay at the foot of the wooded hill. The entire family went in bathing. The heat was oppressive and the family seemed refreshed by their dip as they returned home.

Mail addressed to the president's summer home is increasing day by day. Its volume was enormous today and the messengers carried two bags with sides nearly bursting.

Mr. Cortelyou, the president's secretary, and his assistant, William Loeb, Jr., spent the entire morning going over the mail, making the president acquainted with all important matters and receiving his instructions. They were kept so busy that they did not drive to the offices in the bank building until 4 o'clock p. m. On their arrival they noticed that for the first time a big new American flag had been run up on a flagstaff on the building. A fourth room has been added for the use of stenographers.

There were no visitors at the president's home during the day. President Roosevelt has informally invited the members of his cabinet to visit him at his Sagamore Hill home. It is understood that they will avail themselves of the opportunity to come to Oyster Bay at their own and the president's convenience. It is expected that Secretary Root will arrive in a few days. The president is kept in close touch with departmental affairs in Washington and almost hourly during the day is in communication with members of the cabinet.

PITTSBURGHERS IN $8,000,000 GAS DEAL

Union Natural Gas Company Takes Over Six Pennsylvania and Ohio Concerns.

The Union Natural Gas Company, recently incorporated under the laws of Delaware, by Pittsburghers, is taking over six of the most important independent natural gas concerns in Western Pennsylvania and Eastern Ohio. The new company will have a stock issue of $6,000,000 and bonds of $2,000,000. A new pipe line system is being extended to carry the gas from the greatest source of supply in Lewis county, W. Va., through eastern and north central Ohio and this will feed Mansfield, Marion, Galion, Crestline, Bucyrus and Upper Sandusky, O., and other towns of that section.

The concerns absorbed by the new company are the Manufacturing Gas company of Bradford, Pa., the Warren & Chautauqua Natural Gas company of Warren, Pa., the Logan Natural Gas company of Lancaster, O., the Newark Natural Gas company of Newark, O., Buckeye Natural Gas company of Circleville, O., and the Athens Natural Gas company of Athens, O.

The combined interest, the Union Natural Gas company, has organized by electing the following directors: Charles Donnelly, T. N. Barnsdall and Charles E. Speer of Pittsburgh. P. W. Lupher and S. A. Wheeler of Lancaster, O. Henry McSweeney of Coil City and Gardner W. Kimbell of Wilmington, Del.

Society

A DETERMINED little band of women met yesterday morning in Horne's parlors for other purposes than shopping at bargain counters and gossiping. They met to discuss sanitary conditions throughout Pittsburgh and Allegheny. It was a meeting of the sub-committee of the permanent civic committee, composed of club women, Mrs. Franklin P. Iams is chairman of the sub-committee, whose purpose is the investigation and study of the sanitation of the city together with all those other subjects, the garbage question and the street cleaning problem, so closely akin to the sanitary condition.

Mrs. Iams has appointed certain members of the committee to study the prevailing conditions in every section of Pittsburgh. Mrs. W. P. Price is subchairman of the Allegheny district. Reports were presented yesterday by these women inspectors. The chiefs of the various city bureaus are giving the women co-operation, and reports made by the women concerning various nuisances have been for the most part immediately met by the removal of the objectionable features. Mrs. Dr. Covert reported for Lawrenceville that her request for the removal of several objectionable and unsightly features in that district had immediately been complied with by the city officials.

The women are determined to continue the agitation over the vacant lot which lies just south of the Bedford avenue basin. The lot is owned by the city and has been made a dumping ground for refuse for all that section. The inspector for the Fourth and Seventh wards, Mrs. Charles Fairman, on her way to the meeting yesterday morning, saw fresh garbage emptied upon the lot. Its appearance is unsightly and its condition unhealthful to the surrounding community, and the women are urging a general cleaning up of the place. It is proposed to open the lot as a recreation park next summer. This could not be accomplished this year because of lack of funds, but in the meantime the women cannot see why city property should not be cleared of the objectionable piles of refuse which are deposited there.

Mrs. Fairman also reported yesterday a better general condition prevailing in Clay alley. Several cellars which were reported to the bureau of health and the bureau of highways and sewers as foul and filthy have been cleaned during the last two weeks.

Mrs. Robert Coard is looking after the Soho district, which she finds much better than she anticipated. On the high hills of Soho where there is no lack of ventilation there is little disease and sickness. Mrs. Coard, however, observed many open receptacles for refuse from which steam was rising during the hot days. Whole families seemed to congregate about them.

A well-known attorney has volunteered his services should the women consider it necessary to bring suit against the city as they pursue their systematic course of investigation. At present they are devoting themselves to the study of sanitary conditions more than to a discussion of the garbage question and the cleaning of streets. Upon good authority the committee has learned that in addition to the $50,000 which the city pays for the collection of garbage the contractors make a goodly sum in the sale of the stuff for use as a fertilizing material. In some cities contractors pay for the privilege of collecting garbage.

Notable Wedding at Beaver.

The wedding of Miss Louise Patterson of Beaver Falls and William Edgar Leedy of Youngstown was solemnized last evening at the home of the bride's mother, Mrs. Jane Patterson. The bride and groom, who were unattended, stood in an alcove banked with green and white flowers. The Lohengrin wedding march was played and the officiating minister, the Rev. Amos Bannister, rector of the Episcopal church of Beaver Falls, used the full church service. The bride, who was given away by her brother, H. H. Patterson, an attorney of Pittsburgh, wore a gown of white mousseline de soie and duchesse lace, over white taffeta, made with full court train, and carried white roses. The ribbons were tied by her sister, Miss Jean Patterson. The gifts were of rare beauty and worth. The bride is a popular society girl of Beaver county and Pittsburgh, and Mr. Leedy is a well-known business man of Youngstown. After an extensive lake trip Mr. and Mrs. Leedy will be at home to their friends in Youngstown. The guests included only the relatives of both families and the immediate girl friends of the bride. Those present from a distance were Miss Mary P. Shallenberger, Washington, D. C.; Miss Catherine Stewart, Butler; Mrs. Howard Stewart, Parkersburg; Miss Margaret Wisener, Cleveland; Mr. and Mrs. Edmond Arthur, William B. Kirker and Mrs. Nancy Kirker, of Bellevue; Mr. and Mrs. S. S. Wales, Munhall; Dr. and Mrs. Howard Havin, Mr. and Mrs. S. Sinonton, and Mr. James Ferrington, of Youngstown, and Miss William Leedy, the Misses Leedy and Messrs. Charles and George Leedy, of the groom's family, also of Youngstown.

Gone to Europe.

Among the passengers who sailed yesterday on the Philadelphia from New York were Mr. and Mrs. Henry Chalfant, who will spend the summer abroad. Andrew W. Mellon sailed on the same ship to join his wife, who sailed from New York 10 days ago to visit her old home in England.

Mr. and Mrs. S. W. B. Moorhead of the East End are visiting Mrs. Rodman Wister, Mr. Moorhead's aunt, at her country place in Germantown.

Mr. and Mrs. Frederick D. Davies, who have been the guests of Mr. and Mrs. Luther Kountze at their country house, Morristown, N. J., have returned to New York.

Mrs. Dunglison of Philadelphia is visiting her daughter, Mrs. William Sill Foster, at her home in Shady avenue, East End.

Mr. and Mrs. John G. Holmes are in New York for a few days.

Weddings at Washington, Pa.

A quiet home wedding last evening was that of Miss Mary Emma Zelt, daughter of Mr. and Mrs. Jacob Zelt, of Washington, Pa., to Chester Wilmot Blayney. The ceremony was performed by the Rev. James H. Snowden, of the Second Presbyterian church, in the presence of the intimate friends of the contracting parties. Miss Zelt belongs to one of Washington's oldest and most prominent families. Mr. Blayney is a veteran of the Philippine war, being a member of Company H, of the Pennsylvania regiments. He is now engaged in the shoe business in Washington.

At the Second Presbyterian church, in Washington, Pa., last evening occurred the marriage of Miss Daisy Dean Jackson, daughter of Mr. and Mrs. Dallas Jackson, of East Wheeling street, to Harry Whiting of Jefferson avenue. Several hundred guests were present.

Picnic at Kennywood.

A large number of people went out to Kennywood park yesterday afternoon and evening to attend the picnic of the Wimodausis club. During the afternoon euchre was played on the second floor of the casino and handsome prizes were contested for in the cool breezes which blew through the pavilion. Supper was served at 6 o'clock in the casino and at 8 o'clock the dancing pavilion was reserved for the Wimodausis club and its guests, who occupied it exclusively throughout the evening. The picnic was a success and netted a good sum to add to the building fund for the new woman's clubhouse which the Wimodausis club proposes building or buying in Pittsburgh in the near future.

Reception to Their Rector.

The members of the Protestant Episcopal Church of the Atonement in Carnegie gave a reception last evening in honor of their new rector, the Rev. W. E. Allen, who has recently taken up the work of the parish. The reception was well attended. The Ladies' Aid society furnished refreshments, which were served by the younger girls in the parish.

Guedeman—Harris.

Miss Mathilde Guedeman of Center avenue and J. I. Harris of Forbes street were married last evening at the residence of the Rev. Lemuel Call Barnes, D. D., pastor of the Fourth Avenue Baptist church. Both the young people are members of the Fourth Avenue church. After the ceremony a reception was held at the home of the bride, followed by a supper. Today Mr. and Mrs. Guedeman will start on a trip, including Atlantic City, New York and Washington. The bride was attended last evening by a maid of honor, Miss Blanche Harris, a sister of the bridegroom. Leon Carrick was the best man. After their return from their wedding trip Mr. and Mrs. Guedeman will live in Knoxville.

Outings in the Parks.

The Sunday school of the Central chapel of the First Presbyterian church, in Forbes street, will hold its annual picnic at Rock Point on Monday, July 14.

The Fourth Avenue Baptist Sunday school and congregation go to Idlewild next Monday, July 14, for the annual picnic.

The first outing in Highland park this season conducted by members of Calvary Protestant Episcopal church, East End, was held yesterday. Sixty-five mothers and little children were given a day's outing, luncheon being served by the members of the church.

St. John's Hospital Lawn Fete.

The annual lawn fete of St. John's General hospital will be held today and tomorrow on the vacant property in California avenue, Allegheny, near High bridge. It will be given under the auspices of the Ladies' Aid society of the hospital.

PROPOSE TO FIGHT.

Glassblowers Take Up Injunction Case—Attack on Zionism—Atlantic City Happenings.

[SPECIAL TELEGRAM TO THE GAZETTE.]

ATLANTIC CITY, N. J., July 9.—The Green Glass Bottle Blowers' association has determined to fight to a finish in the injunction proceedings brought by the George Jonas Glass Company of Minatola against officers and members of the organization. In a speech before the convention delegates today President Dennis A. Hayes said that the liberties of all workingmen are endangered and that the glass blowers would take pleasure in conducting the fight.

Rabbi Meyer Opposes Zionism.

The disclosures of Rabbi Martin A. Meyer of New York, fellow of the American schools at Palestine, before the Jewish summer chautauqua this morning, were a sad revelation to the Jews in attendance.

"The condition of the Jew in Palestine today," he said, "is worse than it ever has been in the history of the world. The charitable Jews who have sent money there have not only wasted it, but they have made irredeemable paupers of their co-religionists.

"So far as Zionism is concerned in Palestine, it is a miserable failure. Instead of the country being fertile, as it has been represented to be, it is on one side of Jordan entirely treeless and waterless. There are no roads and none can be built. On the other side of the Jordan the land is more fertile, but the conditions there are such as to for all time preclude its being colonized by Jews. That part of the country is in possession of an Arab population that nothing can dislodge. On the whole, Palestine is a barren, deserted country, and not much good for the Jews."

Baron Rothschild, he said, did more harm than good to the Jews in Palestine.

Clung to the Buoy and Was Saved.

A yachting party, including the Misses Amy and Grace Berwick, said to be from Pittsburgh, went in a launch to the bell-buoy, two miles from land, for the purpose of being photographed. Miss Amy safely got back from the moss-covered buoy, but Miss Grace slipped and fell into the water; she clutched the supports and was soon rescued by her companions, escaping with a wetting.

Found More Coming to Him.

An Atlantic City defendant was greatly surprised in court at Mays Landing today. He had been sentenced to prison for one year for theft, thought it too severe, and made application for a review of the case. His petition was granted, his record looked up and the sentence was changed to two years in prison. He almost collapsed when the sentence was imposed.

CHILD LABOR DISCUSSED.

Miss Jane Addams Declares No Excuse Can Be Found for It. Great Harm Results.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CHAUTAUQUA, N. Y., July 9.—Miss Jane Addams give this afternoon to a large audience her second lecture on "Newer Ideas of Peace." She dwelt at length on child labor and sweat shops as

MISS JANE ADDAMS,
Famous Organizer of the Hull House Movement for the Poor of Chicago.

a means of deteriorating our commerce and depopulating our country. She said, in part:

"One reason why child labor is tolerated in America is that so many of our citizens are self-made men, who are satisfied with their attainments, and do not appreciate the value of education. Proprietors of mills and factories where children work give as an excuse that these children are supporting widowed mothers. In Chicago where these questions were agitated we chased down all those cases, and out of 2,321 children thus employed, over 2,000 had stalwart fathers, and only 68 widows were to be considered. And these could not possibly live on the 10 or 20 cents a day the child received for 12 house' work.

"In the south, where children as young as 5 years work in the mills, the product was the coarsest kind of sheets for the Chinese army. What better could be expected with such unskilled labor, and no opportunity for improvement. It is the same thing in the sweat shops, no woman is able to keep a family on the wages given, and the family must be cared for by others and oftentimes so poorly that they soon lose all ambition and vitality and become inmates of our poor houses. The men or women who wear sweat shop garments are also objects of charity, for they get that for which they do not pay value.

"Aside from the inhumanity of all, it is such a stupid way to do. A proprietor uses a certain number of children until they are too old for his purposes. He then turns them into the street, without any trade or means of support, and demands another levy of children. What wonder that our prisons are full and criminals abound in this beautiful land? Let our patriotism extend to the children and the workers in sweat shops."

Mrs. Leishman Is Second.

NEW YORK, July 9.—(Special.)—Mrs. John G. A. Leishman, wife of the United States minister to Turkey, who received from the sultan of Turkey the grand cordon of the Order of the Chefakat, is the second American woman to be so honored. Mrs. Lloyd Griscom, whose husband is American minister to Persia, received the highest badge of the decoration from the sultan just before she and her husband left for Teheran early in the winter.

To Dedicate Carnegie Library.

The Carnegie library in Liberty avenue, McKeesport, will be dedicated next Tuesday afternoon. The Rev. Dr. J. D. Moffat, president of Washington & Jefferson college, will make the principal address. James Evans, president of the board of trustees, will accept the building on behalf of the city. The building is of stone and cost $50,000.

HERBERT'S "IDOL'S EYE" BY DUQUESNE STOCK CO.

Pleasing Revival of This Delightful Comic Opera at the Garden Next Week.

The members of the summer stock opera company at Duquesne garden will next week appear in the comic opera success, "The Idol's Eye." The production here will be almost identical with the one seen in New York, so far as scenery and general stage environment go. Among the principal members of the company who will be heard are Edith Mason, Thomas H. Persse, Charles H. Drew, Robert S. Pigott, John J. Martin, Mary Carrington, Eloise Bishop and W. G. Shelley, and the balance of the company.

The chorus will be augmented for this occasion, and Victor Herbert's merriest and greatest comic opera will be given such a production as will add to his merit as a composer. The scenic environment will be rich and quite in keeping with garrison and military life in India, where the scenes are laid.

There is a decidedly extravagant and reminiscent story to the opera which will give that funny and unctuous little comedian, Charles H. Drew, abundant chance to display his comedy talent. This clever actor will make his first appearance in this play, tumbling out of a balloon into the sea, out of which he swims and finds himself at an English military post in India.

In the palm garden Joe Bonnell, monologist and comedy singer, will be heard as an extra attraction at the conclusion of the regular operatic bill. This performer is new to Pittsburgh, but his great success in the east will doubtless be repeated here. There will also be the usual orchestral concert and selections by the mandolin quintet.

Again TWO SUPPLEMENTS will be given to the readers of the Sunday Gazette. A large beautiful picture and a children's cut-out booklet next Sunday.

R·I·PANS

I have been troubled with catarrh from my childhood, and have had many doctors and many different medicines. At night when I went to bed I could feel my nose clogging up, and then I had to breathe through my mouth, which made me very dry and often caused me sleepless nights. I could not find any relief until a friend called my attention to Ripans Tabules. I bought a box and took one after each meal, and gradually found relief in my breathing and sleeping. I also had numerous pimples on my face, which disappeared.

League Games Today.

New York at Exposition park.

It's a case of step up and take your medicine with all teams that stack up against the Pirates these days. The Phillies were up for their third dose yesterday, and they got what was coming to them to the time of 8 to 2, while 1,505 people looked on and applauded the act.

There have been much better games played here than that of yesterday, at least so far as the visitors were concerned. They started out with an air of bravado, but that was knocked out of them in a short time and after that they were as meek as lambs. The game for the four innings was something of a contest, but in the fifth the champions got their bearings and after that it was a procession.

Quakers Had a Bad Play.

Those Quakers when they take a notion can put up an article of ball that would bring a blush of shame to the cheeks of corner-lot players. They were in such a humor yesterday afternoon and the way they booted the ball about was a shame. The chief offender was red-headed Dooin, who must have thought from the way he threw the ball about that second base was located on the top of the middle field fence, and then there were others.

The champions were not content with showing up the visitors, but they also rubbed it in on their old college friend, Hughey Jennings, and put that poor throwing arm of his on exhibition. The offenders in this line were Clarke and Leach, who chased all the way from first to third on easy outs at first, and the reason was because Hughey could hardly loose the ball half way across the diamond. It was a mean advantage to take of a brother professor, still that's baseball.

Eddie Doheny was serving up the mixed drinks for the champs and Harry White, not the head of the Kiskimnitas, but the ex-Georgetown wonder, was the dispenser of curves for the visitors. Harry has long had a laudable ambition to throw the harpoon into Clarke's crew, but his arm was bad yesterday. He got his plans badly twisted and when he had time to study the thing out he found that beating the Pirates is a harder job than he calculated on. He certainly was a mark yesterday, and the champions had so much fun with his delivery that they were sorry when the final inning rolled around.

Just to Show the Difference.

On the other hand, Eddie Doheny was in fine pitching humor and as he had good speed and excellent curves, he made the Quakers look like a lot of third-raters. Just to keep his hand in, Chief Zimmer was doing the backstop work and the grand old man of the game put up a very clever exhibition. The Pirates gave Doheny excellent support, only this mistake being a little slip-up of Honus Wagner, which did not do any particular harm.

The Phillies were dead lucky to save themselves another shut-out and went tagging away until the seventh inning before they got a run. Then three hits, singles by Doom and Brown and a three-bagger by Billy Hallman, produced two runs. The champions got eight runs as a result of 12 hits and four errors. They started going in the first inning with one and wound up their run-getting in the seventh. The detailed score which follows tells the story. The score:

NOTES OF THE GAME.

Eddie Doheny not only pitched great ball yesterday, but he helped win his own game with the bat, working in a nice single and a two-bagger.

Sam Leever is likely to be called on today to pitch the opening contest against the Giants and Sparks or Evans will do the box duty for the visitors.

For the benefit of numerous inquirers it is once more stated that Doheny's name is pronounced as if it was spelled "Daugh-ney," and not "Do-ney" or "Do-heeny."

That Hulswitt boy is a very clever shortstop, but he is awfully tiresome with his "Good work, old man," which he shoots off on every ball pitched, no matter whether it is good or bad.

Al Buckenberger's Boston team has jumped Brooklyn and is now in second place in the league race. Buck's many Pittsburgh friends will be glad to see his team finish in that position.

Catcher Dooin gave a wild and varied exhibition of throwing to second base yesterday. He was shooting the ball all around the field and once he nearly knocked Umpire Emslie's head off.

Clarke and Leach put up exhibitions of fast baserunning when they went from first to third on easy infield outs. The players were not afraid to take chances because of Jennings' bum throwing arm.

That was another great game that Rube Waddell pitched for Connie Mack's team at Boston yesterday. The Butler county boy seems to be in better form than ever this year, and Connie Mack has a prize if he can only control him.

In the first inning Clarke drove a teaser down at Jennings and White ran to cover first base. The race between the Quaker and the Pirate was a close one, and a mix-up resulted in which the Quaker got the worst of it and dropped the ball resulted.

In the fourth inning while Wagner was coming from third on a short fly to Thomas in center, Doom covered the plate in such a way that a collision was unavoidable, and he got a good bump. Reddy grew angry and talked fight, but he was careful not to accept Honus' invitation to adjourn back of the grandstand.

There was a wild west show on the lot adjoining the ball grounds, and when the wild western scouts were engaged in the pleasant pastime of slaying hordes of Indians and the sounds of the rifles rent the air, Billy Hallman cried to the spectators: "Don't be afraid, that's only Lajoie and Delehanty making hits."

It is probable that Mugsy McGraw, the new manager of the New York team, will join the club in this city today and get into the game at third base. McGraw yesterday signed the contract to manage the Giants for four years at $10,000 per year, and he is to have all the money he wants to purchase new players. It also stipulates that Freedman must keep hands off.

Billy Hallman was guilty of a very stupid play in the sixth inning. Doheny was on second and when Davis drove a hot grounder down toward third Hallman gathered it in and could easily have touched Doheny out as he left on his way from second to third, but instead he made the try for Davis at first, but failed to get him, as Lefty was doing a fine bit of sprinting and turned his grounder into a base hit. Hallman scolded Childs and Hulswith for not yelling at him to get Doheny.

GAVE GAME AWAY.

Donovan Pitched in Great Form and Should Have Won.

CINCINNATI, O., July 9.—Hahn and Donovan indulged in a pitchers' battle today. Donovan allowed but three hits, but costly errors lost the game for the visitors. Hahn allowed but five scattered hits. Attendance, 400. Score:

Punxsy Beaten Again.

PUNXSUTAWNEY, PA., July 9.—(Special.)—Today's game was a nice contest notwithstanding the wet grounds. The score was a tie after the sixth inning until the last half of the ninth. Mahlin got to first on Clark's error, stole second when Ferrell struck out, and Lucas singled, bringing in the winning run. A feature of the game was McKinley's one-handed catch in left field. Varners Star Was Bumped.

The reorganized Iron City team downed Verner last evening in a hard-fought game at Friendship park. The I. C. A. C. boys batted Verner's star twirler, Shilling, all over the field, while the Verner sluggers got only two hits off Hilder. Iron City would like to arrange a game for Sunday next with some first-class team, the All-Collegiate preferred. Address Manager, 5104 Penn avenue.

Will Fight to a Finish.

NEW CASTLE, PA., July 9.—Billy Yourall and Lawrence Lutz will go to a decision before the Nonpareil Athletic club of Beaver Falls Wednesday evening, July 16, and many sports from here will see the battle. Billy Williams of this city and Joe McDonald of New York will have a preliminary to the big battle.

CLEVELAND COURT WON'T INTERFERE

JUDGE SAYS HE HAS NO JURISDICTION IN LAJOIE CASE.

The Proceedings Brought by Colonel Rogers Are Dismissed and the Players Will Remain With the Cleveland Club for This Season.

CLEVELAND, O., July 9.—Judge Wing of the United States circuit court today dismissed the proceedings brought by the Philadelphia National league club against Pitcher Bernhard to compel him to play with the Philadelphia club or not at all. The court held that it had no jurisdiction in the case, Bernhard being a citizen of the state of New York. The case of Lajoie was then taken up by the court.

The court then took up the cases of Lajoie and Flick and after a brief hearing dismissed them on the same ground.

FINE TENNIS PLAY.

Champions Had Hard Work to Beat Clothier and Ogden.

NEW YORK, July 9.—Two exceptionally fine matches were played today in the continuation of the round robin series of doubles on the courts of the Country club of Westchester. Ward and Davis, the nations' and international champions, found it necessary to play five hard sets before they defeated Clothier and Ogden. Darkness caused the match between Whitman and Ware versus the Wrenn brothers to remain unfinished. The Wrenns played an exceptionally strong game. They nearly took the first set, captured the second and were evenly balanced and stronger in the fourth when the match was stopped. Both teams lobbed with exceptional brilliancy and made many clever shots. The summary:

Round robin doubles—Holcombe Ward and Dwight F. Davis defeated William J. Clothier and Montgomery Ogden, 6-4, 8-10, 3-6, 6-3, 6-3; Malcolm Whitman and Leo E. Ware versus Robert D. Wrenn and George L. Wrenn, Jr., 8-6, 1-6, 6-2, 6-6. (Unfinished.)

YALE MAN BEATEN.

Harvard's Tennis Expert Won from Lindley.

NIAGARA ON THE LAKE, ONT., July 9.—The Canadian tennis champions were continued on the Queens royal courts today. In the open singles, McMaster of Toronto beat Patterson of Toronto and Leonard of Harvard beat Lindley of Yale. The other matches were postponed by thunderstorms. The scores:

Open singles, preliminary round—Irving Wright, Princeton, beat H. E. Avery, Detroit, by default. First round, A. C. McMaster, Toronto, beat E. R. Patterson, Toronto university, 7-5, 6-1. E. Leonard, Harvard, beat C. A. Lindley, Yale, 6-1.

Handicap singles, first round—R. G. Hunt, owe 15, beat A. N. McDonaldi half 15, 4-6, 6-2, 8-6.

E. Dickson (15) beat H. Florsheim (half 30) 6-3, 6-3.

THE TENNIS RESULTS.

Finals in Doubles and Single Will Be Played Today.

In the second day's play in tennis singles of the Allegheny Country club open tournament:

M. A. Christy beat D. C. Byers, 1-6, 6-2, 6-2. A. P. Simmons beat F. J. Orth, 6-1, 6-1. G. W. Nicola won from W. C. Robinson by default. Christy plays Nicola today, and the winner plays A. P. Simmons for cup tomorrow, medal going to runner up.

In doubles Orth and Simmons beat H. D. McCandless and S. N. Reiter, 6-1, 6-2. S. B. Sweitzer and M. A. Christy defaulted to Wadsworth and Boyd. Murray and Horstmann defaulted to Moorhead, and Rea and Clinton, L. Childs and Dr. F. W. Stevens also defaulted. Simmons and Orth meet Moorhead and Rea today, and the winners play the winners of an unfinished match between D. C. Byers and Dr. Alexander vs. G. T. Painter and W. C. Robinson. Two cups are offered.

Again TWO SUPPLEMENTS will be given to the readers of The Sunday Gazette. A large beautiful picture and a children's cut-out booklet next Sunday.

FASTEST TIME EVER MADE AT BRIGHTON BEACH

Eugenia Burch Won Montauk Stakes and Broke a Record.

STEEPLECHASE DEAD HEAT

Eophone and Inspector Stevens Finished Nose and Nose in a Furious Drive—Blues Again Showed His Great Speed and Won Easily.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, July 9.—In the fastest time ever made on the Brighton Beach track for the distance, five and one-half furlongs, Eugenia Burch came home a winner in the Montauk stakes today. The Ben Strome filly ran in 1:06 3-5, one-fifth of a second faster than Leonora Loring's record. She carried 110 pounds today and was third choice in the betting.

Injunction, from the Keene stable, was favorite, and Cinquevalli, an added starter, was second choice. Eugenia Burch broke in front and, making all the running, won by a length from Injunction.

For the first time in many days the public saw a dead heat in a steeplechase race. Eophone and Inspector Stevens, under a furious drive in the last quarter, came to the wire head and head. The judges were unable to separate them. The purse was divided.

One Good Thing Went Wrong.

Blues, at 1 to 10, galloped home an easy winner in the fifth race at one mile and a furlong. The Sir Dixon colt covered the distance in 1:51 2-5.

Woodlake, backed for a good thing to win the last race, finished last. Our Nugget was the winner. The summaries:

First race, for 2-year-olds, selling, 6 furlongs—Dramastat, 115, Shaw, 2 to 5 and 1 to 4, won; Semper Vivax, 112, Odom, 10 to 1 and 4 to 1, second; Bismuck, 112, O'Connor, 9 to 1 and even, third. Time, 1:15. Squid, President and Spare also ran.

Second race, high-weight handicap, for all ages, 5 furlongs—Irvable, 128, Shaw, 2 to 1 and 4 to 5, won; Remorse, 112, Wooderly, 6 to 1 and 2 to 1, second; Operator, 112, O'Connor, 5 to 2 and even, third. Time, 1:14. Rue, Excess, Neither One, Fair Knight, Honolulu, Delmarch, Paul Creyton and Marn also ran.

Third race, steeplechase, selling, short course, about 2 miles—Eophone, 141, Mara, 12 to 1 and 5 to 1; Inspector Stevens, 152, Ray, 11 to 5 and 4 to 5, Somerset, 154, G. Green, 9 to 5 and 7 to 10, third. Time, 4:34. Boisterous, Hickie, Facile, Trillion, Victor, Decameron, Carlew Bell and *Malachi also ran. *Dead heat between Eophone and Inspector Stevens. **Fell.

Fourth race, the Montauk stakes, for 2-year-olds, 5½ furlongs—Eugenia Burch, 110, Odom, 3 to 1 and even, won; Injunction, 117, Shaw, 3 to 5 and 1 to 2, second; Cinquevalli, 110, O'Connor, 11 to 5 and 4 to 5, third. Time, 1:06 3-5. Hackensack, Sailmaker and Jack O'Lantern also ran. Cinquevalli added starter.

Fifth race, for 3-year-olds and upward, 1 mile and a furlong—Blues, 120, Shaw, 3 to 10 and out, won; Wm. Kenney, 110, O'Connor, 20 to 1 and 8 to 5, second; Watercure, 107, L. Jackson, 10 to 1 and 2 to 5, third. Time, 1:51 2-5. Only three starters.

Sixth race, for 2-year-olds, 5 furlongs—Our Nugget, 109, J. Conley, 7 to 2 and even, won; Gold Van, 112, Jackson, 8 to 1 and 3 to 1, second; Jerry, 112, Shaw, 5 to 1 and 3 to 1, third. Time, 1:01. Knockwagon, Bernard, General Price, Bobbinet and Woodlake also ran.

The Brighton Beach entries for tomorrow:

First race, 1⅛ miles—Schoolmaster, 111; East Kelston, Dr. Korber, Anna Darling, 100; Dorio Belle, Phillis, 98; Double Quick, Carrier Pigeon, Easley Doc, Courtenay, 99; Knight Templar, The Beggar, Worry, Outsider, 96; Lady Iona, Adelaide Prince, 94.

THE DIAMOND SCULLS REMAIN IN OLD ENGLAND

Titus, the American Oarsman, Beaten in a Semi-Final Race.

WAS EASILY OUTROWED

His Opponent Had Not Only an Advantage in Weight, but Also in Course—Argonaut Crew of Canada Was Also Beaten.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

Henley, England, July 9.—In spite of a dull, threatening morning exceptionally large crowds assembled here today to witness the second day's racing of the Henley regatta. Interest in the meeting was vastly enhanced by the danger of the diamond sculls and the grand challenge cup crossing the Atlantic. Americans and Canadians were present in force to support their respective compatriots. Henry White, secretary of the United States embassy, and Mrs. White, were present to see their son, "Jack," row No. 3 in the Eton boat in the contest for the ladies' challenge plate. Several other members of the embassy accompanied Mr. and Mrs. White.

The wind was sufficiently strong in the forenoon to churn the water. It blew directly off the Bucks shore, giving the boats on that station great advantage. Some experts estimated that the station on the Bucks side was worth a full length.

The Canadians Were Games.

Like yesterday, the racing began at 12:30 p. m. The first contest was the fourth heat for the grand challenge cup. Although the London Rowing club had the advantage of Bucks station and rowed in excellent form, Leander led all the way. London's spurt toward the finish proving fruitless. The time was very fast, considering the wind, supporting the generally accepted view that nobody knows what reserve power is possessed by the Leanders until they are hard pressed. The half mile time was 2 minutes, 31 seconds. The mile was done in 5 minutes, 30 seconds.

This opened the way for what was generally regarded as the most important event of the regatta, the Canadians' contest with third Trinity, the crack Cambridge crew, accepted by all as the British champions in the heats for the grand challenge cup.

The race was close and exciting to Fawley court. The Argonauts led to that point (half the distance), when third Trinity caught up, took command and finished in the splendid time of 7 minutes, 11 seconds. The Canadians, even when they were passed, hung on in the most spirited fashion and spurted time after time. But they were handicapped by the fact that they held the Berks side. The time for the half mile was 2 minutes, 27 seconds. Fawley court was passed in 3 minutes, 21 seconds.

Irish Crew's Tough Luck.

The third heat for the Thames challenge cup was a great struggle. The Irishmen would have won but for their disadvantage of station. The Dublin crew got off first and still led at Fawley court, after which Cambridge gradually drew level. A neck-and-neck race ensued and the Englishmen won by a narrow margin.

Both crews struck 40 for the first minute and raced nose and nose. At Fawley Court third Trinity forged a quarter of a length to the front, rowing grandly. The collegians drew away gradually, amidst the greatest excitement. The Argonauts were loudly cheered at the finish.

For the succeeding race, the heat for the diamond sculls, C. S. Titus of the Union Boat club, New York, was a warm favorite, but he was rowed to a standstill to the surprise of every one. The American was heavily handicapped both in his station, which was the Berks side of the river and the superior weight of his opponent, F. S. Kelley, Balliol college, Oxford, who had 21 pounds advantage. The Oxonian led the way from the start and was three lengths ahead at Fawley Court. He maintained this distance and paddled home an easy victor. Kelley started with cutting down tactics. He put in 38 strokes in the first minute to the American's 35. The Oxonian went to the front forthwith and gained a quarter of a length in the first quarter mile. At the half mile he was one-half length to the good. He had then racked on over a couple more lengths and Titus' fate was apparent, as he was completely outrowed. Kelley's turn was 8 minutes 38 seconds.

Kelley Had Great Advantage.

Experts estimated that the Bucks station was worth a couple of lengths to Kelley. After the half mile, however, Titus never flattered his supporters and Kelley paddled home a winner by a distance variously estimated at three to eight lengths. Titus was badly used up at the finish.

The Hadley boys made a great show in the fourth heat for the Ladies' Challenge plate. So far as Fawley Court the race was neck and neck. University college, Oxford, then shot ahead and gained a length advantage which was doubled in the last half mile.

In the ninth heat for the diamonds, R. B. Etherinto-Smith of the Leander Rowing club took the race in hand from the start and easily beat J. Beresford, Kensington Rowing club. Smith did no more than paddle the last half mile to slow time. The contest was no criterion as to what he may be able to do in the final against Kelley.

The day's sport was concluded with the two heats for the Wyfold challenge cup.

The American Boy Is Spunky.

In an interview this afternoon Titus said that Kelley won fairly and squarely and that he had no complaint. He said he could not get rowing until he had cleared Temple Island, and that then a strong wind almost stopped him. "There is no denying the fact," said Titus, "that Kelley gradually dropped me, and when I tried to spurt a strong wind took everything out of me."

He says he intends to leave his boat in London and to row again at Henley next year.

East Liverpool Beaten Again.

JOHNSTOWN, PA., July 9.—(Special.)—A heavy rain fell just before today's game, but rather than disappoint the crowd the teams played on a wet field. Williams did not let himself out, but had the visitors well in hand throughout. Ganier's playing at shortstop was a feature. Score:

TOO FAST FOR TIMES.

The Gazette's Ball Team Won a Fine Game.

The Times and Gazette baseball teams played a game of ball at the South Side High school grounds on Carson street yesterday afternoon. The two teams are old antagonists and the game was exciting. The honors of the day were carried off by The Gazette battery, Grimes and Bombe, who together won the game. Following is the score:

RUSSELL SAGE TRIES TO CRAWL OUT OF BIG HOLE

Denies That He Is Aiding Attack on U. S. Steel Bond Conversion.

THEN DENIES HIS DENIAL

At Least, He Has His Name Removed from the List of Litigants—Gave His Proxy to Vote With the Morgan Interests.

[BY PRIVATE WIRE TO THE GAZETTE.]

New York, July 9.—The litigation against the United States Steel Corporation, at least that part bearing on the suit brought by J. A. Hodge and others, to restrain the combine from carrying out its stock conversion plan, took on a peculiar turn today. It developed that Russell Sage authorized the use of his name as a party plaintiff, but later on regretted his action, and today requested the law firm of James, Schell & Elkus to withdraw his name. The general opinion in Wall street is that David Lamar, one of Wall street's most conspicuous manipulators, is back of the litigation. This he denies, adding, however, that he believes the suits to enjoin the carrying out of the bond conversion were brought in good faith. When the news that Mr. Sage had become a party in the suit came out Mr. Sage issued this remarkable statement:

"I have not authorized by name to be used in the matter at all. I don't know that it has been used excepting from the rumors that have been brought to me. I am one of the largest stockholders in the United States Steel Corporation, and I would not attack my own property. I gave my proxy and voted for the bond conversion plan, and so cannot appear as a complainant in an action to prevent it."

His Denial Is Denied.

Abram I. Elkus of the law firm of James, Schell & Elkus, issued the following statement late today:

"With reference to the statement that Mr. Sage did not authorize my firm to have him intervene as a party plaintiff in the action brought by Hodge and others against the United States Steel Corporation, Mr. Sage informs me just now that he did authorize me to take the proceeding, but he finds he gave his proxy to Mr. Morgan to vote for the issue of the bonds, and, therefore, has requested me to take the necessary proceedings to withdraw his name as plaintiff. The instructions to institute the proceeding were given to me personally by Mr. Sage and he confirms it by a letter."

David Lamar, who is said to be the ringleader in the litigation, called at the office of Russell Sage this afternoon, and later at the office of the law firm of James, Schell & Elkus. When asked whether or not he was involved in any way in the steel litigation he replied that he was not. However, he admitted that he approved of the suits.

"Is there some motive back of the suit that has not appeared?" Mr. Lamar was asked.

"I think there undoubtedly is," he replied, "but I am quite sure that the last suit is not one of the so-called 'strike' suits. In other words, that it is not a suit brought in order that the plaintiffs may be bought off or placated. I am convinced that an entirely different motive inspired Mr. Hodge and his associate in bringing the suit. I know nothing about the suit brought for the purpose of restraining the steel corporation from paying dividends on the common stock."

Work of Manipulators.

Representatives of the United States Steel Corporation declared that if a suit is brought to restrain them from paying the last dividend declared on the common stock their position, so far as the suit to prevent them from carrying out the stock conversion plan, will be greatly strengthened. They say they can convince the courts that the organized attack against the corporation is being conducted by a clique who have no other object in view than depressing the steel stocks, and that they are determined to expose the methods of the opposition, which is injuring the holders of practically all the capital stock of the corporation by litigation inspired for speculative purposes.

It is on account of the large earnings of the corporation, which show conclusively the ability to pay the 7 per cent common stock, that United States Steel officials are desirous of having instituted a suit to restrain them from continuing regular disbursements on the common stock. The steel corporation, based on its earnings for the last three months, is earning at the rate of $150,000,000 a year. If this rate is kept up the corporation, for the 12 months ending June 30 of next year, will be able to show undivided profits, applicable to depreciation, reserve fund, new construction or surplus, of over $84,000,000.

Credited to Gates Party.

The statement was made today that John W. Gates and his friends are now in control of the Colorado Fuel & Iron Company. A man claiming to have inside information was quoted as saying that the Gates party were large buyers of the stock on the break from par. One of President Osgood's friends contradicted the foregoing claim and added that the present management is in absolute control of the Colorado property, and intends to hold this position. The fact that the last meeting of the company was dominated by the Osgood party seems to be sufficient proof that the opposition lacks a majority of the stock.

Representatives of the anthracite coal operating companies express the opinion that shipments of anthracite coal will begin August 1, and that operations at the mines will be resumed before that date. In consequence of this belief some cargoes of anthracite coal are finding their way to this market and are selling at prices about $1 less than the highest that have prevailed during the present troubles. Stocks of soft coal held by speculators have also been released, causing the price of soft coal to decline 25 to 40 cents. The amount of coal which would have been taken out of the mines during the period in which operations have been suspended is estimated at 10,000,000 tons, the profits of which to both operators and railroads would not have been less than $10,000,000.

Some Added Expense.

In estimating the loss to the companies the expense of maintaining a police force and fencing and otherwise protecting the properties, variously estimated at from $2,000,000 to $3,000,000, must be added.

The imposition of a $500 fine on a large sugar refining company for the use of soft coal and the operation of the smoke nuisance has had no effect upon the demand for the small quantity of anthracite on the market. Coal dealers estimate that if all the manufacturing and power plants in the city were to seek to return to the use of hard coal there would not be enough of it to supply one eighth the demand. It is pointed out that the company which was fined is probably saving as much as the fine every day by the use of soft coal. There are a number of other plants in the city which use enough coal to make a fine of $500 or several of them a matter of small moment.

Speculators Again to the Forefront

STEEL ADVANCE LOOKED UPON AS A WARNING

May Be Notice to Opponents That the Stock Will Be Protected.

BEARS MAKE AN ATTACK

Renewed Effort to Raid Western Union on Account of the Pennsylvania-Postal Deal, and Sugar Because of Capital in New Opposition

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, July 9.—The selling of stocks today was obviously by the speculative element which bought previously on the prospect of a rise, their motive being, of course, to take profits. Whether any actual developments bearing upon values were considered is not clear, but there were one or two considerations which might be construed against a further advance in prices.

The marking up of St. Paul and New York Central, together with some of the soft coal stocks that were strong yesterday, is perhaps sufficiently explained as a measure of manipulation to facilitate the taking of profits elsewhere. Some of the high-priced industrials worked higher on what had the appearance of investment demand. The proposed suit to enjoin the payment of a dividend on United States Steel common came in for some vigorous denunciation as to its motives by officials of the corporation, and the advance in the stock was apparently intended as a notice to opponents of a purpose to protect the stock in the market.

Currency Movement a Factor.

Of the factors making for the selling side the continued heavy movement of currency to Chicago was an important one. Including a deposit of $500,000 at the sub-treasury for telegraphic transfer to Chicago and shipments by express, it is said that about $1,500,000 went that point from New York today. The exigencies of the corner in the July option in corn are supposed to account for this heavy movement. The large commitments believed to be held in the stock market by the managers of the corn corner occasion some uneasiness over the possible results of a failure of the corner, such as have accompanied many similar attempts in the past.

The day's weather news was considered to make a bad showing also for crop prospects, too much rain being indicated. The failure to advance the Louisville & Nashville dividend rate to a 6 per cent basis was a disappointment to some speculators who had acted on tips, but there was no general expectation of an increase.

Bears Attack Several Stocks.

As was expected after yesterday's exchange market movement, no export engagements of gold were announced. The unusually heavy government disbursements are favoring the money market. The prolonged advance in Missouri Pacific made the weight of realizing in that stock particularly heavy and the bears made a renewed attack, and also on Western Union and Sugar, the former on the termination of contracts with the Pennsylvania railroad, and the latter on the large capital embarking in opposition. Amalgamated Copper was sold on account of the declining tendency of raw copper.

The bond market was rather quiet and irregular. Total sales, par value, $2,275,000.

United States bonds were unchanged on the last call.

NEWS FROM THE MINES

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, July 9.—New York capitalists have sent a prospecting expedition to the old Warren district, Idaho, from which a great deal of gold was taken about 20 years ago. Under the crude methods of early placer mining a large amount of gold was lost, and miners believe that it will pay to rework much of the ground.

The Champion Company, operating in the Whitehorn district, Oregon, has put in a new five-ton air compressor and other machinery and improvements at the Rising Star mine. The company is preparing to run a tunnel into the mountains some 3,000 feet, which will tap the famous Tip Top ledge at great depth.

A strike is reported in the old Jordan at Bingham, Utah. Assays run from 3 to 18 per cent copper, $2 to $20 gold and good values in silver. The Samson has made connections with the second ore bearing channel. The ore, which is a sulphide, is in good paying quantities.

The New York and Nevada Copper Company has bought water rights at Georgetown, Nev., and will soon begin the erection of a 100-ton concentrator.

A correspondent at Lead, S. D., writes that Corporate Camp, which has been suffering from poor management for a long time, is reviving and will make a new record. On one day last week 40 location certificates were filed for ground in the district.

Joplin's sales last week were 10,193,180 pounds of zinc ore, valued at $159,824, and 797,940 of lead, valued at $10,643. Lead sold at $48 per ton all week; zinc brought $38.

The Dakota Mining & Milling Company is operating its 40-stamp low grading cyanide mill at Deadwood on ore from its mines in the Portland district at Bald Mountain. The cost of treatment at this mill is very close to $1.70 a ton, a low figure for the prices used. About 1,200 tons per day is the capacity of the mill.

On the Monitor, near Prescott, Ariz., there is a tunnel 25 feet long and a shaft 15 feet deep, both in ore body 7½ feet wide; this ore assays $27 60 per ton in gold and there is 25 tons of this value now on the dump.

The Black Warrior leaching plant near Globe, Ariz., has been shut down temporarily. Two reasons are assigned. One is a disagreement with the G. V., G. & N. railroad over freight rates, and the other a proposed enlargement of the plant.

The Imperial quartz mine on the south side of Bullion mountain, has been started up. Machinery for a ten-stamp mill is being hauled from Ione.

The Metal Market.

Local metal markets today were not active, but reflected slowly to firm tones generally. An advance in the English price of tin was responded to locally by an upturn of about 25 points, spot closing at $28 25@28 50 and firm in tone, with good demand. London closed at £120 10s for spot and £124 10s for futures. A decline of 2s 6d abroad in copper had no effect locally, prices here advancing slightly. Standard spot to August, closed at $11 67½@11 75. Lake, $11 50@12 1b; electrolytic, $11 62½@12 00, and casting at $11 15@11 05. London spot was finally £52 17s 6d and futures £53 5s. There was nothing of feature in lead either here or abroad, and prices were unchanged and steady locally, at $4 12½, and at London at £11 6s 3d. In spelter also the same general conditions prevailed, with the market firm here at $5 12½ and steady abroad at £19. English iron prices were steady and unchanged at Glasgow, but fractionally higher at Middlesboro, the former closing at 50s 6d and Middlesboro at 51s. In the local market the tone was steady, prices remaining as last quoted. No prices was named on warrants. No. 1 foundry, northern, $22 00@22 50; No. 2 foundry, northern, $21 00@22 00; No. 1 foundry, southern, $21 50@22 50; No. 1 foundry, southern, soft, $21 50@22 50.

BISBEE, ARIZ., July 9.—The Lake Superior buyers of the South Bisbee Townsite and Development Company have taken possession of the property and commenced to unwater the shafts. One of them is down 300 feet. The new buyers have paid $250,000 down, of which $150,000 was to go to the former owners, and agree to pay an additional $1,000,000 in two years. The distribution of the $150,000 is met by Bisbee stockholders by a flat refusal to take the money. There have been, it is claimed, an offer of $2,000,000 cash since the sale. There is a big fight on among the stockholders of the old company, some of whom say that $3,000,000 in treasury stock has been given, and they demand an accounting. The new owners are not interested in this.

The Copper Queen mine, running up to an enormous percentage, is the leader in Calumet and Arizona, which is owned by the same Lake Superior people. This company's 250-ton concentrating plant is nearing completion and will be making copper in the fall. A second 250-ton smelter will be added immediately.

In Calumet and Pittsburgh, owned by the same people, together with Pittsburgh and New York men, the deep levels already sunk, nearly 400 feet and are very much encouraged.

Dullest Day in the Local Stock Market in More Than a Year

BANK SHARES SHIFTED THEIR VALUE QUICKLY

Some Big Declines and Sharp Advances Followed the Efforts to Trade.

WINDOW GLASS STAGNANT

Crucible and U. S. Steels Almost Dormant—Fire Proofing Common Lower—Pittsburgh Coal Common Higher and the Preferred Lower.

The market on the Pittsburgh stock exchange yesterday was the dullest in a year or more, the sales being but a little over 1,600 shares, with one trade of $5,000 in bonds. The tone was irregular and as a whole rather heavy, though some good advances were made by a few issues. Individual prices, however, varied but little, for out of the 21 securities dealt in all but five went through the day without a fluctuation. The feature of the dealings was in the banking group, where, while the sales were small, some sharp advances and big declines were scored. Federal National bank sold two small lots at 135½, a gain of ½, and a small lot of the First National of Pittsburgh went at 650, a decline of $25 since the last previous sale, which occurred in June. There are tips out on the stock, however, to hold on for a "good thing" and if these prove true, sellers now will have regrets before the snow flies. Second National bank of Pittsburgh broke all high records by selling 17 shares at $866, a gain of 36. Dollar Savings Fund and Trust Company of Allegheny also made a new high record by advancing $10 to $270. Allegheny Trust lost 3¼ at 150 and Commonwealth Real Estate and Trust Company $8 at 225. The other members of the group were featureless. It was expected that the boom which prevailed in Window Glass common Tuesday would give the stock some show of life yesterday, but the announcement that the Independent Glass Company would ignore the Cleveland harmony meeting brought it to a standstill and practically nothing was done, the common selling but 89 shares at 63¼ and the preferred 50 at 93¼. In the steel issues matters were almost as bad. Crucible common and preferred and United States Steel preferred selling small lots at unchanged prices. United States Steel common did not sell and was only quoted at 38 bid. Fire Proofing common was fractionally lower on sales of 250 shares, but the preferred did not sell. Pittsburgh Coal common reacted near the opening, but rallied and closed ⅛ higher for the day at 25⅛ on sales of nearly 600 shares. The preferred went off ½ to 91½, despite the declaration of the regular quarterly dividend. Brewing preferred, Philadelphia Company common and Pressed Steel Car common were quiet, but firmer and higher. Pressed Steel Car preferred declined $1 to 85¼ on a small sale. In the quotations there was very little doing. The Electrics and Airbrake were practically unchanged. Standard Underground Cable advanced to $210 bid. United States Glass preferred advanced to 141 bid, or 2½ above the last public transaction in the stock in May. The fiscal year of the company ended with June 30, and the annual meeting will be held next month, when a 4 per cent dividend on the preferred stock will likely be declared. The common stock was higher at 34¾ bid. Bonds were very dull but steady.

The following is a complete summary of yesterday's official transactions on the Pittsburgh stock exchange. It shows the change in the closing selling prices, compared with the last preceding sales; the total sales of each security, the opening, high, low and closing prices and final bids and offers.

FINANCIAL DRIFT.

J. P. Morgan is expected home this week.

Hoag & Grier bid 31 for 500 Fire Proofing common near the close.

Near the close R. C. Hall offered 500 United States Steel preferred at 90¾.

McMullin was again a seller of Window Glass preferred; Miller sold the common.

The sub-treasury statement shows the New York banks have lost $1,038,000 since Friday.

Only one trade was made in the bond list, Henry M. Long selling $5,000 Brewing 6s at 110¾.

In the early dealings Sproul bid 3⅝ for 500 Marsden and McMullin 40 for 500 Philadelphia Company.

Consolidated Gas preferred advanced to 43 bid. The stock will be quoted ex-dividend 3 per cent the 10th inst.

There were 21 different securities traded in during the day, and all sold without a fluctuation in price except five.

The selling of Western Union, it is figured, is on the expectation that the loss of the Pennsylvania railroad business earnings may cause a reduction of the dividend.

A. J. Lawrence has recently been the principal seller of Federal National bank, and yesterday had that sold to himself as President of the one in National Fire Proofing common, selling 250 of the latter.

Hill & Co., promoters of the Pittsburgh Coal Company, opened the day with a sale of 200 shares of the company stock, at 25⅛. Later Barbour sold 300 shares; Sproul & Co. and McFarlane were the principal buyers.

After a long fight the stock of the Philadelphia Rapid Transit Company has been admitted to the regular list of the Philadelphia stock exchange. The contest was against listing a stock on which full payments had not been made.

Application will be made August 5 for a charter for the Castle Trust Savings & Trust Company by the following persons: J. G. Patterson, A. W. Osborn, F. C. Jones, Robert Smith, Leonard Riehl, John P. Stang, Richard S. Smith, William Bradley Cooley and A. G. Smith.

During the first half hour there were but 9 different trades in six stocks, with a total of 385 shares. From 10:30 to 12:30 the sales were 474 shares on the list among 7 issues and 7 trades. From 12:30 to 2 p. m. there were only three trades and three stocks, with a total of 65 shares. The total, therefore, until 2 o'clock, was only 922 shares.

The Third Ward German Savings bank, which will finish its second year July 22, is to be transformed into a trust company. The capital will be increased from $75,000 to $150,000, and it is anticipated that present holders will be given the privilege of subscribing 20 per cent of new stock at par. Harry Moore, together with William J. Payne, George A. Rane, Charles Ott and Frank I. Gosser, will apply for a charter for the new company July 31. The bank now has 1,100 depositors and about $400,000 in deposits.

The thirty-first semi-annual statement of the Verona Building & Loan Association has been issued by the secretary, La Rue Tiers, of Oakmont. The association has been very successful. Its 12th series of stock has just been retired. The total receipts of this association since its organization amount to $1,163,283.57. Cash on hand amounts to $1,81[illegible]. The present assets are $246,454.94, of which $236,375 is in mortgages, $2,287.54 is due from stockholders, $2,000 is in real estate and $1,811 is cash on hand. The price of subscribing $25 to the 100 pounds on tank plate. Some of the mills will take new business in steel bars at the prices and others want until near the end of the year for delivery at these prices. Meantime, buyers are offering premiums of from $3 to $8 the ton on finished steel, for earlier deliveries.

Bessemer iron, aggregating 5,000 tons, sold in the week past, brought out prices slightly above those of several weeks past. These sales were made for delivery in the last four months of the year and the price was $21.25 the ton at the valley furnaces.

Forge iron, amounting to about 2,000 tons, was sold at $21 to $21.25 the ton, Pittsburgh. The prospects are that this price will go higher.

Foundry Iron Sales.

Foundry iron sales of the week past were only for delivery next year. The sales for delivery in the first half of the new year, and amounting to 10,000 tons, were at from $21.75 to $21.90 the ton, Pittsburgh. There is an inquiry in the market for 10,000 tons additional for such delivery, and the price is now held at $22 the ton, Pittsburgh, as the minimum.

The new markets for coke, east and south, have brought the price on furnace coke at the Connellsville ovens to from $3.90 to $4 the ton. The new purchasers, who are clamoring for this material, find little to buy.

The price on domestic ferro-manganese is being held nominally at $52.50 the ton, with none selling, while the foreign product is offered at $50 the ton.

No sales of any consequence are being closed for steel. On the domestic product and for prompt shipment, the price is held at from $34 to $35 the ton for Bessemer steel billets.

The demand for wire rods is light by reason of the activity of the wire drawing plants. The nominal price is $36 the ton.

Nail Quotations.

Quotations on nails are unchanged as follows: For 200-ton and larger lots in standard sections, $28 a ton; $30 for carlots and $32 for less than carlots. $38, for 30, 35 and 40-pound rails in carlots; $39, for 25-pound; $40, for $20-pound; $42, for 16-pound, and $45 for 12-pound. Girder rails and T rails for traction use are from $38 to $40 a ton.

Some of the dealers of iron bars have purchased above the needs of their customers, with the result that the prices have been toned down slightly. Contracts for delivery in the second half of the year are coming in slowly. Prices now are from $1.80 to $1.90 the 100 pounds.

The scarcity of skelp continues. There have been reports of lower prices in pipe, but the more certain information is that the independent producers are asking higher prices. The prices on grooved iron skelp ranges from $2.15 to $2.25 the 100 pounds, and on sheared iron, $2.35 to $2.40 the 100 pounds. On steel skelp the price averages $2.25 the 100 pounds.

The price of muck bar is still held at $37 the ton.

Steel Bar Becoming Scarce.

Very little merchant bar is available within three months, with some of the mills having none to offer till near the end of the year. Pittsburgh producers sold about 3,000 tons in the week past. The base price of $1.60 the 100 pounds is being held for foward business by most mills, although some are demanding $1.70. Urgent buyers are offering as high as $2 the 100 pounds for small lots. Basic open-hearth bar is worth $2 the ton above the Bessemer bar.

The American Shipbuilding Company has taken over from the Union Iron Works its contract for a year, nearly a score of ships. It is dealing for its plates, the first inquiry being for 20,000 tons. These would be available in about three months, at the minimum price of the pool, but the shipbuilding company wants deliveries to start at once. Sales in the week past by Pittsburgh producers aggregate about 10,000 tons. Base prices remain: Tank plates, $1.60 for 100 pounds for plates up to 100 inches in width, and for extra 100 pounds for wide sizes; flange plates, $1.70 for 100 pounds; stillbottom steel, $1.80 for 100 pounds; locomotive firebox, not less than $2 higher; 2-10 inch plates, $1 a ton extra; gauged Nos. 8 and 9, $2 a ton extra; circles, $1.80 for 100 pounds.

Little Structural Available.

Little structural material is available before the end of the year. Sales of Pittsburgh producers in the past week amounted to about 10,000 tons. Base prices remain at $1.60 the 100 pounds.

Some of the heavier buyers of galvanized sheets are getting prices equivalent to less than discounts of 70 and 10 per cent on the old lists. The price on black sheets continues to range from $3.10 the 100 pounds on the No. 28 gauge. The mills can fill orders in about a month.

The tin plate price is held at $4 the 100-pound box.

Steel hoop prices continue at $1.90 the 100 pounds for lots of more than 200 pounds and $2 for lesser lots.

The fine merchant and crucible steel prices remain as follows: Tire steel, $1.80 for 100 pounds; toe calk, $2.25; spring steel, $2.75; slow tires, $2.10; rolled axle steel, $2.50 to $2.75; tool steel, $7 and upward, according to quality; cold-rolled shafting, 45 and 50 per cent off the list.

Scrap and Tube Prices.

Scrap prices are practically unchanged with sales heavy. The prices are: No. 1 melting stock, $21 to $21.50 the ton; No. 1 cast scrap, $18.50 and $19; No. 1 wrought scrap, $22.50 to $23; turnings, $15; borings, $12 to $12.50; old steel rails, $21.50; old iron rails, $26; steel rails for re-rolling, $24.

The leading producer continues the discounts on steel and wrought iron pipe as follows:

Hardware Trade Strong.

General conditions in the hardware trade seem to indicate the best summer business that has been seen in years. Trade in all lines is pushing out season goods and owing to the season being late, there is active buying to re-stock, with indications that the active buying will last during this month. The July demand for refrigerators, screen goods, freezers and goods of like kind, is the largest in years, owing of course, to the lateness of the spring season. Barbed wire, wire nails and heavy hardware are moving in excellent volume. The demand for builders' hardware and tools of various kinds continues very active. The Bindley Hardware Company furnishes the following quotations:

Wire nails, the keg in carlots, $2.70; less, $2.20; cut nails, in carlots, $2.80; less, $2.20; galvanized barbed wire, carlots, $2.90; less, $3.05; common carriage bolts, 60 per cent off list; machine bolts, 65 and 10 per cent off list; Juniata shoes, steel, $3.30; iron, $3.55; window glass in carlots, 90 per cent off list; window glass in less than carlots, 88 and 5 per cent off list.

Morgan & Co. will exercise their option on the Louisville & Nashville stock owned by John W. Gates and Edwin Hawley. Collateral for the 4 per cent bonds will be issued to take up the stock.

CAN GET MONEY BACK.

Order for Refunding Duties on Goods Shipped to Philippines.

WASHINGTON, D. C., July 9.—The treasury department today issued the first order under the new Philippine civil government act. That act provided that all taxes paid upon articles subject to internal revenue taxes, shipped to the Philippines since November 15, 1901, shall be refunded under regulations to be prescribed by the secretary of the treasury.

The principal articles upon which refund will be made are whiskies, beer and other vinous, spiritous and malt liquors and tobacco.

PITTSBURGH PRICES FOR FARM PRODUCTS

String Beans React to Higher Figures—Flour Slightly Lower.

Hay, Grain and Feed.

Continued easier feeling in the oat situation generally is accompanied another lowering of prices locally, all grades going off about a cent a bushel. Corn is unchanged, with the feeling perhaps a little easier than at the beginning of the week. Hay is firm, with quotations same as last reported.

Receipts bulletined: Pennsylvania lines, 3 cars hay, 5 cars oats, 5 cars corn, 3 cars feed, 1 car wheat; Baltimore & Ohio railroad, 4 cars hay, 1 car oats; Pittsburgh & Lake Erie railroad, 1 car hay; Pittsburgh & Western railroad, 1 car hay. Total receipts, 24 cars.

Following are the official quotations for hay, millfeed, corn, oats and straw, corrected by the superintendent of the Pittsburgh grain exchange:

Hay—Car, $[illegible]; wheat, $7 00@7 50; corn, $8 00@8 25.

Oats—No. 2 white, 60@60½c; extra, No. 3, 58@59c; regular, 58@58c.

Millfeed—White middlings, per ton, No. 2, $22 00@22 50; brown, $21 50@22 00; bran, $19 00@19 50.

Groceries.

Flour is moving out with a fair degree of activity at quotations from 5 to 10 cents a barrel lower than at the opening of the week. Easier wheat conditions brought about a reduction in flour prices and the action which has been followed here. Sugar is selling well, with prices unchanged, while coffee is slow, hot weather reducing consumption. Other staples are steady. Quotations:

Fruits and Produce.

Very heavy receipts of cantaloupes have marked the situation for a day or two, and many of them are of unsatisfactory quality. For really good stock top prices are readily obtained, but a wide range of quotations is necessary to cover the poorer grades, which are sold at very low figures. String beans have had a slight reaction, and are not quite so low in price as on Tuesday. Beets and radishes both show declines.

...ER WORKS AND RESERVOIR FOR MONESSEN

Burns & Martin Will Arrange Water Supply and Build 200 Houses.

NINETEENTH WARD SALE

David P. Black the Buyer of Diehl Property in Smithfield Street. Many New Houses for Allegheny and Oakland.

Burns & Martin, who purchased a large tract of vacant frontage at Monessen in the spring, are preparing to make improvements that will cost in the neighborhood of $1,000,000. The most important of these will be a water works system to supply water for the big plan of lots which these brokers have laid out on the ground purchased. The plan is located above the present water supply, and it is proposed to build a large reservoir and provide a modern system of water works that will furnish pure water at a very low cost. In addition to this scheme the owners are preparing to build 200 houses on their plan. These will be frame dwellings, containing five and six rooms each, and will cost on an average $2,500. The owners have secured the services of Architect C. H. Craig, who has lately withdrawn from the firm of Craig, Hodgens & Burns, to superintend the work. Mr. Craig now has an office at Monessen and is rapidly getting the plans in working order. The houses will be rushed to completion, as the new steel works that are locating at Monessen will require hundreds of new dwellings, to accommodate their employes.

Two Sales Amount to $21,000.

A colonial brick house, to cost at least $25,000, is to be built in the Nineteenth ward by John G. Trimble on a site bought by him yesterday. The proposed site is in two parcels, which together cost $21,500. The larger property formerly belonged to Joseph J. Mathews and consists of two lots, 60x156.5 feet, situated in Hays street and extending through to Samoan alley. The consideration was $18,000. The lots are improved with a good house. The other parcel was bought from H. S. A. Stewart for $6,500. It is a lot 50x150 feet, situated in the west side of Negley avenue near Hays street.

James P. Malone has purchased from Edward Murphy a triangular shaped lot, having a frontage of 113 feet in College avenue, 302.5 feet along the Pennsylvania railroad track and 322 feet on an alley. The property is improved and the consideration was $14,000.

John B. Lynch has sold to William Saut a lot, 25x88 feet, at the corner of Main and Chestnut streets, Fourth ward, Allegheny, for $10,500. The lot is improved with a 10-room house.

Wabash Purchases Closed.

The deeds were registered yesterday conveying to J. W. Patterson, chief engineer of the Pittsburgh, Carnegie & Western Railroad, two properties in Penn avenue for $43,200 each. One lot, 24x112 feet on the south side of Penn avenue, near Fourth street, was secured from Mary C. Thaw and the other lot, of the same size, adjoining, was acquired from Josiah Copley Thaw. Both properties are improved and were purchased through the agency of the Commonwealth Real Estate & Trust Company, as noted two weeks ago.

The same brokers yesterday delivered the deed for the property at No. 411 Penn avenue, to D. H. Wallace, for $78,000. The former owner was J. R. Tindle. The lot measures 30x120 feet, on the north side of the avenue, near Fourth street, and is improved with a three-story brick house and stable.

It develops that the buyer of the Jacob P. Diehl property, at the northeast corner of Smithfield street and Strawberry alley, the sale of which was reported in The Gazette yesterday, was David P. Black and that the deal was negotiated by the Real Estate Trust Company. The exact consideration was $58,800. The property was secured from the American Trust Company, trustee of the Diehl estate. It is said that Dauler, Close & Johns have no connection with the deal.

Rapid Building in University Park.

No plan of lots that has been marketed this summer is building up more rapidly than the University plan of J. Walter Hay, in Perrysville avenue, Allegheny. Lennox & McWilliams have the foundations laid for 17 houses in Burgess street. These will be frame dwellings of six and eight rooms each and will cost $3,000 each. The same contractors have seven more lots in the same avenue, which they intend to improve soon. Mr. Moorhead avenue Negley & Kieber have started three eight-room brick houses to cost $3,000 each. They will also build three cottage dwellings in the same avenue at a cost of $2,500 each. These will be built after the style of the Cleveland cottage houses, having four rooms on the first floor and two on the second floor. M. O. Spielman is preparing to build a $4,500 house in Ellwood avenue. The nearness of the plan to the city, only 15 minutes from Smithfield street, has drawn an excellent class of buyers, nearly all of whom bought for homes. Among the buyers this week are A. B. Crook, who secured a lot, 25x100 feet, in Lyons avenue, for $850, William L. Golder, who bought three lots in the same street for $1,050, and Charles Hipwell who purchased a lot in Fulmore avenue for $700. These sales were made through A. B. Hay, Jr., of Allegheny.

Bunch of Houses for Oakland.

J. E. O'Donnell is having plans prepared for 26 modern brick houses which he will build in Oakland. The dwellings will contain 10 rooms each and be handsomely finished, some of them being of the colonial and part of the reception hall type of architecture. The estimated cost of the bunch is put at $140,000.

Architect W. A. Thomas has awarded the contract to W. C. Wright for the W. J. Friday residence, to be built at the corner of Friendship avenue and Graham street, East End. The house will cost $25,000. The same architect has let the contract to W. B. Bennett for the store and apartment building to be built for H. A. Shafer in Forbes street, at a cost of about $40,000.

St. Clair street: Samuel Kelly & Co. sold for Mrs. Josephine Denholm of California to D. E. Weniger a 19-room brick house, lot 30x110 feet, on the north side of St. Clair street, near Black street, Nineteenth ward, for $6,500.

Forbes street: The Keystone Realty Company sold for W. W. Giffin to the East End Mantel & Tile Company a lot, 50x200 feet, on the north side of Forbes street, near Shady avenue, Twenty-second ward, for $7,500.

Hotel Changes Hands.

Fleming Park: The McKees Rocks Trust Company sold for George H. Crowell to Mrs. Elizabeth Henderson, the Hotel Ridgeview, at Fleming Park, for $5,500. The hotel is a frame structure containing 20 rooms, and stands on a lot 72x85 feet.

Woods Run: John C. Langfitt sold for Susan O'Brien to Thomas Williams a two-story frame house, lot 20x113 feet, on the south side of Kerr street, near Refuge street, Ninth ward, Allegheny, for $2,200.

Second avenue: W. J. White sold for Robert F. Jones to Bessie Gerber a three-story frame house, lot 16.5x120 feet, at No. 813 Second avenue, for $1,650 cash.

Winfield street: J. W. Sherrer sold for R. L. Findley to E. C. Robinson an improved lot, 24x89 feet, on the west side of Winfield street, Twenty-first ward, for $4,000.

Mifflin: W. R. Richter has bought from W. L. McKee and others, executors of the estate of Laughlin Gilday, an improved property consisting of 3.75 acres in Mifflin township, for $5,600. Mr. Richter will occupy the seven-room house on the property as a residence.

Homewood: H. G. Kaiser & Co., successors to Wunderlich & Kaiser, sold for S. A. Dickie to C. E. Lindeman a lot, 32.5x120 feet, on the south side of McPherson street, near Homewood avenue, Twenty-first ward, for $2,700 cash.

Allegheny: L. A. Clark & Co. sold to Edward White lot No. 12, in his plan of lots in the Tenth ward, Allegheny, for $1,000. The lot faces in Maple street and will be improved.

Lothrop street: Bingham S. Packard sold to John Murphy an improved lot, 33x150 feet, on the south side of Lothrop street, near Terrace street, Fourteenth ward, for $8,000. This is a part of the David Kirk property which Mr. Packard recently purchased.

Homer street: Minnie M. Ackley sold to Mrs. Minna B. Hardie an improved lot, 30x118 feet, on the south side of Homer street, near Haights avenue, Nineteenth ward, for $8,000.

Mahon street: Elizabeth C. Wood sold to Ada H. Wood an improved lot, 60x135 feet, on the north side of Mahon street, near Chauncey street, Thirteenth ward, for $8,500.

Scattering Sales.

Aurelia street: John F. Milton sold to Joseph Roscow an improved lot, 24x50.6 feet, on the north side of Aurelia street, near Luther street, Twentieth ward, for $4,500.

Roberts street: John E. Stang sold to Louis Kwalwasser a lot, 20x90 feet, on the east side of Roberts street, Eleventh ward, for $3,200.

Miller street: John G. Nankter sold to Jacob Sloan a lot, 20x120 feet, on the west side of Miller street, near Reed street, Eleventh ward, for $2,200.

Brownsville road: John Kierzensky sold to Mrs. Augustina C. Yekel an improved lot, 22x55 feet, on the east side of the Brownsville road, Thirty-first ward, for $750.

The Diamond Light Company took out a permit yesterday for a three-story brick power plant in the court off Diamond street, near Market street, to cost $10,000; Mrs. Annie Palmer, for a two-story frame dwelling in Fairmount street, Nineteenth ward, to cost $5,500, and L. G. Buske, for a two-story frame automobile stable at 715 Filbert street, to cost $250.

ADVISES MANY CHANGES.

Report of Army Board of Uniform Will Be Submitted to General Officers.

WASHINGTON, D. C., July 9.—Secretary Root had a conference today with Gens. Corbin, Young and Wood and reviewed the report of the board on uniforms. It was decided to send copies of the report to the various departments in order to obtain the views of general officers and heads of bureaus on the changes proposed.

The report advises that khaki be the field uniform in hot weather. For the full dress uniform, the board retains the chapeau for general officers, but discards it for all officers below that rank. The cavalry helmets are discarded, caps being suggested in their place. The gray campaign hat is retained. Officers and men alike in campaigns will use the khaki uniform.

HOSTILE FLEET READY TO ATTACK ATLANTIC COAST

Army and Naval Maneuvers of the Summer to Include Two Plans.

HIGGINSON AS DEFENDER

Will Command Vessels Ordered to Stop the Enemy—Coast Artillery to Be Kept on Edge Day and Night.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Washington, D. C., July 9.—The army and naval maneuvers, which will take place on the Atlantic coast this summer, are to be of two distinct sets. The first will be purely naval and will consume probably the first three weeks of August. Two or perhaps three vessels belonging to the North Atlantic station will represent an enemy's fleet and will attempt to elude a defensive squadron commanded by Rear Admiral Higginson and accomplish a landing at some point on the New England coast inside of limits not yet prescribed. The duty of the defending squadron will be to send out scouts to stop the "enemy's" vessels before they can reach the coast.

The vessels participating in these maneuvers will include the battleships Kearsarge, Alabama, Massachusetts and Olympia, comprising the North Atlantic squadron, as well as the Montgomery, Scorpion, Marblehead, Hist and such other vessels as can be spared at the time.

Some Marconi Experiments.

At these naval maneuvers the officials hope to experiment with wireless telegraphy if suitable arrangements can be perfected in time, and it is said there also will be experiments in coaling ship, transporting supplies and other comparatively minor features of naval warfare.

The second and more important set of summer maneuvers will consist of a naval attack on a point on the North Atlantic coast by a supposed hostile fleet, which attack is to be met by a joint defense by the army and militia, assisted by a small number of naval vessels detached for the purpose from the North Atlantic squadron.

Active preparations are in progress by the army for its part in the maneuvers. The defense will be under the general direction of the commanding officer of the department of the east, though the actual work devolves on the coast artillery, whose officers in the districts which are to be attacked will be in active command.

It has been determined that the attack will be made between New Bedford, Mass., on the east and the eastern defenses of Long Island Sound. This will include the artillery district of Narragansett, commanded by Col. Henry C. Hasbrouck, and the district of New London commanded by Lieut.-Col. J. M. K. Davis.

Points of Grave Danger.

The Narragansett district includes Forts Adams, Wetherill and Greble, R. I., and Rodman, Mass. The New London district is composed of Forts Trumbull, Conn.; Mansfield, R. I.; H. G. Wright, Michie and Terry, N. Y. The New York forts are situated at the entrance of Long Island sound and are located for the purpose of defending all the cities of the sound as well as the upper approach to New York city.

Not only will the defense consist of handling and firing the guns, but it will also be a test of the appliances, such as range finders, telegraphic facilities, signal operations and everything else that is necessary in a perfect seacoast fort.

Within the radius of the operations the army will have no notice where and when the attack will be made. The army must find that out for itself. The signal corps will be utilized for this purpose, as well as all telegraph and telephone stations along the coast. The navy will take every precaution to conceal the point of attack and the troops will be kept in readiness either for a day or night attack.

NATIONAL CAPITAL NOTES.

The navy department has accepted preliminarily the torpedo boat destroyer Perry, built by the Union iron works.

Secretary of the Interior Hitchcock authorizes a denial of the report that he is a candidate for the United States senate to succeed Mr. Vest of Missouri.

Samuel Boyd, aged 24, one of Admiral Dewey's orderlies on the flagship Olympia at the battle of Manila bay, was almost instantly killed at Magruders station, Md., by being struck by a train.

Charles J. Jones, popularly known as "Buffalo" Jones, has been appointed buffalo warden for Yellowstone park. Mr. Jones has devoted much attention to the preservation of the American bison.

The navy department has received a telegram from Lieut. Wenton of the trial board at San Francisco announcing that the torpedo boat destroyer Paul Jones made a maximum speed of 28.91 knots.

Clearance Times the Best of Times for Real Bargains.

And buying now means picking up bargains—and bargains mean anything away below the price it should be.

There's a half million dollars' worth of clearance bargains in this store to change hands this July month, and each is useful to some particular person.

Prices like these:

Embroideries.

We're constantly finding something of interest to women in this women's department, and here are several examples:

A beautiful lot of matched sets of Swiss and Nainsook Embroideries—this season's importations, marked from 10c to 75c yard. Just one-third less than what we formerly sold them for.

A lot of Swiss All-Overs—handsome designs in white and ecru. Those that sold for $3 now $2 a yard; those that sold for $13 now $9 a yard. Intermediate prices same proportion.

Women Who Like Fine Wash Dresses

need only come to the Suit department of the second floor to meet with what they have in mind. While there are hundreds of dresses much lower in price than what are mentioned here, these are specially named for women who want something specially good.

For $10 we can sell you Dimity Dresses that sold for $16.50. That is a pretty neat reduction, we think. Besides these dresses in the daintiest of colors, there are also white dresses of organdie.

That is of sufficient attraction without saying another word, but we must tell you of another lot of hot weather dresses:

For $12.50 dresses that sold for $18.50. There are white linen suits, trimmed with lace, and white organdie suits, trimmed with point de Paris lace. These have three-quarter sleeve and ribbon girdle.

This department is brimful of just as pronounced bargains.

Silk Coats for Travelers.

Most fashionable of feminine top garments. And they are being sold so much less than formerly.

Here's an idea, though we'll not say what they're worth.

Three-quarter length Pongee Coats—and also the 27-inch lengths—are selling for $18, $22, $25 and $28. Most popular traveling coat—nice for driving, too—that has been brought out this Summer.

Girls' Dainty Dresses Reduced.

Prettiest of Summer dresses as fresh and new as anything of Summer can be.

Trimmed in various ways with laces and velvet ribbon.

$2.75, $3 and $4.

Worth from $1 to $2 more.

Sizes for girls of four years and up to 12.

Paris Hats for Half Prices.

Any of the Paris beauties is yours for just half what it formerly sold for.

Hats that were personally selected by our buyer—the best examples of what the famed Paris milliners can produce.

And you can wear one of them and only pay half what lots of other ladies paid full price for.

Splendid for those who never wore imported Hats—but would like to.

Nice Shoes for Women and Boys

and the price is very much less than formerly.

$1.50 for women's dongola kid oxfords that sold for $2.50.

$2 for women's boots that sold for $3.

$1.90 for young ladies' box calf oxfords that sold for $2.50.

$2.25 for boys' low cut shoes that sold for $3.50.

Albatross Waists, $4.

Something nice to take along to the seashore. These are in blue, rose, green and white, and the effects are pretty tucks and stitching.

Fastened down front. Small sleeves with tucked cuffs. Stock of same.

India Silk Waists.

A new line that we lately bought because the prices were so considerate—much more so than we had previously found.

Choose at such small prices as $3.50, $4.50, $5 and up to $10.

Finished in various pretty ways with tucks and laces.
